

The background is a painting of a large, multi-arched stone bridge spanning a wide river. The bridge has several small, white, lantern-like structures along its top edge. The water in the river is dark and reflects the bridge. The overall style is somewhat somber and atmospheric, with a muted color palette of blues, greys, and earthy tones. The title text is overlaid on the lower part of the image, with 'WILLA CATHER' and 'ALEXANDER'S' in a bold, serif font, and 'Bridge' in a smaller, italicized serif font.

Alexanders Bridge:

Alexander's Bridge Willa Cather, 2007-01-01 Engineer Bartley Alexander appears to have a happy life in Boston with a successful career and a beautiful wife. He has been commissioned to design the Moorlock Bridge in Canada, the most important project of his career. With the onset of middle age, however, he grows increasingly restless and discontented so much so that while in London he recklessly reignites a love affair with the sweetheart of his youth, the Irish actress Hilda Borgoyne. Although the tryst allows Alexander to recapture an element that has been missing from his pedestrian life, the relationship torments his sense of morality and eventually proves disastrous. *Alexander's Bridge* explores the demands of Gilded Age society on the individual as well as the capacity of the individual to violate his own standards of integrity. This Willa Cather Scholarly Edition provides an illuminating new framework for Cather's debut novel. The novel is edited according to standards set by the Committee for Scholarly Editions of the Modern Language Association and presents the full range of biographical, historical, and textual information now available, complete with illustrations and maps. [Alexander's Bridge](#) Willa Cather, 2023-11-15 *Alexander's Bridge* was Willa Cather's first novel. It was originally published in 1912, then released a second time in 1922 after Cather had established her reputation. The second edition contained an author's preface. The book is about Bartley Alexander, a world-famous bridge designer who struggles with integrity and infidelity issues as he carries on an affair with his former lover Hilda Burgoyne. **Alexander's Bridge** Willa Cather, 2023-10-01 Willa Cather's first published novel set in Boston, London, and Paris is the story of a man unable to resolve the contradictions in his own nature. The central figures are Bartley Alexander, a world-famous engineer; his wife Winifred, a Boston society matron; and his former love Hilda Burgoyne, a London actress. Long considered an uncharacteristic production in the light of recent scholarship, *Alexander's Bridge* is seen to be closely linked to the body of Cather's work thematically as well as in its use of myth and symbol. Bernice Slote's introduction considers the circumstances of its composition and its relationship to the later novels, particularly *One of Ours*, *The Professor's House*, and *Lucy Gayheart*. The text has been entirely reset from the first 1912 edition. **Alexander's Bridge** Willa Sibert Cather, 2013-10-03 [Alexander's Bridge](#) Willa Cather, 2014-02-18 Bartley Alexander, a construction engineer, is a middle-aged man torn between Winifred, his demanding American wife, and Hilda Burgoyne, his alluring British mistress. Alexander's relationship with Hilda erodes his sense of honor and eventually proves disastrous when a bridge he is constructing begins to collapse. *Alexander's Bridge* is an instructive, thought-provoking study of a man's growing awareness of his loss of integrity. Newly designed and typeset in a modern 6 by 9 inch format by Waking Lion Press. **Alexander's Bridge** Willa Cather, 2004-12 Purchase one of 1st World Library's Classic Books and help support our free internet library of downloadable eBooks. Late one brilliant April afternoon, Professor Lucius Wilson stood at the head of Chestnut Street, looking about him with the pleased air of a man of taste who does not very often get to Boston. He had lived there as a student but for twenty years and more, since he had been

Professor of Philosophy in a Western university he had seldom come East except to take a steamer for some foreign port Wilson was standing quite still contemplating with a whimsical smile the slanting street with its worn paving its irregular gravely colored houses and the row of naked trees on which the thin sunlight was still shining The gleam of the river at the foot of the hill made him blink a little not so much because it was too bright as because he found it so pleasant The few passers by glanced at him unconcernedly and even the children who hurried along with their school bags under their arms seemed to find it perfectly natural that a tall brown gentleman should be standing there looking up through his glasses at the gray housetops
