Schmit, 2002-01-01 Exploring fundamental ways in which verbal expression in worship relates to aesthetic expression Clayton Schmit provides a vitally important book for all homiletics students and scholars Schmit explains that worship isn't just a sequence of holy words and he reflects theologically on the relationship between verbal and aesthetic expression demonstrating the aesthetic significance of verbal liturgical expression and the aesthetic responsibility of those who preach pray and lead in public worship Let Justice Sing Paul Westermeyer, 1998 LET JUSTICE SING begins with a survey that shows how justice is an urgent concern of recent hymn writers To discover if twentieth century Christians are the first to sing about justice past hymnic repertoires from the psalms to African American hymns are analyzed along with a couple related excursions The broader context for hymnody is then addressed especially in relation to worship art sentimentality and culture A final chapter suggests that Christians have always sung about justice that the message transcends the messengers that the most potent singing about justice keeps the whole Christian song intact and that removing justice from the whole loses it The book falls into three parts content context and the importance of justice within the warp and woof of hymnody *Envisioning the Word* Richard A. Jensen, 2005 In this one volume resource kit Jensen helps preachers use visual images creatively and responsibly How how much when what equipment use of teams relationship to exegesis different varieties of images sources all the essential topics and concerns are addressed here Jensen first discusses how vital if controversial image making has always been in Christian tradition and then demonstrates how preaching with images is both profoundly traditional and necessary to contemporary proclamation His work combines practical advice with religious reflection to enable preachers to help their congregations envision the Word anew The accompanying CD ROM contains not only the full text of the book and helpful study guide but links to the most helpful Websites and Web based sources of images *Encyclopedia of Women and Religion in North America, Set* Rosemary Skinner Keller, Rosemary Radford Ruether, Marie Cantlon, 2006-04-19 A fundamental and well illustrated reference collection for anyone interested in the role of women in North American religious life *The Preacher as Liturgical Artist* Trygve David Johnson, 2014-01-24 Trygve Johnson invites us to consider a new metaphor of identity of The Preacher as Liturgical Artist This identity draws on a theology of communion and the doctrine of the vicarious humanity of Christ to relocate the preacher's identity in the creative and ongoing ministry of Jesus Christ Johnson argues the metaphorical association of the preacher and artist understood within the artistic ministry of Jesus Christ frees the full range of human capacities including the imagination to bear upon the arts of Christian proclamation The Preacher as Liturgical Artist connects preachers to the person and work of Jesus Christ whose own double ministry took the raw materials of the human condition and offered them back to the Father in a redemptive and imaginative fashion through the Holy Spirit It is in the large creative ministry of Jesus Christ that preachers find their creativity freed to proclaim the gospel bodily within the context of the liturgical work of God

In addition to the rituals and guidelines on how to create one's own rituals, the book contains a number of short stories, hymns, prayers, quotations and poems to help ease women through the aging process. was thus involved not only in how Catholics gave flesh to their faith but in new ways of constructing their personal and collective identity Ultimately Mitchell employs the history of the rosary and the concomitant devotion to the Virgin Mary with which it is associated as a lens through which to better understand early modern Catholic history
