Erichsen, 2023-10-31 In *The Cremation of the Dead* Hugo Erichsen delves into the complex interplay between death rituals and societal values exploring the historical evolution of cremation practices The book employs a rigorous academic style seamlessly weaving together empirical research with poignant anecdotes that illuminate the cultural significance of cremation across various civilizations Erichsen's analysis not only contextualizes cremation within the framework of religious and philosophical thought but also critiques modern attitudes toward death challenging the reader to reconsider traditional burial customs in light of contemporary eco-consciousness and shifting societal norms Hugo Erichsen a distinguished cultural anthropologist and historian draws upon his extensive background in the study of funerary practices to craft this insightful work His previous research in archaeology and anthropology coupled with personal experiences surrounding death within his community have profoundly shaped his understanding of how societies navigate the loss of their members This convergence

of academic rigor and emotional intelligence lends authenticity to Erichsen's narrative making it not just informative but deeply resonant. For readers fascinated by the intersection of culture, history, and human experience, *The Cremation of the Dead* is an essential read. It invites contemplation on the legacies we leave behind and the myriad ways we honor those who have passed. Erichsen's insightful scholarship will appeal to both academic audiences and general readers alike, allowing for a richer understanding of our collective relationship with mortality. [Tolkien the Medievalist](#) Jane Chance, 2003-08-27

Interdisciplinary in approach, *Tolkien the Medievalist* provides a fresh perspective on J. R. R. Tolkien's Medievalism. In fifteen essays, eminent scholars and new voices explore how Professor Tolkien responded to a modern age of crisis, historical, academic, and personal, by adapting his scholarship on medieval literature to his own personal voice. The four sections reveal the author influenced by his profession, religious faith, and important issues of the time, by his relationships with other medievalists, by the medieval sources that he read and taught, and by his own medieval mythologizing.
