The Evolution of Love Sheldon W. Liebman, 2021-04-06 This book an examination of Judaism as it evolved over a period of approximately 1 500 years is an analysis of the Hebrew Bible and other ancient Jewish writings with special emphasis on theology and morality By the middle of the first millennium with the writing of Deuteronomy the Psalms and the works of the prophets Judaism had embraced the idea that God is a compassionate father that His relationship with His people is based on love rather than fear and that His response to their commission of sins is based on the assumption that they are capable of repentance and worthy of forgiveness In the final stage of its development culminating in the first and second centuries AD Judaism was understood to require its adherents to enact the will of God specifically to establish a community based on political economic and social laws that enforce the principles of justice and mercy And that process came to be seen as inevitably dependent on human agency the need for human beings to fulfill God's commandments In Judaism loving neighbors and strangers came to be understood as the principal and for many Jews the only way of loving God

The Freemasons' Magazine and Masonic Mirror, 1869 **Love and anti-Judaism in medieval English romance** Hope Doherty-Harrison, 2025-09-02 Love and anti Judaism is a new examination of medieval romance for the questions it poses of the most significant events in Christian history Providing new readings of Sir Gawain and the Green Knight Sir Orfeo Sir Gowther and Sir Amadace the book argues that romance explores depictions of love and the sacrifices it may necessitate in the Hebrew Bible especially where they do not easily fit into interpretations asserting that this history must prefigure Christ and the crucifixion An examination of anti Judaism as a discourse of violence and desire that could be turned inwardly to expose the irresolution in Christianity this book will provoke new investigations into the religious crises of medieval romance

Does It Matter Who Wrote the Bible? David B. Capes, 2025-05-20 Students in seminary or graduate theology programs learn that some books in the Bible are anonymous Their professors will make the point that many Pauline letters have disputed authorship and may in fact not be written by Paul Students will also learn about the practice of pseudonymity in the world of the Bible and how some Gospels or letters are written under a false name Now for those who become pastors or church leaders what are they to do with what they learn Do they teach their congregants about these authorship questions Do they ignore that part of their training as irrelevant to the task Do they avoid teaching or reading publicly from disputed books Do these questions not matter in the end because the church settled on the canon This book aims to address these pastoral challenges An international group of scholars from universities seminaries and graduate theology programs

convened to discuss these matters at the Lanier Theological Library in May 2022 These essays represent how many faculty are wrestling with the pastoral implications of anonymity and pseudonymity in the New Testament
