Finding Purple America Jon Smith, 2013-05-01 The new southern studies has had an uneasy

relationship with both American studies and the old southern studies In *Finding Purple America* Jon Smith one of the founders of the new movement locates the source of that unease in the fundamentally antimodern fantasies of both older fields The old southern studies tends to view modernity as a threat to a mystic southern essence a dangerous outside force taking the form of everything from a bulldozer revolution to a national project of forgetting Since the rise of the New Americanists American studies has also imagined itself to be in a permanent crisis mode seeking to affiliate the field and the national essence with youth countercultures that sixties leftists once imagined to be the future Such fantasies Smith argues have resulted in an old southern studies that cannot understand places like Birmingham or Atlanta or cities at all and an American studies that cannot understand red states Most Americans live in neither a comforting premodern Mayberry nor an exciting postmodern Los Angeles but rather in what postcolonialists call alternative modernities and hybrid cultures whose relationships to past and future to stability and change are complex and ambivalent Looking at how the South has played in global metropolitan pop culture since the nineties and at how southern popular and high culture alike have in fact repeatedly embraced urban modernity Smith masterfully weaves together postcolonial theory cultural studies Lacanian psychoanalysis and surprisingly marketing theory to open up the inconveniently in between purple spaces and places that Americanist and southernist fantasies about who we are have so long sought to foreclose

[Stop Mugging Grandma](#) Jennie Bristow, 2019-08-13 A decisive intervention in the war between generations asking who stands to gain from conflict between baby boomers and millennials Millennials have been incited to regard their parents generation as entitled and selfish and to blame the baby boomers of the Sixties for the cultural and economic problems of today But is it true that young people have been victimized by their elders In this book Jennie Bristow looks at generational labels and the groups of people they apply to Bristow argues that the prominence and popularity of terms like baby boomer millennial and snowflake in mainstream media operates as a smoke screen directing attention away from important issues such as housing education pensions and employment Bristow systematically disputes the myths that surround the generational war exposing it to be nothing more than a tool by which the political and social elite can avoid public scrutiny With her lively and engaging style Bristow highlights the major issues and concerns surrounding the sociological blame game

The Radiant Hour Neil Campbell, 2000 Taking the title from an American studies course at the University of Derby scholars and writers there and in North America enter the debate over the meanings of youth representation in American culture emphasizing the ideological nature of youth and its centrality to a complex reading of popular culture The eight essays examine issues of gender race and sexuality as central to the construction of youth identity and to the other significant relationships between youth and authority Distributed in the US by David Brown Book Company c Book News Inc

that always arrive in the same order and each last about twenty years The last of these eras the fourth turning was always the most perilous a period of civic upheaval and national mobilization as traumatic and transformative as the New Deal and World War II the Civil War or the American Revolution Now right on schedule our own fourth turning has arrived And so Neil Howe has returned with an extraordinary new prediction What we see all around us the polarization the growing threat of civil conflict and global war will culminate by the early 2030s in a climax that poses great danger and yet also holds great promise perhaps even bringing on America's next golden age Every generation alive today will play a vital role in determining how this crisis is resolved for good or ill Soldier Snapshots Jay Mechling, 2021-08-10 In Soldier Snapshots Jay Mechling explores how American men socially construct their performance of masculinity in everyday life in all male friendship groups during their service in the military The evidence Mechling analyzes is a collection of vernacular photographs snapshots of and by American soldiers sailors Marines and aviators Since almost all of the snapshots are photographs taken of men by other men this book offers a unique view into the social construction performance and repair of American masculinity Mechling guides the reader from the snapshots to ideas about the everyday lives of male soldiers to ideas about the lives of men in groups to ideas about American culture In his introduction Mechling offers his thoughts about how to undertake the interdisciplinary study of American culture he draws from history folklore anthropology sociology rhetoric psychology gender and sexuality studies ethnic studies popular culture studies and visual studies to reveal the intricacies of how men use their folk practices in an all male group to manage the paradoxes of their friendship and comradeship under sometimes stressful conditions Soldier Snapshots begins with a brief history of war photography and establishes the nature of vernacular photography the snapshot This is followed by a jargon free discussion of the key ideas about masculinity and the vernacular practices of men in groups exploring male friendship the important role of play in men's relationships and the ways animal buddies adopted by male friendship groups actually tell us even more about male friendship and issues of trust In the final section Mechling's careful analysis reveals how the men employ different folk practices including rough and tumble playfighting building human pyramids bathing naked in public cross dressing hazing and gallows humor in order to manage their relationships Regardless of the man's sexual orientation and sexual identity the strong heterosexual norm in the military means that the men must find ways to understand and even enact or perform their feelings of bonding while still defining those feelings and acts as heterosexual **Gaming and Simulations: Concepts, Methodologies, Tools and Applications** Management Association, Information Resources, 2010-11-30 This book set unites fundamental research on the history current directions and implications of gaming at individual and organizational levels exploring all facets of game design and application and describing how this emerging discipline informs and is informed by society and culture Provided by publisher High School Prom Ann Anderson, 2012-08-16 The prom has been a fixture in the life of American teenagers for as long as high schools have existed Both encapsulating and magnifying the drama of
