Congress. Senate. Special Committee on Aging, 2004 **Investigations in the Economics of Aging** David A. Wise, 2012-08 Papers presented at a conference held in Carefree Arizona in May 2011 Handbook of Models for Human Aging P. Michael Conn, 2011-04-28 The Handbook of Models for Human Aging is designed as the only comprehensive work available that covers the diversity of aging models currently available For each animal model it presents key aspects of biology nutrition factors affecting life span methods of age determination use in research and disadvantages advantages of use Chapters on comparative models take a broad sweep of age related diseases from Alzheimer s to joint disease cataracts cancer and obesity In addition there is an historical overview and discussion of model availability key methods and ethical issues Utilizes a multidisciplinary approach Shows tricks and approaches not available in primary publications First volume of its kind to combine both methods of study for human aging and animal models Over 200 illustrations **The Oxford Handbook of Work and Aging** Jerry W. Hedge, Walter C. Borman, 2012-04-19 Global aging technological advances and financial pressures on health and pension systems are sure to influence future patterns of work and retirement This handbook offers an international multi disciplinary perspective examining the aging workforce from an individual worker organization and societal perspective **Challenges of Aging on U.S. Families** Richard K. Caputo, 2005 The coming boom in the population of the aging will impact families at several levels Challenges of Aging on U S Families Policy and Practice Implications explores this trend presenting the latest original research on the changing roles of caregivers along with the economic and emotional effects on the family unit Respected authorities discuss in detail long term care and the standard of living of families with a focus on the effects of changing family structures on families themselves and society at large Detailed tables provide clarity of thought while comprehensive bibliographies offer further opportunity for study **International Handbook of Population Aging** Peter Uhlenberg, 2009-04-29 The International Handbook of Population Aging examines research on a wide array of the profound implications of population aging It demonstrates how the world is changing through population aging and how demography is changing in response to it **Community Resources for Older Adults** Robbyn R. Wacker, Karen A. Roberto, 2013-03-14 This text is intended for courses on community services and programmes for the elderly typically found in gerontology

departments and departments of social work Rather than simply focusing on building awareness of the various programmes and services available the authors stress the importance of the theoretical knowledge that will assist in understanding the social and psychological dynamics of help seeking behaviour By understanding the social and psychological needs of the elderly and their families as well as the services available to them students will be better able to take advantage of resources available to help their clients This new edition will update the key policy updates affecting older adults as well as the census data offered throughout the text It will also update the many unique pedagogical features such as the sections titled FYI best practices case studies and the web and national resources Increased attention will be focused on aging and diverse populations and the idea of cultural competency than previous editions as this area has continued to become a critical part of delivering effective care Also international issues faith based services services for LGBT elders rural elders immigrants and other special populations will also be covered or expanded in the new edition **National Vital Statistics Reports** ,2003

China's Low Fertility and the Impacts of the Two-Child Policy Wei Chen,2023-08-25 This book examines China's fertility transition over the past seven decades and explores the socioeconomic impacts of the two child policy The first half of this book highlights the characteristics of China's low fertility and the risk of falling to an ultra low state aiming to answer the question How China's fertility is changing and evolving How low is China's fertility What are the demographic structure driving forces and institutional characteristics of China's low fertility The second half models the impacts of the two child policy on China's population trends and demands for women infant and child health services and education resources for preschool compulsive education addressing the questions of how the two child policy affects fertility behaviours of Chinese women particularly the second child fertility How would the two child policy impact China's future population trends particularly labour supply and population aging What are the consequences for obstetrics and gynaecological services paediatrics and childcare services and for school capacity and demand for teachers over compulsory education The book will be an essential read for students and scholars of Chinese studies population and demography studies and those interested in contemporary China International Handbook on Ageing and Public Policy Sarah Harper,Kate Hamblin,2014-08-29 With the collective knowledge of expert contributors in the field The International Handbook on Ageing and Public Policy explores the challenges arising from the ageing of populations across the globe With an expansive look at the topic this com *Social Pedagogy for the Entire Lifespan* Jacob Kornbeck,Niels Rosendal Jensen,2012-06 The ambition of this two volume publication is to illustrate the applicability of social pedagogy as an academic and professional paradigm to work with the most diverse target populations It is launched at a moment when important and highly interesting developments can be observed in the United Kingdom a country without a traditional social pedagogy model has started importing social pedagogy from countries with a social pedagogy tradition *Social Pedagogy for the Entire Lifespan* illustrates how social pedagogy as a model in theory and practice has been and is currently being used around and across Europe for work with people of all age groups Volume II

proposes chapters on work with adults including social problems physical and mental disabilities and older people written by authors based in Belgium Denmark Norway Poland Spain Sweden and Switzerland Readers will find chapters discussing the implications regarding the use of educational theories to conceptualise social pedagogy as well as the relevance of life long learning debates not only in academia but also in politics The global worldwide dimension is covered by a chapter on the relationship between Latin American and European social pedagogy

Lessons on Aging from Three Nations Sara Carmel, Carol A. Morse, Fernando M. Torres-Gil, Jon Hendricks, 2018-10-26 The global phenomenon of the aging of societies during a period of outstanding scientific economic and technological advancements is a blessing for humanity These fundamental changes however create new needs and problems in all areas of life often difficult to address In some countries the trend is towards compression of the period of age related morbidity fewer years of living with disabilities but the absolute numbers of elderly people living with disabilities are increasing worldwide This book highlights a series of global threats problems and challenges in the areas of care and caregiving through the prism of three multicultural nations the United States Israel and Australia The contributors to this book experts in their fields focus on the art of caregiving at the national level including the interface between family and state responsibilities policies and practices in the provision of services and the demands for education and training as well as the problems and difficulties faced by family caregivers This is the second of two edited volumes on aging and caregiving The first *Lessons on Aging from Three Nations Volume I The Art of Aging Well* examines positive aspects of and successful adaptations to aging This book will be of interest to students of gerontology and geriatrics those working in nongovernmental organizations private for profit and non profit agencies including voluntary charitable and religious groups those working in national regional and local governments and all general readers intrigued with the aging of societies and longevity

Dependence and Autonomy in Old Age George Agich, 2003-08-07 Respecting the autonomy of disabled people is an important ethical issue for providers of long term care In this influential book George Agich abandons comfortable abstractions to reveal the concrete threats to personal autonomy in this setting where ethical conflict dilemma and tragedy are inescapable He argues that liberal accounts of autonomy and individual rights are insufficient and offers an account of autonomy that matches the realities of long term care The book therefore offers a framework for carers to develop an ethic of long term care within the complex environment in which many dependent and aged people find themselves Previously published as *Autonomy and Long term Care* this revised edition in paperback for the first time takes account of recent work and develops the author's views of what autonomy means in the real world It will have wide appeal among bioethicists and health care professionals
