Aid During Conflict Olga Oliker, Richard Kauzlarich, James Dobbins, Kurt W. Basseuner, Donald L. Sampler, 2004-10-21 Description and evaluation of relief reconstruction humanitarian and humanitarian type aid efforts in Afghanistan during the most intense phase of military operations from September 2001 to June 2002 The efforts were generally successful but there were serious coordination problems among the various civilian and military aid providers Critical issues both positive and negative are identified and a list of recommendations is provided for policymakers implementers and aid providers based on lessons learned *Debating Public Administration* Robert F. Durant, Jennifer R.S. Durant, 2017-09-25 Dialog between practitioners and academics has increasingly become the exception rather than the rule in contemporary public administration circles Bridging the gap between theory and practice *Debating Public Administration Management Challenges Choices and Opportunities* tackles some of the major management challenges choices and opportunities of the twenty first century facing public managers across various subfields of public administration Informed by contemporary pressures on public managers to reconceptualize purpose redefine administrative rationality recapitalize human assets reengage resources and revitalize democratic constitutionalism the book offers students practitioners and researchers an opportunity to take stock and ponder the future of practice and research in public administration Organized by three sets of major management challenges facing the field *Rethinking Administrative Rationality in a Democratic Republic Recapitalizing Organizational Capacity and Reconceptualizing Institutions for New Policy Challenges* the book takes an uncommon approach to the study of these topics In it leading practitioners and academics comment on condensed versions of articles appearing in the Theory to Practice feature of *Public Administration Review* PAR from 2006 through 2011 The authors and commentators focus on some of the best current research draw lessons from that literature for practice and identify gaps in research that need to be addressed They expertly draw out themes issues problems and prospects providing bulleted lessons and practical takeaways This makes the book a unique one stop resource for cross disciplinary cross sectoral and cross professional exchanges on contemporary challenges **Technical Report** , 1979 *Grey Wars* N. W. Collins, 2021-06-29 An analysis of U S Special Operations at the center of America s twenty first century wars *Grey Wars* is for anyone who wants to understand today s fights Collins has done a great service by providing a well sourced clear and insightful look into the missions and activities of U S special operators Highly recommend Mike Thornton USN Seal ret Congressional Medal of Honor recipient and coauthor By Honor Bound Fascinating and deeply researched covering the defining moments in modern special operations *Grey Wars* is a must read for anyone interested in the post 9 11 world Admiral William H McRaven USN ret Ninth Commander of the U S Special Operations Command This original and accessible book is a comprehensive authoritative analysis of U S Special Operations U S Special Operations Command trains and equips units to undertake select

military activities frequently high risk missions often for the purposes of counterterrorism and counterinsurgency Since 9 11 impelled by an attack on U S soil these forces have been a central instrument of America s military campaign operating in about one hundred countries on any given day This fight neither hot war nor cold peace was launched and executed as a new type of global war in 2001 and has since splintered into a spectrum of regional conflicts The result is our nation s grey wars hazy and lethal This contemporary history incorporating extensive interviews and archival research by security studies expert N W Collins delves deeply into the transformation of these forces since 9 11

Composing Peace Vincenzo Bove, Chiara Ruffa, Andrea Ruggeri, 2020 This book explores diversity in the composition of peace missions in terms of peacekeepers nationalities linguistic and religious differences deployed and theorizes about the impact of mission composition on peacekeeping effectiveness

Civil-Military Cooperation in Post-Conflict Operations Christopher Ankersen, 2007-10-04 Civil Military Cooperation CIMIC is the relationship between militaries and humanitarians Largely conducted in post conflict environments CIMIC has become a key characteristic of military operations in the twenty first century However the field is mostly understood through stereotype rather than clear comprehensive analysis The range and scope

The Beginner's Guide to Nation-building James Dobbins, 2007 Since the end of the Cold War the United States NATO the United Nations and a range of other states and nongovernmental organizations have become increasingly involved in nation building operations This volume presents a comprehensive history of best practices in nation building and serves as an indispensable reference for planning future interventions

After the War James Dobbins, 2008 From the post World War II era through the Cold War post Cold War era and current war on terrorism this volume assesses how U S presidential decisionmaking style and administrative structure can work in favor of as well as against the nation building goals of the U S government and military and those of its coalition partners and allies

Provincial Reconstruction Teams and Military Relations with International and Non-governmental Organizations in Afghanistan Michael J. Dziedzic, 2009-02 This report stems in part from the publication of the book *Aid During Conflict Interaction Between Military and Civilian Assistance Providers in Afghanistan*

September 2001 June 2002 On the occasion of the publication of that work a conference was held on Oct 25 2004 that focused on the impact Provincial Reconstruction Teams PRTs have had on the recurring themes in civil military relations addressed in the monograph This report is based on the presentations and discussions that took place during that conference

Map **Biopolitics, Governmentality and Humanitarianism** Volha Piotukh, 2015-04-10 This book critically analyses the changing role and nature of post Cold War humanitarianism using Foucault's theories of biopolitics and governmentality It offers a compelling and insightful interpretation of the policies and practices associated with new humanitarianism in general as well as of the dynamics of two specific international assistance efforts the post 2001 conflict related assistance effort in Afghanistan and the post 2000 Chernobyl related assistance effort in Belarus The central argument of the book is that new humanitarianism represents a dominant regime of humanitarian governing informed by globalising neoliberalism and is reliant on a complex set of biopolitical disciplinary and sovereign technologies It demonstrates that while the purposes of humanitarian governing are specific to particular contexts its promise of care is more often than not accompanied by sovereign and or biopolitical violences Making an important contribution to existing scholarship on humanitarian emergencies and humanitarian action on biopolitics and governmentality this book will be of much interest to students and scholars of humanitarianism critical security studies governmentality and International Relations generally **Toppling the**

Taliban Walter L. Perry, David Kassing, 2016-01-04 On September 11 2001 the United States was without a plan for military operations in Afghanistan One was quickly created by the Defense Department and operations began October 7 The Taliban was toppled in less than two months This report describes preparations at CENTCOM and elsewhere Army operations and support activities building a coalition and civil military operations in Afghanistan from October 2001 through June 2002

Military Medical Ethics in Contemporary Armed Conflict Michael L. Gross, 2021 Integrating the ethics of medicine and the ethics of war Military Medical Ethics in Contemporary Armed Conflict offers theorists and practitioners clinicians and commanders the tools they need to distribute scarce medical resources in wartime Emphasizing that military medicine's goal is to maintain unit readiness and the force capabilities necessary to wage just war Michael L. Gross instructs readers on when and how compatriot and host nation war fighters local civilians detainees and veterans should receive medical attention Readers will see how medicine functions also as a weapon of war To this end military forces deploy medical care to win local hearts and minds and harness medical science to enhance war fighter capabilities A Capabilities-based Strategy for Army Security Cooperation Jennifer D. P. Moroney, Adam Grissom, Jefferson P. Marquis, 2007 This study outlines a planning framework for cultivating multinational force compatibility MFC with armies that are not traditional allies Such coalition partners are increasingly important to the Army in the post 9 11 security environment Multilateral military operations are often now conducted by coalitions of the willing rather than by alliances and many of these ad hoc coalitions include key contingents that have no history of sustained peacetime cooperation with the U S Army The Army has only very limited

resources available to enhance compatibility with non allied partner armies especially compared to the resources devoted to compatibility with traditional allies such as the United Kingdom The challenge of enhancing compatibility and building partnership capacity with non core partner armies therefore requires an innovative approach to planning *Why the European Union Failed in Afghanistan* Oz Hassan,2024-09-26 The return of the Taliban has undermined EU external action reversed twenty years of state building efforts and represents the most significant failure of EU foreign policy to date Drawing on over 100 hours of interviews with key actors and an in depth examination of the EU s state building efforts this book offers unparalleled insights into the complex interplay between transatlantic relations and the resurgence of the Taliban It critically evaluates the EU s strategies advocating for a nuanced historically informed approach to international relations Indispensable for academics policy makers and anyone vested in the intricacies of foreign interventions in an ever complex global environment

Stabilization and Reconstruction Staffing Terrence K. Kelly, Ellen E. Tunstall, Thomas S. Szayna, Deanna Weber Prine, 2008-03-18 Uses the Office of Personnel Management s Human Capital Assessment and Accountability Framework which advocates strategic alignment workforce planning and development and leadership and knowledge management to assess the U S civilian personnel and staffing requirements for stability and reconstruction operations

The military-humanitarian complex in Afghanistan Eric James, Tim Jacoby, 2016-09-10 Violent conflict brings together two seemingly disparate groups humanitarians and soldiers This mixes and convolutes agendas blurring lines that are often perceived to be sacrosanct Delving deeply into the history and reasons of why these two groups work in close proximity this study provide a unique insight into the history ethical dilemmas and policy conundrums when aid workers operate close to the military Using Afghanistan as a case study analytical rigour deep primary research and field knowledge are combined in an exceptional contribution to this important area This book gives scholars and practitioners alike a nuanced perspective on the challenges faced by aid workers military personnel and decision makers alike in countries affected by violent conflicts hosting foreign military interventions and receiving international aid

NATO in Afghanistan Sten Rynning, 2012-09-26 The war in Afghanistan has run for more than a decade and NATO has become increasingly central to it In this book Sten Rynning examines NATO s role in the campaign and the difficult diplomacy involved in fighting a war by alliance He explores the history of the war and its changing momentum and explains how NATO at first faltered but then improved its operations to become a critical enabler for the U S surge of 2009 However he also uncovers a serious and enduring problem for NATO in the shape of a disconnect between high liberal hopes for the new Afghanistan and a lack of realism about the military campaign prosecuted to bring it about He concludes that while NATO has made it to the point in Afghanistan where the war no longer has the potential to break it the alliance is at the same time losing its own struggle to define itself as a vigorous and relevant entity on the world stage To move forward he argues NATO allies must recover their common purpose as a Western alliance and he outlines options for change

Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
