Wenzel Geißler, Richard Rottenburg, Julia Zenker, 2014-03-15 In the domain of health the relation between bodies citizenship nations and governments has changed beyond recognition over the past four decades especially in Africa In many regions populations are now faced with a total lack of medical care and the disciplinary regimes of modernity are faint memories In this situation new critical insights beyond the critique of old modernization and the disciplinary regimes of imperial times are needed How can we keep up our sophisticated criticism of knowledge regimes and our doubts with regard to narratives of development when so many people in Africa are dreaming about modernity and are envisioning their own renaissance

Between Rock and a Hard Place Robert Parker Mills, 2010-11-23 This book is about the first fear of AIDS case tried in America It tells the untold story of the trial that the general public heard nothing about By telling the true story from the perspective of the lawyer who actually represented the Estate of Rock Hudson it is hoped the reader acting as the 13th juror will see the gross injustice done to the late actor by Christian and Rocks alleged friend Mark Miller as well as the court the jury and the press all of which were blinded from the truth by this newly discovered disease called AIDS Marc Christian claimed he was given a death sentence because Rock didnt tell him of his AIDS diagnosis and continued to have high risk sex with him 25 years later Christian died not from HIV or AIDS He was never HIV positive How could this be if he was telling the truth that he continued having anal sex with Hudson 3 to 5 times a week for 8 months after Rock was first told he had full blown AIDS Christian was either superhuman and they should clone his blood as a cure for AIDS or he simply didnt tell the truth at trial where Rock Hudson could not defend himself because Christian waited until Rock died and found out he wasnt in his Will before bringing his lawsuit
