Agents Of Innocence:

Agents of Innocence David Ignatius, 2013-12-24 *Agents of Innocence* is the book that established David Ignatius's reputation as a master of the novel of contemporary espionage. Into the treacherous world of shifting alliances and arcane subterfuge comes idealistic CIA man Tom Rogers. Ordered to penetrate the PLO and recruit a high level operative, he soon learns the heavy price of innocence in a time and place that has no use for it. *Agents of Innocence* David Ignatius, 2025-04-25 A superlative spy novel. *New York Times* by the author of the bestselling espionage thrillers *Body of Lies* and *The Director*. *Agents of Innocence* is the book that established David Ignatius's reputation as a master of the novel of contemporary espionage. Into the treacherous world of shifting alliances and arcane subterfuge comes idealistic CIA man Tom Rogers. Posted in Beirut to penetrate the PLO and recruit a high level operative, he soon learns the heavy price of innocence in a time and place that has no use for it. *Wrongful Convictions and the Criminalization of Innocence* Kathryn M. Campbell, Barak Ariel, Anat Horovitz, Irwin Cotler, 2025-09-30 This edited international collection explores the nature and extent of wrongful convictions as well as examines the systems in place that attempt to exonerate the wrongly convicted. Inspired by two conventions of legal scholars, jurists, lawyers, and law students gathered to examine miscarriages of justice as well as the means to address them in Israel and Canada, this compilation presents work arising from those workshops as well as newer research dedicated to examining this phenomenon. With a thoughtful and evidence-based approach by leading international legal scholars and jurists, this book offers a timely analysis given the burgeoning interest in the study of miscarriages of justice across the globe. This book is useful for all those interested in studying miscarriages of justice: why they occur and how to eliminate or minimize them, including students and professionals involved in criminology, criminal law, and innocence work, as well as comparative criminology and legal scholars. **Reading Espionage Fiction** Martin Griffin, 2024-05-31 *Reading Espionage Fiction: Narrative, Conflict, and Commitment from World War I to the Contemporary Era* probes the ways in which the struggles and loyalties of political modernity have been portrayed in the espionage story over the course of the twentieth and twenty-first centuries. Reading works by authors such as Somerset Maugham, Helen MacInnes, John le Carré, Sam E. Greenlee, and Gerald Seymour as popular literature deserving of sustained attention, this book shows how these narratives have both created a modern genre and at the same time sought an escape from its limitations. Martin Griffin takes up the importance of plot and character and argues that in this branch of fiction, the personal has always and ever been political. *Morality's Progress* Dale Jamieson, 2002 *Morality's Progress* is the summation of nearly three decades of work by Dale Jamieson, a leading figure in environmental ethics and bioethics. The twenty-two papers here are invigoratingly diverse but together tell a unified story about various aspects of the morality of our relationships to animals and to nature. The volume begins by addressing the possibility of moral progress and the value of practical ethics. It then moves on to discuss the nature of animal minds and our moral duties with respect to animals; it concludes with essays that

address larger environmental questions Considered as a whole Morality's Progress is an attempt to draw out the moral consequences of a thoroughgoing Darwinian Naturalism The perspective that informs this work is philosophically naturalist morally consequentialist and metaethically constructivist Jamieson's essays will convince sceptics that thinking about our moral relations to animals and nature can offer great intellectual reward and his work here sets a challenging controversial agenda for the future

Ethical Issues in Business Peg Tittle, 2000-04-13 The core of this text comprises chapters on all the key issues of business in Canada today Each chapter includes a hypothetical case study and an introduction highlighting key ethical points two academic essays and a real life case study Questions for discussion accompany the essays and case studies The author has also included a general introduction to ethical issues and an overview of ethical theory a section on institutionalizing ethics discussing ethics officers programs codes etc and appendices providing excerpts from important classic contributions to ethical theory and from relevant Canadian law

Jekyll on Trial Elyn R. Saks, Stephen H. Behnke, 2000-08 Why do we find multiple personality disorder MPD so fascinating Perhaps because each of us is aware of a dividedness within ourselves we often feel as if we are one person on the job another with our families another with our friends and lovers We may fantasize that these inner discrepancies will someday break free that within us lie other personalities genius lover criminal that will take us over and render us strangers to our very selves What happens when such a transformation literally occurs when an alter personality surfaces and commits some heinous deed

The Nature of Children's Well-Being Alexander Bagattini, Colin Macleod, 2014-09-30 This book presents new findings that deal with different facets of the well being of children and their relevance to the proper treatment of children The well being of children is considered against the background of a wide variety of legal political medical educational and familial perspectives The book addresses diverse issues from a range of disciplinary perspectives using a variety of methods It has three major sections with the essays in each section loosely organized about a common general theme The first section focuses on issues concerning the relation between children's well being and autonomy or agency The second section deals with child well being insofar as the limits of parental authority are concerned The third section has a more applied orientation and addresses a variety of public policy controversies involving the interpretation of children's well being

The Epistemic Innocence of Irrational Beliefs Lisa Bortolotti, 2020 Lisa Bortolotti argues that some irrational beliefs are epistemically innocent and deliver significant epistemic benefits that could not be easily attained otherwise While the benefits of the irrational belief may not outweigh the costs epistemic innocence helps to clarify the epistemic and psychological effects of irrational beliefs on agency

Pennsylvania County Court Reports, 1888 Alger Hiss's Looking-glass Wars G. Edward White, 2004 Why if Alger Hiss was guilty of espionage did he invite close scrutiny of his life and career by devoting so much of his time to proving his innocence And how without producing any new evidence was he able to convince many he was not a spy This book examines his life in the light of the evidence of his complicity

In

Search of Consistency: Ethics and Animals Lisa Kemmerer, 2006-08-01 In Search of Consistency is the most comprehensive examination to date of moral theories and animal ethics This large volume unveils and explores the work of Tom Regan rights theory Peter Singer utilitarian Paul Taylor environmental ethics and Andrew Linzey theology not only digging deep into critical analysis of extant theories but feeding the flames of a now flourishing dialogue at the intersections of animal ethics environmental ethics and religious ethics This book ultimately presents a new approach the Minimize Harm Maxim which exposes through real and hypothetical scenarios common practices as patently irrational and raises questions few authors are willing to entertain about the way we value life and our attitudes toward death At every turn In Search of Consistency reminds that ethics carry an expectation of action that ethics are intended to guide how we live [Book Review Digest](#) ,1988

The Applied Theatre Reader Tim Prentki, Sheila Preston, 2013-10-31 The Applied Theatre Reader is the first book to bring together new case studies of practice by leading practitioners and academics in the field and beyond with classic source texts from writers such as Noam Chomsky bell hooks Mikhail Bakhtin Augusto Boal and Chantal Mouffe This book divides the field into key themes inviting critical interrogation of issues in applied theatre whilst also acknowledging the multi disciplinary nature of its subject It crosses fields such as theatre in educational settings prison theatre community performance theatre in conflict resolution and reconciliation interventionist theatre theatre for development This collection of critical thought and practice is essential to those studying or participating in the performing arts as a means for positive change

[Moral Dilemmas in Medieval Thought](#) M. V. Dougherty, 2011-04-14 The history of moral dilemma theory often ignores the medieval period overlooking the sophisticated theorizing by several thinkers who debated the existence of moral dilemmas from 1150 to 1450 In this book Michael V Dougherty offers a rich and fascinating overview of the debates which were pursued by medieval philosophers theologians and canon lawyers illustrating his discussion with a diverse range of examples of the moral dilemmas which they considered He shows that much of what seems particular to twentieth century moral theory was well known long ago especially the view of some medieval thinkers that some forms of wrongdoing are inescapable and their emphasis on the principle choose the lesser of two evils His book will be valuable not only to advanced students and specialists of medieval thought but also to those interested in the history of ethics

The Morality of Pluralism John Kekes, 1996-03-04 Controversies about abortion the environment pornography AIDS and similar issues naturally lead to the question of whether there are any values that can be ultimately justified or whether values are simply conventional John Kekes argues that the present moral and political uncertainties are due to a deep change in our society from a dogmatic to a pluralistic view of values Dogmatism is committed to there being only one justifiable system of values Pluralism recognizes many such systems and yet it avoids a chaotic relativism according to which all values are in the end arbitrary Maintaining that good lives must be reasonable but denying that they must conform to one true pattern Kekes develops and justifies a pluralistic account of good lives and values and works out its political moral and personal

implications The Case for Animal Rights Tom Regan, 2004-09-17 Blending straightforward debate as well as moral concerns this scientific defence of animal rights has a new and fully considered preface in which the author responds to critics of his work Pennsylvania County Court Reports, Containing Cases Decided in the Courts of the Several Counties of the Commonwealth of Pennsylvania Pennsylvania.
