*The Political Economy of Collectivized Agriculture* Ronald A. Francisco, Betty A. Laird, Roy D. Laird, 2013-10-02 The Political Economy of Collectivized Agriculture A Comparative Study of Communist and Non Communist Systems assesses the political and economic impact of collectivization by surveying the experience of several nations with different forms of collective or state farming Focusing primarily on the Council for Mutual Economic Assistance CMEA nations this book addresses a number of questions such as whether collectivized agriculture is more or less efficient than private agriculture whether the manner in which collectivization is implemented affects its success and whether there are social and political motivations that override economic considerations This monograph is comprised of nine chapters and opens with a discussion on the advantages and disadvantages of state agriculture in the USSR followed by an analysis of collectivized agriculture in Romania Hungary Czechoslovakia German Democratic Republic and Poland The impact and politics of agricultural collectivization on productivity in China are then examined paying particular attention to its advantages and drawbacks as well as the factors driving the growth of Chinese agriculture The experience of Israel with collectivized agriculture is also considered along with the impact of industrialization and modernization on the kibbutz and the problems associated with embourgeoisement This text will be of interest to economists political scientists and policymakers concerned with agriculture *Agrarpolitik in der DDR*. Hans Immler, 1971 **The Political Economy of Germany in the Twentieth Century** Karl Hardach, 2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980 *After the 'Socialist Spring'* George Last, 2009-03-01 Historical analysis of the German Democratic Republic has tended to adopt a top down model of the transmission of authority However developments were more complicated than the standard state society dichotomy that has dominated the debate among GDR historians Drawing on a broad range of archival material from state and SED party sources as well as Stasi files and individual farm records along with some oral history interviews this book provides a thorough investigation of the transformation of the rural sector from a range of perspectives Focusing on the region of Bezirk Erfurt the author examines on the one hand how East Germans responded to the end of private farming by resisting manipulating but also participating in the new system of rural organization However he also shows how the regime sought via its representatives to implement its aims with a combination of compromise and material incentive as well as administrative pressure and other more draconian measures The reader thus gains valuable insight into the processes by which the SED regime attained stability in the 1970s and yet was increasingly vulnerable to growing popular dissatisfaction and economic stagnation and decline in the 1980s leading to its eventual collapse *The Campaign State* Gregory Witkowski, 2017-12-15 Communist regimes are

defined by dictatorial power state planning and active propaganda machines In *The Campaign State* Gregory Witkowski explores the intersection of these three elements in East Germany by focusing on mass mobilizations He dissects the anatomy of campaigns and argues that while mass mobilizations are often perceived as symbols of strength they also indicate underlying systemic weaknesses By focusing on the ability of regimes to mobilize individuals to transform society he explains both the durability and the ultimate demise of the German Democratic Republic This study seamlessly blends an analysis of top down campaign initiatives with the influence of such mobilizations on the grassroots level For more than thirty years East German leaders doggedly extended such mobilization efforts yet complete success remained elusive Witkowski reveals how local leaders campaign participants and peasants acted in ways both compliant and noncompliant with party goals to create societal change Campaigns became a ubiquitous part of life under communist rule Witkowski shows that such mobilizations were initially an integral part of state planning efforts and only later became ritualized as party portrayals of goals and accomplishments diverged from East Germans lived experience He argues that incessant campaigns exposed a substantial gap between rhetoric and reality in the German Democratic Republic that undermined the regime s legitimacy This valuable and original study will appeal to scholars and students of German history Communism and state planning *Agrarpolitik in der DDR* Klaus Nahry,1978 **Blockpartei und Agrarrevolution von oben** Theresia Bauer,2009-12-16 Die Demokratische Bauernpartei Deutschlands war ein Ziehkind der sowjetischen Besatzer 1948 geschaffen um die SED zu stützen sah diese in der neuen Blockpartei nicht selten eine Rivalin der sie mit Geringschätzung begegnete Die DBD sollte nicht nur die Folgen der Bodenreform auf dem Land auffangen sie war auch maßgeblich daran beteiligt die Agrarrevolution von oben durchzusetzen deren Umsetzung ebenso wie die Entscheidung über die Kollektivierungsschritte von 1952 und 1960/63 hier neu rekonstruiert werden Angeleitet und kontrolliert wurde die DBD von drei Stellen zuerst von den fast allein stehenden Besatzern dann zunehmend von der SED und ihrem Apparat Dass letztere den Staatssicherheitsdienst zu einer umfassenden Durchdringung der Parteispitze ab 1959 regelrecht zur Steuerung der Blockpartei nutzte kann hier erstmals detailliert aufgezeigt werden Der DBD gelang es anfangs die traditionell antikommunistische bäuerliche Bevölkerung anzusprechen und die verschiedenen sozialen Gruppen in den Dörfern zu integrieren Die Kollektivierung jedoch spaltete die Basis und stieg viele Funktionen ab Gerade diese Auseinandersetzung Hand in Hand mit der Eliminierung nonkonformer Personals formte die DBD zu einer Kaderpartei Als das Parteiprogramm keinen Unterschied mehr zu dem der SED aufwies verfiel die Basis 1960 in Apathie **Politics in the German Democratic Republic** John M. Starrels,Anita M. Mallinckrodt,1975 **Cold War Ecology** Arvid Nelson,2008-10-01 East Germany its economy and its society were in decline long before the country s political collapse in the late 1980s The clues were there in the natural landscape Arvid Nelson argues in this groundbreaking book but policy analysts were blind to them Had they noted the record of the leadership s values and goals manifest in the landscape they wouldn t have hailed East Germany as a Marxist Leninist success story Nelson sets East German history

within the context of the landscape history of two centuries to underscore how forest and ecosystem change offered a reliable barometer to the health and stability of the political system that governed them Cold War Ecology records how East German leaders indifference to human rights and their disregard for the landscape affected the rural economy forests and population This lesson from history suggests new ways of thinking about the health of ecosystems and landscapes Nelson shows and he proposes assessing the stability of modern political systems based on the environment s system qualities rather than on political leaders goals and beliefs

**German Reunification** Joyce E. Bromley,2017-04-07 In 1945 German families with more than 100 hectares 247 acres of land were forced from their homes in the eastern sector by the Soviets now in control of that area These families were brutally evicted from their property and had their land expropriated In the next 45 years the GDR government would come to control all of the agricultural land At reunification in 1990 the earlier abuse of these farmers was compounded when the German government would not restore any of this expropriated land to these families The German government falsely accused the Soviet Union of insisting on non restitution as a condition of reunification Soviet leader Mikhail Gorbachev unequivocally denies this claim and insists that land issues are a German problem to resolve The temporary land trust agency established by the German government in 1990 to dispose of land it inherited from the GDR continues to exist After 25 years this agency still holds almost 20 percent of this expropriated land Its agents most of whom were reared in GDR decide who may or may not lease land the conditions of the lease and if and when a farmer may buy land circumstances that remain deeply controversial Joyce Bromley draws on extensive field research and previously untapped sources to explore the reliability of the government s version of these important events Is the German government once again without shame discriminating against a group of its own citizens

Property Rights in Land Rosa Congost,Jorge Gelman,Rui Santos,2016-10-04 Property Rights in Land widens our understanding of property rights by looking through the lenses of social history and sociology discussing mainstream theory of new institutional economics and the derived grand narrative of economic development Written by a collection of expert authors the chapters delve into social processes through which property relations became institutionalized and were used in social action for the appropriation of resources and rent This was in order to gain a better understanding of the social processes intervening between the institutionalized rules of the game and their economic and social outcomes

**The Powers of Speech** David Bathrick,1995-01-01 In this definitive study David Bathrick examines East German culture both before and after the fall of the Berlin Wall in November 1989 Bathrick argues that dissident East German writers were unique among East European literary intellectuals in that they attempted to open up alternative spaces for public speech from within the framework of Marxism and state socialism According to Bathrick the fact that some of them had been censored hunted questioned and ridiculed does not belie the fact that they were also and sometimes even simultaneously privileged nurtured courted and coddled It was precisely their function on both sides of the

power divide as official and nonofficial voices within the whole which defined a particular kind of intellectual in the GDR Bathrick applies his insights into this particular kind of intellectual to a wide range of topics He compares oppositional culture in East Germany to radical cultures elsewhere examines the complex political and cultural relations of East and West Germany traces the anguished history of the East German avant garde and describes the troubled effort to develop a revolutionary theatrical tradition in East Germany The book also includes nuanced insights into the collapse of the East German political order in the late 1980s and more recent revelations about the collaboration of allegedly oppositional writers with the Stasi state police In his treatment of these and other issues Bathrick enters hotly contested territory Yet he brings clarity and scrupulous fairness to these issues that are still very much alive in Germany and elsewhere today
