Aids Education Interventions In Multi Cultural Societies:

AIDS Education G. Sabar-Friedman, I.I. Schenker, F.S. Sy, 2013-06-29 Sixteen years into the AIDS epidemic our understandings of the virus its transmission modes of controlling blood banks and testing are relatively well established In the last decade we have also experienced an astonishing amount of new social science research enabling us to better understand concepts like risk taking gender related prevention women's health and youth psychology just to mention a few In almost every country in the world efforts have been made to respond affirmatively to the challenge of stopping the further spread of HIV/AIDS Educational interventions have ranged from re-inventing the wheel to innovative programs using a variety of health education methods The field of evaluation research now provides us a better understanding of what works and what does not work Issues relating to human rights the relationship between the affected and the health/medical professional communities and to the inequality in the delivery of preventive and educational services are becoming an important part of the debates and discussions in the concerned societies **AIDS Education** Inon Schenker, 1996

Church, State and Society in Kenya Galia Sabar, 2012-12-06 This volume offers a debate on the role of Christianity in post colonial Kenya charting the role of the church state and society in the transformation of Kenya and the relationship between the three It shows how the church initiated health education and economic activities showing it to be a major instrument of transformation **A Sourcebook of HIV/AIDS Prevention Programs** Alexandria Valerio, Michael Beasley, Donald A. P.

Bundy, 2008 Abstract This Sourcebook aims to support efforts by countries to strengthen the role of the education sector in the prevention of HIV/AIDS It was developed in response to numerous requests for a simple forum to help countries share their practical experiences of designing and implementing programs that are targeted at school age children The Sourcebook seeks to fulfill this role by providing concise summaries of programs using a standard format that highlights the main elements of the programs and makes it easier to compare the programs with each other A Sourcebook of HIV/AIDS Prevention Programs 2nd Edition documents 13 education based HIV/AIDS prevention programs targeting children and youth from 7 sub-Saharan African countries It is sponsored by UNAIDS UNICEF UNESCO UNFPA DFID USAID Ireland Aid and the World Bank The Sourcebook represents the work of many contributors and was developed by the Partnership for Child Development with the World Bank **9th International Conference on AIDS Education**, 1995 **Educational**

God's Judgement? Syphilis and AIDS Perry Treadwell, 2001-11 Five centuries separate the appearances of AIDS and syphilis Nevertheless the human response to the epidemics proves that society has learned little about coping with sexually transmitted diseases Both were labeled God s Judgment by contemporary zealots Both epidemics appeared mysteriously New findings make it doubtful that Columbus s crew brought syphilis back from the New World The Human Immunodeficiency Virus existed long before it caused the Gay Plague English French and Russian ruling dynasties were terminated by syphilis The social response to both diseases included blaming and exclusion of the affected denial of the extent of the disease scientific bickering retribution for becoming infected charlatans with cures Both infections caused terror but not enough to change sexual risk taking Thrill seeking men and rebellious women are more likely to seek sex when they are lonely Treadwell describes society s response to these social diseases and synthesizes some of the writing about syphilis and AIDS He selects some of the social and scientific issues common to both epidemics To follow both of these infectious diseases is to expose the human foibles that make history and novels interesting but inhibit the institution of preventive measures

Disease and Democracy Peter Baldwin, 2005-05-16 A historical masterpiece Just when we thought we knew everything about the politics and policies of the HIV AIDS pandemic Peter Baldwin surprises us with innovative insights about the sharp differences in policy among countries as well as complex tradeoffs between civil liberties and public goods This is a refreshing and readable book in which AIDS is used as a lens to understand the public health enterprise ranging from leprosy and syphilis to tuberculosis and SARS Baldwin offers a deeply historical and comparative

understanding of HIV in the industrialized world Lawrence O Gostin author of Public Health Law Power Duty Restraint Although a vast literature has emerged to chronicle and reflect on the history of the AIDS epidemic since it was first reported almost a quarter of a century ago there is nothing like Peter Baldwin s probing and synthetic analysis of AIDS in the industrialized world Building on his masterful Contagion and the State in Europe 1830 1930 Baldwin has provided a complex historical tapestry of how an epidemic threat has challenged and exposed democracies that thought infectious threats a thing of the past Ronald Bayer author of Private Acts Social Cosequences Aids and the Politics Of Public Health and coauthor with Gerald Oppenheimer of AIDS Doctors Voices from the Epidemic
