The Stories That Haunt Us Bill Jessome,2004-05-15 Legends and lore from Canada's rugged Maritime provinces shrouded in the mists of the Atlantic Ocean From the host of TV's Maritime Mysteries this book includes forty of the best stories collected from around the Maritimes Using his journalist's skills Bill

Jessome weaves incredible stories that both charm us and chill us The region including Nova Scotia Prince Edward Island and New Brunswick has an extensive storytelling tradition and a large part of that lexicon consists of tales of the supernatural Many of these stories are passed down over the generations and Jessome has acquired dozens of haunting accounts by listening to Maritimers at the kitchen table around the flickering campfire and when the moon is full Includes illustrations Adeline Osborn W. Trenery Heighway,1854 *Coyote Blue* Christopher Moore,2009-12-15 From the master of subversive humor Christopher Moore comes a quirky irreverent novel of love myth metaphysics outlaw biking angst and outrageous redemption As a boy he was Samson Hunts Alone until a deadly misunderstanding with the law forced him to flee the Crow reservation at age fifteen Today he is Samuel Hunter a successful Santa Barbara insurance salesman with a Mercedes a condo and a hollow invented life Then one day destiny offers him the dangerous gift of love in the exquisite form of Calliope Kincaid and a curse in the unheralded appearance of an ancient god by the name of Coyote Coyote the trickster has arrived to reawaken the mystical storyteller within Sam and to seriously screw up his existence in the process The Knotted Subject Elisabeth Bronfen,2014-07-14 Surrealist writer Andr Breton praised hysteria for being the greatest poetic discovery of the nineteenth century but many physicians have since viewed it as the wastebasket of medicine a psychosomatic state that defies attempts at definition and cure and that can be easily mistaken for other pathological conditions In light of a resurgence of critical interest in hysteria leading feminist scholar Elisabeth Bronfen reinvestigates medical writings and cultural performance to reveal the continued relevance of a disorder widely thought to be a romantic formulation of the past Through a critical rereading she develops a new concept of hysteria one that challenges traditional gender based theories linking it to dissatisfied feminine sexual desire Bronfen turns instead to hysteria s traumatic causes particularly the fear of violation and shows how the conversion of psychic anguish into somatic symptoms can be interpreted today as the enactment of personal and cultural discontent Tracing the development of cultural formations of hysteria from the 1800s to the present this book explores the writings of Freud Charcot and Janet together with fictional texts Radcliffe Stoker Anne Sexton opera Mozart Wagner cinema Cronenberg Hitchcock Woody Allen and visual art Marie Ange Guilleminot Cindy Sherman Each of these creative works attests to a particular relationship between hysteria and self fashioning and enables us to read hysteria quite literally as a language of discontent The message broadcasted by the hysteric is one of vulnerability vulnerability of the symbolic of identity and of the human body itself Throughout this work Bronfen not only offers fresh approaches to understanding hysteria in our culture but also introduces a new metaphor to serve as a theoretical tool Whereas the phallus has long dominated psychoanalytical discourse the image of the navel a knotted originary wound common to both genders facilitates discussion of topics relevant to hysteria such as trauma mortality and infinity Bronfen s insights make for a lively innovative work sure to interest readers across the fields of art and literature feminism and psychology Originally published in 1998 The Princeton Legacy Library uses the latest print on demand technology to again

Theology in the Early British and Irish Gothic, 1764-1834 Sam

Hirst, 2023-07-11 Theology in the Early British and Irish Gothic 1764-1832 reassesses the relationship between contemporary theology and the Gothic. Investigating Gothic aesthetics, depictions of the supernatural, and portrayals of religious organisations, it explores how the Gothic engages with contemporary theologies, both Dissenting and Anglican. Moving away from the emphasis on either a monolithic Protestantism or on the Gothic as a secular mode, it shows the ways in which the Gothic exploration of the transcendent and the obscure cannot be separated from the diverse theologies of its day. The project maps how the Gothic not only reflects but actively engages in the theological debates and controversies contemporary to its efflorescence.
