Adoring Audience Fan Culture And Popular Media:

The Adoring Audience Lisa A. Lewis, 1992 First published in 1992 Routledge is an imprint of Taylor Francis an informa company
The Adoring Audience Lisa A. Lewis, 1992-03-01 What distinguishes fans from general audiences Who is most likely to become a fan This fascinating collection of essays explores the relationship between fans and their adored media products Examining fandom as a distinct form of cultural activity an eminent list of contributors discuss a range of topics Defining Fandom assesses the economic cultural political and theoretical positioning of fans Fandom and Gender examines the hysterical response to the Beatles female fantasies of Elvis and groupies Fans and Industry considers the extent to which the television industry regards fans as valuable to their enterprise Production by Fans looks at fans as producers of popular culture fan letters to pop stars and music production by science fiction fans

Continuum Encyclopedia of Popular Music of the World, 2003-01-30 The Bloomsbury Encyclopedia of Popular Music Volume 1 provides an overview of media industry and technology and its relationship to popular music In 500 entries by 130 contributors from around the world the volume explores the topic in two parts Part I Social and Cultural Dimensions covers the social phenomena of relevance to the practice of popular music and Part II The Industry covers all aspects of the popular music industry such as copyright instrumental manufacture management and marketing record corporations studios companies and labels Entries include bibliographies discographies and filmographies and an extensive index is provided This and all other volumes of the Encyclopedia are now available through an online version of the Encyclopedia https://www.bloomsburypopularmusic.com/encyclopedia/work/docid/BPM_reference_EPMOW A general search function for the whole Encyclopedia is also available on this site A subscription is required to access individual entries Please see <https://www.bloomsburypopularmusic.com/> for librarians

The Ashgate Research Companion to Fan Cultures Linda Duits, Koos Zwaan, Stijn Reijnders, 2016-04-22 Fans constitute a very special kind of audience They have been marginalized ridiculed and stigmatized yet at the same time they seem to represent the vanguard of new relationships with and within the media Participatory culture has become the new normative standard Concepts derived from early fan studies such as transmedial storytelling and co creation are now the standard fare of journalism and marketing text books alike Indeed usage of the word fan has become ubiquitous The Ashgate Research Companion to Fan Cultures problematizes this exaltation of fans and offers a comprehensive examination of the current state of the field Bringing together the latest international research it explores the conceptualization of the fan and the significance of relationships between fans and producers with particular attention to the intersection between online spaces and offline places The twenty two chapters of this volume elucidate the key themes of the fan studies vernacular As the contributing authors draw from recent empirical work around the globe the book provides fresh insights and innovative angles on the latest developments within fan cultures both online and offline Because the volume is specifically set up as companion for researchers the chapters include recommendations for the further study of fan cultures As such it represents

an essential reference volume for researchers and scholars in the fields of cultural and media studies communication cultural geography and the sociology of culture *Continuum Encyclopedia of Popular Music of the World, Volume 1* John Shepherd, David Horn, Dave Laing, Paul Oliver, Peter Wicke, 2003-03-06 The Bloomsbury Encyclopedia of Popular Music Volume 1 provides an overview of media industry and technology and its relationship to popular music In 500 entries by 130 contributors from around the world the volume explores the topic in two parts Part I Social and Cultural Dimensions covers the social phenomena of relevance to the practice of popular music and Part II The Industry covers all aspects of the popular music industry such as copyright instrumental manufacture management and marketing record corporations studios companies and labels Entries include bibliographies discographies and filmographies and an extensive index is provided This and all other volumes of the Encyclopedia are now available through an online version of the Encyclopedia https://www.bloomsburypopularmusic.com/encyclopedia/work/docid/BPM_reference_EPMOW A general search function for the whole Encyclopedia is also available on this site A subscription is required to access individual entries Please see <https://www.bloomsburypopularmusic.com> for librarians *The Routledge Companion to Digital Consumption* Rosa Llamas, Russell Belk, 2013-05-07 The first generation that has grown up in a digital world is now in our university classrooms They their teachers and their parents have been fundamentally affected by the digitization of text images sound objects and signals They interact socially play games shop read write work listen to music collaborate produce and co produce search and browse very differently than in the pre digital age Adopting emerging technologies easily spending a large proportion of time online and multitasking are signs of the increasingly digital nature of our everyday lives Yet consumer research is just beginning to emerge on how this affects basic human and consumer behaviours such as attention learning communications relationships entertainment and knowledge The Routledge Companion to Digital Consumption offers an introduction to the perspectives needed to rethink consumer behaviour in a digital age that we are coming to take for granted and which therefore often escapes careful research and reflective critical appraisal *Science Fiction Double Feature* J. P. Telotte, Gerald Duchovnay, 2015 Edited collection examining the relationship between science fiction and the formation of cult cinema **Fandom At The Crossroads** Katherine Larsen, 2011-11-15 Fandom At The Crossroads Celebration Shame and Fan Producer Relationships is an in depth exploration of the reciprocal relationship between a groundbreaking cult television show and its equally groundbreaking fandom For the past six years the authors have inhabited the close knit fan communities of the television show Supernatural engaging in criticism and celebration reading and writing fanfiction and attending fan conventions Their close relationships within the community allow an intimate behind the scenes examination of fan psychology passion motivation and shame The authors also speak directly to the creative side in order to understand what fuels the passionate reciprocal relationship Supernatural has with its fans and to interrogate the reality of fans fears and shame As they go behind the scenes and onto the sets to talk with Supernatural s showrunners writers and actors the

authors struggle to negotiate a hybrid identity as aca fans Fangirls one moment legitimate researchers the next the boundaries often blur Their repeated breaking of the fan creative side boundary is mirrored in Supernatural's reputation for fourth wall breaking which has attracted journalistic coverage everywhere from Entertainment Weekly to the New York Times Written with humor and irreverence *Stalking Fandom* combines an innovative theorizing of fandom and popular culture which will be useful in a variety of courses with a behind the scenes story that anyone who's ever been a fan or wondered why others are fans will find fascinating

Affect in Fandom Dominika Ciesielska, Nicolle Lamerichs, Agata Zarzycka, 2025-10-01 This book provides a timely discussion of the creative practices in fandom and media culture Within their participatory cultures fans produce a wealth of content data and materials They write fan fiction curate wikis and design costumes This international collection offers a diverse exploration of contemporary fan practices through different cases such as Yuri On ICE Harry Potter and Mass Effect This book reveals how expression emotion and agency are central to fan activity Fans are highly adept at transmedia as well as the critical use of different media and platforms Fandom can apply to wider concepts within new media the humanities and design as the authors in this collection show They also rely on different approaches ranging from textual analysis to different forms of ethnography Overall *Affect in Fandom* offers a deliberately diverse exploration of exactly what contemporary fans create and curate and how

[An Introduction to Television Studies](#) Jonathan Bignell, 2012-11-27 In this comprehensive textbook now updated for its third edition Jonathan Bignell provides students with a framework for understanding the key concepts and main approaches to Television Studies including audience research television history and broadcasting policy and the analytical study of individual programmes Features include a glossary of key terms key terms defined in margins suggestions for further reading activities assignments for use in class New and updated case studies feature Every Home Needs a Harvey and approaches to news reporting television scheduling CSI Crime Scene Investigation animated cartoon series Individual chapters address studying television television histories television cultures television texts and narratives television genres and formats television production television and quality television realities television you can't see television audiences beyond television

New Developments in Online Marketing Stephen Tagg, Alan

Stevenson, Tiziano Vescovi, 2013-09-13 There can be little doubt about the profound impact that the Internet has had on all aspects of business over the past decade. Indeed, it is now widely accepted that we have entered a new and even more revolutionary phase in the development of the Net as a global marketing and communications platform, a phase characterised by information pull rather than push, user-generated content, openness, sharing, collaboration, interaction, communities, and social networking. New generation Web-based communities and hosted applications are beginning to have a major impact on customer behaviour across a diverse range of industries. These new applications represent a fundamental change in the way people use the Internet, their online expectations and experiences. From a marketing perspective, the most distinctive feature is not the technology involved but rather the growth of a new global culture, a Net generation culture based on decentralised authority rather than hierarchy and control, online socialising and collaboration, user-generated and distributed content, open communications, peer-to-peer sharing, and global participation. Success in this new online environment, characterised by people and network empowerment, requires new mindsets and innovative approaches to marketing, customer and network relationships. This book makes a valuable contribution to the field by examining recent and future developments in online marketing, including the revolutionary impact of new media. Chapters cover a wide range of topics, including information exchange on bulletin board systems and in online consumer portals, Web 2.0 and New Wave, Global's online tribal marketing, co-creation, industry impact, privacy issues, online advertising effectiveness, and practitioner prognostics for the future of online marketing. This book was originally published as a special issue of the *Journal of Marketing Management*. **Korean Pop Music**, 2021-11-15 Korean popular music has in the last decade become a significant model for youth culture throughout Asia. Yet although the Korean music industry is both vibrant and massive, this is the first book-length work devoted to the subject to appear in English. The book offers a comprehensive account written by thirteen scholars of Korean Studies, ethnomusicology, and popular culture, charting Korean pop from the 1930s to the present day, from genres imitative of early twentieth-century European and Japanese styles (trot and yuhaengga) to contemporary punk, clubs, rap, bands, and music television shows. Consideration is given to South Korean singers who catered for US troops in the aftermath of the Korean War, to acoustic guitar songs and their use in the 1970s student protest movements against military dictatorship, to state propaganda pop, and to the explosion of global styles that marked the 1990s. Lyrics and dance, media packaging and stage costumes, song rooms and singing doctors, highway songs and new folksongs, as well as the impact of the Internet, are all explored. The book also includes extensive discussion of North Korean popular music and chapters on the Korean wave that swept Taiwan and the Chinese mainland at the start of the new millennium. **Playing to the Crowd** Nancy K. Baym, 2018-07-10 *Playing to the Crowd* explores and explains how the rise of digital communication platforms has transformed artist-fan relationships into something more intimate. Through in-depth interviews with musicians such as the Cure, UB40, and Throwing Muses, Nancy K. Baym reveals how new media has facilitated connections through the active

participation of both the artists and their devoted digital fan base Before the rise of online sharing and user generated content audiences were mostly seen as undifferentiated masses often mediated through record labels and the press Today musicians and fans have built more active relationships through social media fan sites and artist sites giving them a new sense of intimacy while offering artists unparalleled access to and information about their audiences But this comes at a price For audiences meeting their heroes can kill the mystique And for artists maintaining active relationships with so many people can be labor intensive and emotionally draining Drawing on her own rich history as a deeply connected music fan Baym offers an entirely new approach to media culture arguing that the work musicians put into maintaining these intimate relationships reflects the demands of the gig economy one which requires resources and strategies that we all music come to recognize Publisher s description

New Media and the Politics of Online Communities ,2020-09-25 This interdisciplinary collection of papers explores the question of identity and its interaction with digital technologies online platforms and primarily new media

Handbook of Research on the Impact of Fandom in Society and Consumerism Wang, Cheng Lu,2019-10-25 Fans of specific sports teams television series and video games to name a few often create subcultures in which to discuss and celebrate their loyalty and enthusiasm for a particular object or person Due to their strong emotional attachments members of these fandoms are often quick to voluntarily invest their time money and energy into a related product or brand thereby creating a group of faithful and passionate consumers that play a significant role in multiple domains of contemporary culture The Handbook of Research on the Impact of Fandom in Society and Consumerism is an essential reference source that examines the cultural and economic effects of the fandom phenomenon through a multidisciplinary lens and shapes an understanding of the impact of fandom on brand building Featuring coverage on a wide range of topics such as religiosity cosplay and event marketing this publication is ideally designed for marketers managers advertisers brand managers consumer behavior analysts product developers psychologists entertainment managers event coordinators political scientists anthropologists academicians researchers and students seeking current studies on the global impact of this particularly devoted community

Romancing the Internet Jin Feng,2013-08-15 In Romancing the Internet Producing and Consuming Chinese Web Romance Jin Feng examines the evolution of Chinese popular romance on the Internet She first provides a brief genealogy of Chinese Web literature and Chinese popular romance and then investigates how large socio cultural forces have shaped new writing and reading practices and created new subgenres of popular romance in contemporary China Integrating ethnographic methods into literary and discursive analyses Feng offers a gendered audience oriented study of Chinese popular culture in the age of the Internet

Understanding Media Psychology Gayle S. Stever,David C. Giles,J. David Cohen,Mary E. Myers,2025-07-23 Understanding Media Psychology is an authoritative introductory textbook on the growing field of media psychology Providing an overview of topics in the field it summarizes key concepts and theories and considers the importance of media psychology in today s society The second edition of this

bestselling textbook has been fully updated to reflect the changing landscape of media psychology The new edition features a brand new chapter on news and political media as well as increased focus on AI and new forms of social media It covers core areas such as positive media psychology audience research and the effect of gaming violence advertising and pornography critically engaging with contemporary discussions around propaganda fake news deepfakes and how media and health psychology interacted during the COVID 19 pandemic and beyond Written by a team of expert authors this book will help readers understand the structures influences and theories around media psychology Particular care is also given to addressing the interaction between issues of social justice and the media as well as the effects media has on both the members of marginalized groups and how those groups are perceived A student website and instructor resources provide further ways to engage with the content and support teaching and learning Containing a range of pedagogical features throughout to aid teaching and student learning including vocabulary and key terms discussion questions and boxed examples this is an essential resource for media psychology courses at the undergraduate and introductory master s levels globally

Defining Cult Movies Mark Jancovich, 2003-11-08 This collection concentrates on the analysis of cult movies how they are defined who defines them and the cultural politics of these definitions The definition of the cult movie relies on a sense of its distinction from the mainstream or ordinary This also raises issues about the perception of it as an oppositional form of cinema and of its strained relationships to processes of institutionalization and classification In other words cult movie fandom has often presented itself as being in opposition to the academy commercial film industries and the media more generally but has been far more dependent on these forms than it has usually been willing to admit The international roster of essayists range over the full and entertaining gamut of cult films from Dario Argento Spanish horror and Peter Jackson s New Zealand gore-fests to sexploitation kung fu and sci fi flicks

Media And Audiences: New Perspectives Ross, Karen, Nightingale, Virginia, 2003-12-01 This work takes both a chronological and a thematic approach in order to explore the ways in which the audience as an analytical concept has changed as well as examining the relationships which audiences have with texts and the ways in which they exert their power as consumers
