Riley, 2016-08-31 The journey of an important feminist writer through poetry prose and politics Among the most celebrated American poets of the past half century Adrienne Rich was the recipient of numerous awards including the Bollingen Prize the National Book Award and the Lannan Lifetime Achievement Award In Understanding Adrienne Rich Jeannette E Riley assesses the full scope of Rich's career from 1957 to her death in 2012 through a chronological exploration of her poetry and prose Riley details the evolution of Rich's feminist poetics as she investigated issues of identity sexuality gender the desire to reclaim women's history and what she terms the dream of a common language Throughout the book she documents Rich's gradually developing assertion that poetry can create social change and engage people in the democratic process Interweaving explications of Rich's poetry with analysis of her prose Riley offers a close look at the development of the author's voice from formalist poet to feminist visionary to citizen poet A Change of World Adrienne Rich, 2016-06-21 This reissue of Adrienne Rich's first poetry collection reaffirms the author's place as one of our most important American poets A Change of World was selected by W H Auden for the Yale Series of Younger Poets Award Out of print for decades this initial collection launched the career of a poet whose work has been crucial to discussions of gender race and class pushing formal boundaries and consistently examining both self and society **The Dream and the Dialogue** Alice Templeton, 1994 Adrienne Rich's poetry has long engaged critics in questions about the nature of poetic art the character of poetic tradition and the value of poetry as a political and cultural activity At the same time it has attracted many general readers largely because it expresses the personal social and intellectual crises faced by feminists during the last thirty years In this study Alice Templeton looks at the ways in which feminist thinking has influenced Rich's poetics while simultaneously her poetic practice has shaped her feminist conceptions Templeton begins by exploring the tensions between epic eulogistic and lyric claims made in the poems collected in Diving into the Wreck 1973

She then examines the strategies Rich uses in subsequent collections to test and refine her feminist thinking Templeton focuses in particular on the dialogic moments of cultural participation that Rich's poetry provides for the poet and the reader These moments Templeton argues can dispel myths of social determinism even as they implicate readers in an ethically charged communal bond By demonstrating the contributions that Rich has made both to feminist thinking and to our ways of reading poetic tradition *The Dream and the Dialogue* treats Rich as a poet of ideas and places her work solidly in the context of contemporary literary theory

**Leaflets: Poems 1965-1968** Adrienne Rich, 1969-03-17 *Leaflets* is Adrienne Rich's fifth book of poems It contains twenty eight new poems five adaptations of Dutch Yiddish and Russian poets and a sequence of seventeen poems loosely based on the ghazal a common form in Middle Eastern poetic tradition these ghazals comprise a kind of notebook of a month in the summer of 1968 The themes of this book are the poetics of violence and the poetics of love Its impulse is the deepening of recognitions through language in a time of ignorance and mutilation Miss Rich has written For a poet there is this primary labor with words But I have the notion that how you live your life has something to do with it that morality for a poet is a refusal of blinders of traditional consolations a courage to be alone or wounded A willingness to step out into the fog to take paths which may lead nowhere Certainty predictability are the first supports that have to go I see the poetry of things as standing in resistance to brute mechanistic force the charge of the rhinoceros with its head down To discover literally this poetry and re create it in language is a poet's essential action

poets of the twentieth century someone Rich herself admired and emulated Adrienne Rich's early mentors were men and her early poetry consequently adopted a strong male persona. In her development as artist, woman, and activist, however, Rich emerged as a leading voice of modern feminism, a voice which rejects a male-dominated world, forcing new definitions of power, new possibilities for women, and profound repercussions for society. In *The Aesthetics of Power*, Claire Keyes examines the shape and scope of Rich's poetry as it applies to Rich's female aesthetic. Keyes uncovers the process by which Rich embraces then rejects accepted uses of power, achieving a vision of beneficent female power. In her early poems, Adrienne Rich accepts certain traditions associated with the divisions of power according to sex. Later, Rich continually defines and redefines power until she can reject power as force, patriarchal power for the power to transform, which for her is the truly significant and essential power. Surveying Rich's poetry and prose from 1951 to the present, this book traces the development of Adrienne Rich's new understanding of the power of the poet and the power of woman. Sharing Rich's feminist sensibilities, yet at times critical of her more radical positions, Claire Keyes draws a portrait of an artist who was molded by the complex political and social climate of post-World War II America. It is a portrait that reveals the creative growth of an artist and the personal growth of a powerful and controversial woman. [Collected Early Poems: 1950-1970](#) Adrienne Rich, 1995-09-17

More than 200 poems collected from Adrienne Rich's first six books plus a dozen others of those decades. From their first publication when Rich was twenty-one in the prestigious Yale Younger Poets series, the successive volumes of her poetry have both charted the growth of her own mind and vision and mirrored our tempestuous, unsettled age. Her unmistakable voice speaking even from the earliest poems with rare assurance and precision wrestles with urgent questions while never failing to explore new poetic territory. In *Collected Early Poems*, readers will once again bear witness to Rich's triumphant assertion of the centrality of poetry in our intertwined personal and political lives. **Your Native Land, Your Life** Adrienne Rich, 1993-10-17

A major American poet faces her own native land, her own life, and the result is a volume of compelling, transforming poems. The book includes two extraordinary longer works, the self-exploratory *Sources and Contradictions* and *Tracking Poems*, an ongoing index of an American woman's life. The poet writes, "In these poems I have been trying to speak from and of and to my country. To speak of a different claim from those staked by the patriots of the sword, to speak of the land itself, the cities, and of the imaginations that have dwelt here at risk, unfree, assaulted, erased. I believe more than ever that the search for justice and compassion is the great wellspring for poetry in our time throughout the world, though the theme of despair has been canonized in this country. I draw strength from the traditions of all those who with every reason to despair have refused to do so." *Poetry and Commitment* Adrienne Rich, 2007-04-17

In the tradition of great literary manifestos, Norton is proud to present this powerful work by Adrienne Rich. With passion, critical questioning, and humor, Adrienne Rich suggests how poetry has actually been lived in the world, past and present. In this essay, which was the basis for her speech upon accepting the National Book Foundation's Medal for Distinguished Contribution to American Letters, she

ranges among themes including poetry's disparagement as either immoral or unprofitable the politics of translation how poetry enters into extreme situations different poetries as conversations across place and time In its openness to many voices Poetry and Commitment offers a perspective on poetry in an ever more divided and violent world I hope never to idealize poetry it has suffered enough from that Poetry is not a healing lotion an emotional massage a kind of linguistic aromatherapy Neither is it a blueprint nor an instruction manual nor a billboard
