Addiction, Cults, and Disease Paul M. D'Amico, 1980-12-01 *Medical and Health Care Books and Serials in Print*, 1986 **Medical Books and Serials in Print**, 1984 **Addiction Is a Choice** Jeffrey A. Schaler, 2011-09-30 Politicians and the media tell us that people who take drugs including alcohol or nicotine cannot help themselves They are supposedly victims of the disease of addiction and they need treatment The same goes for sex addicts shopping addicts food addicts gambling addicts or even addicts to abusive relationships This theory which grew out of the Temperance movement and was developed and disseminated by the religious cult known as Alcoholics Anonymous has not been confirmed by any factual research Numerous scientific studies show that addicts are in control of their behavior Contrary to the shrill mindless propaganda of the war on drugs very few of the people who use alcohol marijuana heroin or cocaine will ever become addicted and of those who do become heavy drug users most will matruue out of it in time without treatment Research indicates that treatment is completely ineffective an absolute waste of time and money Instead of looking at drub addiction as a disease Dr Schaler proposes that we view it as willful commitment or dedication akin to joining a religion or pursuing a romantic involvement While heavy consumption of drugs is often foolish and self destructive it is a matter of personal choice
