Revised Edition William Eugene Tarrants, 1980 The Routledge Handbook of Language Program Development and Administration Alan V. Brown, Cori Crane, Beatrice C. Dupuy, Estela Ene, 2025-06-30 Second language program development and administration is a long standing area within the larger field of applied linguistics In many ways it is the quintessential applied linguistics field as it crosses disciplinary boundaries while balancing the rigors of scholarly

inquiry with the demands of practical application without losing sight of concrete learner outcomes The Routledge Handbook of Language Program Development and Administration provides a scholarly rigorous yet practically relevant treatment of issues implicated in program development and administration with 52 chapters written by leading scholars in the field Authors not only address the theoretical underpinnings of their respective topics but also provide actionable evidence based recommendations concerning eminently practical matters In this way the volume provides both novice and experienced language program administrators with important guidance on how to think about the work that they do and how best to go about it while also validating language program administration as a scholarly area of inquiry The Routledge Handbook of Language Program Development and Administration is essential reading for practicing second language program administrators at the post secondary level in service and pre service second language instructors graduate students in applied linguistics and even upper level undergraduate education students considering second language teaching as a future career Chapters 9 and 11 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Curriculum Improvement Ronald C. Doll,1992

The Ninth Edition of Curriculum Improvement is comprehensive unique practical and thought provoking Despite the problems it cites the book offers a message of hope that schools can help to solve society s problems by impressing upon children and youth that they can achieve and succeed if they act in doing what they know to be right and productive

Guiding Curriculum Development M. Scott Norton,2016-11-02

Top down mandates concerning the curriculum of the school leave no room for program creativity and program commitment Yet principals and

teachers are held accountable for student achievement results Constitutionally powers not granted to the United States are reserved to the States or to the people The book s primary purposes center on the need for placing the responsibility for determining student curriculum and academic achievement the local school level whereby school personnel determine the individual student s personal interests and needs and design a curricular program for each student that fosters personnel success The creative abilities of teachers are inhibited in attempts to implement top down mandates that set forth academic content and instructional methods set forth by federal and state agencies If learning programs and instructional methods are to be designed to meet the individual interests and needs of the learner who is in the best position to determine such needs We believe that the social mental and physical needs of children and youth are determined best by local educational professionals This book sets forth the foundations of practice that will serve these purposes
