Arkansas Testament:

Critical Perspectives on Derek Walcott Robert D. Hamner,1993 The articles in this collection are representative of the criticism that has followed Walcott's career from the 1940s into the 1990s Ten entries by Walcott himself including one not previously published and two vital interviews are complemented by some 40 incisive essays and reviews ranging from professional assessments to the rare personal observations of Walcott's earliest mentors

The Arkansas Testament

Derek Walcott,1987 Derek Walcott's eighth collection of poems The Arkansas Testament is divided into two parts Here verse evoking the poet's native Caribbean and Elsewhere It opens with six poems in quatrains whose memorable compact lines further Walcott's continuous effort to crystallize images of the Caribbean landscape and people For several years Derek Walcott has lived mainly in the United States The Arkansas Testament one of the book's long poems is a powerful confrontation of changing allegiances The poem's crisis is the taking on of an extra history one that challenges unquestioning devotion Amazon.com

Derek Walcott John Thieme,1999-07-02 John Thieme here provides a comprehensive study of Derek Walcott's writing from its beginnings in the 1940s to his most recent work Walcott's poetry and drama are set against the background of various contexts and intertexts Caribbean European and other that have shaped him as a writer The book contains a broad overview of Walcott's career for students and readers coming to the work of the 1992 Nobel Laureate for the first time

Nobody's Nation Paul Breslin,2009-02-15 Nobody's Nation offers an illuminating look at the St Lucian Nobel Prize winning writer Derek Walcott and grounds his work firmly in the context of West Indian history Paul Breslin argues that Walcott's poems and plays are bound up with an effort to re imagine West Indian society since its emergence from colonial rule its ill fated attempt at political unity and its subsequent dispersal into tiny nation states According to Breslin Walcott's work is centrally concerned with the West Indies imputed absence from history and lack of cohesive national identity or cultural tradition Walcott sees this lack not as impoverishment but as an open space for creation In his poems and plays West Indian history becomes a realm of necessity something to be confronted contested and remade through literature What is most vexed and inspired in Walcott's work can be traced to this quixotic struggle Linking extensive archival research and new interviews with Walcott himself to detailed critical readings of major works Nobody's Nation will take its place as the definitive study of the poet

Mastery's End Jeffrey Gray,2005-01-01 Focusing on lyric poetry Mastery's End looks at important yet neglected issues of subjectivity in post World War II travel literature Jeffrey Gray departs from related studies in two regards nearly all recent scholarly books on the literature of travel have dealt with pre twentieth century periods and all are concerned with narrative genres Gray questions whether the postcolonial theoretical model of travel as mastery hegemony and exploitation still applies In its place he suggests a model of vulnerability incoherence and disorientation to reflect the modern destabilizing nature of travel a process that began with the unprecedented movement of people during and after World War II and has not abated since What the contemporary

discourse concerning displacement border crossing and identity needs says Gray is a study of that literary genre with the least investment in closure and the least fidelity to ethnic and national continuities His concern is not only with the psychological challenges to identity but also with travel as a mode of understanding and composition Following a summary of American critical perspectives on travel from Emerson to the present Gray discusses how travel by nature defamiliarizes and induces heightened awareness Such phenomena Gray says correspond to the tenets of modern poetics traversing territories immersing the self in new object worlds reconstituting the known as unknown He then devotes a chapter each to four of the past half century s most celebrated English speaking western poets Elizabeth Bishop Robert Lowell John Ashbery and Derek Walcott Finally two multi poet chapters examine the travel poetry of Allen Ginsberg Gary Snyder and Robert Creeley Lyn Hejinian Nathaniel Mackey and others

Epic of the Dispossessed Robert D. Hamner, 1997 Hamner describes Omeros as an epic of the dispossessed because each of its protagonists is a castaway in one sense or another Regardless of whether their ancestry is traced to the classical Mediterranean Europe Africa or confined to the Americas they are transplanted individuals whose separate quests all center on the fundamental human need to strike roots in a place where one belongs

The Montage Principle ,2016-08-29 This book of essays is quite unique in that it intervenes in a still contested area within many universities that of the relevance of film to literature critical theory politics sociology and anthropology The essays were commissioned by Jean Antoine Dunne whose research has explored the impact of Eisenstein s aesthetics on different areas of modernist literature and drama The essays in this collection use Eisenstein as a point of departure into divergent fields of analysis and are concerned with the principle of montage as a transforming idea They gather within the pages of one work contributions from Geoffrey Nowell Smith Richard Taylor Paul Willemen and emerging scholars entering and altering the field of interdisciplinary scholarship film and literature These hitherto unpublished essays not only extend and elaborate on previous treatments of Eisenstein and montage in areas such as semiotics film theory and feminist film practice but also introduce his work to areas which have not yet been considered in relation to Eisenstein and montage such as Beckett scholarship Caribbean aesthetics Third Cinema and debates around digital imagery No other collection of essays has explored the idea of montage as a structuring cultural and critical principle and the elasticity of Eisenstein s legacy in quite this way

Missions of Interdependence ,2021-11-01 At the beginning of the twenty first century it is necessary to combine into a productive programme the striving for individual emancipation and the social practice of humanism in order to help the world survive both the ancient pitfalls of particularist terrorism and the levelling tendencies of cultural indifference engendered by the renewed imperialist arrogance of hegemonial global capital In this book thirty five scholars address and negotiate in a spirit of learning and understanding an exemplary variety of intercultural splits and fissures that have opened up in the English speaking world Their methodology can be seen to constitute a seminal field of intellectual signposts They point out ways and means of responsibly assessing colonial predicaments and postcolonial developments in

six regions shaped in the past by the British Empire and still associated today through their allegiance to the idea of a Commonwealth of Nations They show how a new ethic of literary self assertion interpretative mediation and critical responsiveness can remove the deeply ingrained prejudices silences and taboos established by discrimination against race class and gender

Missions of Interdependence Gerhard Stilz,2002 At the beginning of the twenty first century it is necessary to combine into a productive programme the striving for individual emancipation and the social practice of humanism in order to help the world survive both the ancient pitfalls of particularist terrorism and the levelling tendencies of cultural indifference engendered by the renewed imperialist arrogance of hegemonial global capital In this book thirty five scholars address and negotiate in a spirit of learning and understanding an exemplary variety of intercultural splits and fissures that have opened up in the English speaking world Their methodology can be seen to constitute a seminal field of intellectual signposts They point out ways and means of responsibly assessing colonial predicaments and postcolonial developments in six regions shaped in the past by the British Empire and still associated today through their allegiance to the idea of a Commonwealth of Nations They show how a new ethic of literary self assertion interpretative mediation and critical responsiveness can remove the deeply ingrained prejudices silences and taboos established by discrimination against race class and gender

Classics in Post-Colonial Worlds Lorna Hardwick,Carol Gillespie,2010-07-29 Classical material was traditionally used to express colonial authority but it was also appropriated by imperial subjects to become first a means of challenging colonialism and then a rich field for creating cultural identities that blend the old and the new Nobel prize winners such as Derek Walcott and Seamus Heaney have rewritten classical material in their own cultural idioms while public sculpture in southern Africa draws on Greek and Roman motifs to represent histories of African resistance and liberation These developments are explored in this collection of essays by international scholars who debate the relationship between the culture of Greece and Rome and the changes that have followed the end of colonial empires

Here and Elsewhere Gerald Guinness,1993 Through the essays included in this text we can attest to Gerald Guinness stature as an intelligent innovative

WHAT DID HE SAY WHAT DID HE MEAN THE ETHNOGRAPHY OF DISCOURSE IN PUERTO RICO

Postcolonial Odysseys Maeve Tynan,2011-05-25 *Postcolonial Odysseys* Derek Walcott s *Voyages of Homecoming* highlights the importance of the trope of voyaging in Derek Walcott s poetics primarily as it pertains to the poet s engagement with classical verse Focusing specifically on the engagement with Homeric myth and *The Odyssey* in particular it articulates the manner in which Walcott s postcolonial reconfigurations of epic verse both highlights the endurance of the classics as well as demonstrating how cultural practices can remake and transform ancient texts Concomitant with the poet s presentation of self as divided this study traces opposing forces in operation within this trope a centrifugal force that corresponds to the outward journey away from his island home in search of greater publishing opportunities and broader readerships and a centripetal force corresponding to the return journey or homecoming The enabling potential of Greek myth

is marked by a similar to ing and fro ing in Walcott s verse as he repeatedly engages with and simultaneously disavows Homeric configurations Insisting on the reciprocal nature of poetic appropriation the act of rewriting also signalling new ways of rereading Walcott s appropriations effectively enter into a critical dialogue with Homeric verse Further depth to Walcott s rewriting of Homer is provided by an analysis of the mediating influence of Euro American modernism Through an examination of the postcolonial aftermath of modernism it challenges the perceived exclusivity of each illustrating this premise through case studies of Walcott s relation to both Romare Bearden and James Joyce This study is therefore interdisciplinary and inter artistic in nature transgressing the borderline between poetry and prose and that of literary and artistic disciplines Highlighting the permeability of such boundaries it investigates the journey of Odysseus as prototypical wanderer through time and space from oral to print culture from word to image
