## Abstract

**Purpose** – During disturbances and unprecedented events, firms are required to be resilient to confront crises, recover from losses, and even capitalize on new opportunities. The aim of this paper is twofold: (1) to examine how different types of capabilities (routine, dynamic or ad hoc) steer an entrepreneurial firm into ecological, engineering and evolutionary resilience and (2) to identify strategic activities that are deployed by firms with different capabilities to achieve resilience.

**Design/methodology/approach** – Data were gathered using structured qualitative interviews with 26 entrepreneurial resilient firms that managed to survive a multitude of coinciding crises.

**Findings** – The findings show that each type of capability enhances the ability to achieve a specific resilience outcome: ad hoc capability for partial engineering resilience, routine capability for ecological resilience and dynamic capability for evolutionary resilience. Furthermore, ad hoc capabilities are shown to be favored when firms' losses are severe. In contrast, routine and dynamic capabilities are preferred when losses are mild. The most significant capability deployment activities related to building resilience are corporate strategic changes, global export strategy, cost reduction, stakeholder support, positive mindset, fund raising, network building, product development, efficiency improvement and restructuring. These activities are segregated based on capability and resilience types.

**Practical implications** – Practitioners are encouraged to cast off limiting assumptions and beliefs that firms are conditioned to fail when faced with unprecedented crises. This study provides an integrative portfolio of capabilities and activities as a toolbox that can be used by different entrepreneurs and policy makers to achieve resilience and better performance.

**Originality/value** – The paper undertakes a first of its kind empirical examination of the association between capabilities and resilience. The context is unique as it involves a multitude of coinciding crises including Covid-19 pandemic, city explosion, economic collapse, political instability and a severe banking crisis.

**Keywords** Resilience, Entrepreneurship, Capabilities, Crisis, Hierarchical capability

**Paper type** Research paper

## 1. Introduction

During turbulent times, firms are required to develop resilience capabilities to ensure survivability and continuity. Resilience, commonly known as an inherent characteristic to persevere and bounce back during adversity (Linnenhuecke, 2017; Renko *et al.*, 2021), has been considered as an inevitable determinant of entrepreneurship success during unexpected events (Lengnick-Hall *et al.*, 2011; Callegari and Feder, 2021; Protogerou *et al.*, 2022). Resilient

Manzano, 2017-12-12 This latest contribution to the understanding of the Bible's final book will be a welcomed addition to anyone's personal library The author is quick to admit that Revelation has many strange images and perplexing elements However he is just as quick to stress that these images and elements are not the focus The Apostle John in writing this apocalyptic volume centers the attention on Jesus Christ the only hope for those who have accepted Him as Lord and Savior as well as those who still need to Many people know Revelation for its striking confusing symbolism Many of these people would experience less confusion if they realized that most of these symbols are borrowed by the beloved disciple from other parts of the Bible Manzano is faithful and responsible in allowing the Bible to interpret itself and establishing the Old Testament especially the book of Daniel as the foundation for decoding Revelation's mysteries As Bible prophecy continues to unfold and this world continues to unravel like a cheap sweater the frustration and turmoil that ensues will dissipate by the encouraging tone of this book Readers are subsequently prompted to dive into Revelation and study afresh to reconnect with the Lamb King around whom its messages revolve

**The Battle of Megiddo** Eric W. Osborne, 2023-08-21 The Battle of Megiddo was not only the last large cavalry offensive in world history but also a tribute to combined arms operations fostered over the course of the First World War Fought between 19-25 September 1918 it was the final Allied offensive of the Sinai and Palestine Campaign The contending forces were the British Empire's EEF Egyptian Expeditionary Force of three infantry and one mounted corps pitted against the Ottoman German Yildirim Army Group which numbered three weak armies with the approximate total

strength of a single enemy corps Comparable to what General Erich von Ludendorff called the Black Day of the German Army opening of the Battle of Amiens 8 August 1918 on the Western Front the complete Ottoman defeat would have been impossible without the application of superior logistics Whilst Megiddo did not determine the outcome of the war in the Middle East the ramifications of the victory decisively shaped the post war world in the region

**The God Dilemma** V. C. Thomas, 2009-08 Today s modern technology and scientific knowledge contradicts all religious dogma created in ancient times by ignorant and superstitious people who had just learned to write Modern science can test the strength of one s faith and it can make him a skeptic causing him to discard the religious beliefs of his family for generations past Deep religious experiences or self induced delusions can be explained by physical psychological biological and medical sciences today Evil or Sin is the result of social and mental conditions and can be corrected with education and medication today and without the help of an imaginary God To quote Mark Twain Faith is to believe in what you know for sure is not true The GOD Dilemma is an unscientific investigation to justify believing in religion today and in particular the Christian faith It argues that scientific and logical discussions about religion and the existence of God are futile however we cannot stop thinking about it Humans are maybe born with a faith in God s existence and with a conscience that tells them which is morally and ethically right and which is not Author Thomas used to believe in religion God and Christianity through his teenage years but even if he learned to ignore it during his 50 adult years he never consciously discarded his Christian faith He now shares his investigations and attempts to believe in Jesus Christ once again despite today s knowledge of the universe and evolution and by ignoring the sanctimonious behavior of fundamentalist US Christians In the international scene Thomas believes that the US wars since WWII cannot be justified by the life and the teachings of Jesus Christ There is an underlying moral claim by fundamentalist Christian Americans that its actions are justified by Jesus and Christianity The new phenomenon called Christian Zionism which requires the removal of Palestinians from their homeland to create and expand Israel to enable the second coming of

Christ categorically contradicts the teachings of Jesus in the four Gospels Zionism is based on the Old Testament Bible OTB and Revelations in the New Testament both of which are scientifically ridiculous The OTB is also historically questionable about a God interacting with his only chosen people in Middle East and morally criminal God sponsored and assisted armed robbery and genocide to create Israel ancient and modern by today s legal and ethical standards Why has the life and teachings of Jesus Christ not produced universal love and non violence among Christians Why are American Christians the most active supporters of or not speaking out against the wars bombing and destruction by the USA since WWII Are Ashkenazi European Jews really the descendants of Semitic slaves from Egypt What were the reasons for anti Semitism and the Holocaust in Christian Europe of the past Why is the European Union and the US punishing the Palestinians for the Holocaust crimes in Europe Can God s orders in the Bible be legally used by the United Nations to recreate Israel again in the 20th century after 3000 years by getting rid of Palestinians The book seeks to inform and provoke critical thinking of the readers through this investigation into religion and God and in particular the violent intolerant and self righteous behavior of Christians for centuries past and even in today s enlightened age using the source of the Christian religion the Bible The CRC Press Terrorism Reader Marie-Helen Maras,2013-11-11 From CRC Press s unrivaled pool of author experts comes the ultimate reader on terrorism With information drawn from premier titles in the CRC Press collection it focuses on how to prepare for mitigate counter and respond to terror threats and acts Policy issues critical infrastructure protection terrorism funding and target selection is discussed along with weapons of mass destruction intelligence and antiterrorism efforts terrorism crisis management and responder issues The book goes beyond theory to provide practitioner knowledge from the field straight into the reader s hands delivering real world solutions to terrorist threats and acts at home and abroad **The Middle East in Modern World History** Ernest Tucker,2016-05-23 The Middle East in Modern World History focuses on the history of this region over the past 200 years It examines how global trends during this period shaped the Middle East and how these trends were affected by the region s development Three trends from the past two centuries are highlighted The region as a strategic conduit between East and West The development of the region s natural resources especially oil The impact of a rapidly globalizing world economy on the Middle East *And the Lamb Wins* Simon Ponsonby,2010-01-01 There is a growing collective interest in the end times But with that interest comes a barrage of confusing and sometimes misleading ideas and messages With so much available information how can we discern fact from fiction Pastor Simon Ponsonby takes an eye opening look at what the future holds Cutting through today s cultural din Simon examines provocative topics including Biblical indicators of the end times The return of Jesus Christ The tribulation and the rapture Israel s place in the future The true role of the antichrist Simon examines each event through the lens of solid scripture and shares how we can realistically and positively react to these revelations in our daily life Most of all we ll find that whatever the future has in store our hope lies beyond this world Because no matter the end the lamb wins **A Global History of**
