The

Armenian Massacres of 1915–1916 a Hundred Years Later Flavia Lattanzi, Emanuela Pistoia, 2018-05-30 This peer reviewed book features essays on the Armenian massacres of 1915 1916 It aims to cast light upon the various questions of international law raised by the matter The answers may help improve international relations in the region In 1915 1916 roughly a million and a half Armenians were murdered in the territory of the Ottoman Empire which had been home to them for centuries Ever since a dispute between Armenians and Turkey has been ongoing over the qualification of the massacres The contributors to this volume examine the legal nature and consequences of this event Their investigation strives to be completely neutral and technical The essays also look at the broader issue of denial For instance in Turkey public speech on the matter can still trigger criminal prosecution whereas in other European States denial of genocide war crimes and crimes against humanity is criminalized However the European Court of Human Rights views criminal prosecution of denial of the Armenian massacres as unlawful In addition one essay considers a state's obligation to remember by looking at lessons learnt from the Inter American Court of Human Rights Another contributor looks at a collective right to remember and some ideas to move forward towards a solution Moreover the book explores the way the Armenian massacres have affected the relationship between Turkey and the European Union

**Summer of '42** Levon Thomassian, 2025-06-06 Despite the overwhelming contributions made by the Armenians to the Allied war effort it is widely unknown that at least 18 000 served under the Third Reich After the war these so called collaborators were chastised and indiscriminately labeled as traitors by those unable to grasp the complexity of their circumstances Largely based on archival research German Armenian Relations in the Second World War attempts to separate fact from fallacy by examining the complex motives treatment and history of these Armenians

**Adjarian's Armenian dialectology (1911)** Hossep Dolatian, 2024-11-26 Armenian is an Indo

European language Alongside two varieties there are countless non standard dialects many of which were made extinct because of the Armenian Genocide This book is an English translation of a monograph originally written in Armenian by Hrachia Adjarian or Armenian dialectology The original monograph consisted of descriptions of 31 non standard Armenian varieties The present book is both a translation and commentary on this monograph The translation includes paradigm tables sound changes morpheme segmentation glossing and IPA transcriptions Aleppo and its Hinterland in the Ottoman Period / Alep et sa province à l'époque ottomane Stefan Winter, Mafalda Ade, 2019-10-21 Aleppo and its Hinterland in the Ottoman Period comprises eleven essays in English and French by leading scholars of Ottoman Syria which draw on new research in Turkish Levantine and other archival sources Focusing on both the city and its place in the wider region the collection examines trade guilds and Christian settlement in Aleppo Turkmen and Bedouin tribes in Aleppo's interior international trade and the establishment of an Ottoman commercial tribunal in the Tanzimat period Aleppo and the rise of the millet system the Belgian consular presence Sufi networks in the province of Aleppo the countryside of Antioch under the Egyptian occupation and the urban revolt of 1850 With contributions from Enver akar Elyse Semerdjian Charles Wilkins Stefan Winter Mary Momdjian Bruce Masters Sylvain Cornac Mafalda Ade Feras Krimsti Nicolas Jodoin Stefan Knost *Armenian History and the Question of Genocide* M. Gunter, 2011-05-09 An analysis of the Turkish position regarding the Armenian claims of genocide during World War I and the continuing debate over this issue the author offers an equal examination of each side's historical position The book asks what is genocide and illustrates that although this is a useful concept to describe such evil events as the Jewish Holocaust in World War II and Rwanda in the 1990s the term has also been overused misused and therefore trivialized by many different groups seeking to demonize their antagonists and win sympathetic approbation for them The author includes the Armenians in this category because although as many as 600 000 of them died during World War I it was neither a premeditated policy perpetrated by the Ottoman Turkish government nor an event unilaterally implemented without cause Of course in no way does this excuse the horrible excesses committed by the Turks
