*Nominations Before the Senate Armed Services Committee, First Session, 107th Congress* United States. Congress. Senate. Committee on Armed Services, 2002      **Department of Defense Authorization for Appropriations for Fiscal Year 1991** United States. Congress. Senate. Committee on Armed Services, 1991      [Air University Library Index to Military Periodicals](#) ,1999      **The Treaty on Conventional Armed Forces in Europe** Mark Wilcox, 2024-03-04 This work examines the CFE Treaty as a factor in Russia's foreign and security policy Moscow showed amazing persistence in their relationship with the cornerstone of European security Their approach to the treaty was a genuine attempt to shape the security environment in Europe and the former USSR The treaty also enabled the dismantling of large conventional forces as they returned from Eastern Europe and transitioned into the armies of the newly independent states of the former USSR The CFE Treaty though proved ineffective at constraining the enlargement of NATO Simultaneously Moscow's foreign and security policy evolved from one that focused on the domestic development of the country to that of a more confident state reasserting itself as a great power Drawing extensively on primary sources and analyses by Russian authors this book employs two historical narratives case studies and a conceptual framework to show that while Moscow remained engaged with the CFE Treaty undesired effects on Russia's national interests gradually accrued at the expense of desired ones leading Vladimir Putin to withdraw Russia from the treaty as an act of decoupling from the collective West This book is relevant to scholars and policymakers who want to understand Russia's approach to arms control as an element of military security

*Transformation of the Indian Armed Forces 2025* A K Lal, 2012-03-01 Transformation should lie at the heart of our new approach to defense The development of transformational capabilities processes and force structures should be given strategic focus to meet the principal challenges under our defense strategy India is already faced with the necessity of

transformation albeit without any documented national security guidelines or operating instructions which are legislated or have the validation of at least the Cabinet Committee on Security CCS In other words the first step would be to create a draft security strategy based on many assumptions like the foreign policy or the cumulative emerging threat scenario as appreciated by the Defence Intelligence Agency DIA This well researched book is a result of the project allotted by the USI under the Field Marshal K M Cariappa chair The book is therefore more as an idea or a theoretical construct basically to bring in more clarity to the various options available for this great transformation of the Indian military The author has deliberated upon various landmarks of transformation milestones achieved so far by the three services and given recommendations to further build upon ongoing modernization plan and shift to a higher plane of transformational activities

*United States Defense Industrial Base* United States. Congress. House. Committee on Armed Services. Subcommittee on Military Procurement, 2002 *Hearings, Reports and Prints of the House Committee on Armed Services* United States. Congress. House. Committee on Armed Services, *Rethinking Military Professionalism for the Changing Armed Forces* Krystal K. Hachey, Tamir Libel, Waylon H. Dean, 2020-06-09 This book will make a first contribution to identify the gaps in current practices and provide alternative mechanisms to conceptualize professionalism that is reflective of changing requirements culture and demographics of the contemporary military force The military profession promotes the development sustainment and embodiment of ethos which guides conduct across operational contexts from times of national and international crises and security challenges e g war natural disasters and peace support operations It is imperative for military leaders to understand how ethos and doctrine shape professional frameworks which guide the conduct of military members

**Defence Industrial Cooperation in the European Union** Daniel Fiott, 2019-03-28 This book provides an empirical understanding of how EU level defence industrial cooperation functions in practice Using the Liberal Intergovernmental theoretical model the book argues that while national economic preferences are an essential factor of government interests they only explain part of the dynamic that leads to the development of defence industrial policy at EU level Moving beyond a simple adumbration of economic preferences it shows how the EU s institutional framework and corpus of law are used by governments to reaffirm their position as the ultimate arbiter and promoter of national economic preferences in the defence industrial sector To this end the work asks why and how EU member state governments European defence firms and EU institutions developed EU level defence industrial policy between 2003 and 2009 The book also analyses significant policy developments including the establishment of a European Defence Agency and two EU Directives on equipment transfers and defence procurement This book will be of much interest to students of EU policy defence studies security studies and International Relations in general
