A Critical Introduction to Law and Literature Kieran Dolin, 2007-03-15 Despite their apparent separation law and literature have been closely linked fields throughout history Linguistic creativity is central to the law with literary modes such as narrative and metaphor infiltrating legal texts Equally legal norms of good and bad conduct of identity and human responsibility are reflected or subverted in literature s engagement with questions of law and justice Law seeks to regulate creative expression while literary texts critique and sometimes openly resist the law Kieran Dolin introduces this interdisciplinary field focusing on the many ways that law and literature have addressed and engaged with each other He charts the history of the shifting relations between the two disciplines from the open affiliation between literature and law in the sixteenth century Inns of Court to the less visible links of contemporary culture Originally published in 2007 this book provides an accessible guide to one of the most exciting areas of interdisciplinary scholarship Selected Poems Alexander Pope, 1965 **Meeting Without Knowing It** Alexander Bubb, 2016-02-11 Meeting Without Knowing It compares Rudyard Kipling and W B Yeats in the formative phase of their careers from their births in 1865 up to 1903 The argument consists of parallel readings wed to a biographic structure Reading the two poets in parallel often yields remarkable discursive echoes For example both men were similarly preoccupied with the visual arts with heroism with folklore balladry and the demotic voice Both struck vatic postures and made bids for public authority premised on an appeal to what they considered the

mythopoeic impulse in fin de siècle culture My methodology consists in identifying these mutual echoes in their poetry and political rhetoric before charting them against intersections in their lives Kipling and Yeats were for much of their careers irreconcilable political enemies However a cross reading of the two poets bardic ambitions heroic tropes and interpretations of history reveals that to achieve their opposed political ends they frequently partook of a common discourse Supplementing this analysis with biographical context we can trace these shared concerns to their late 19th century artistic upbringing and to the closely linked social circles which they inhabited in fin de siècle London It is in fact their very mutuality during the 1890s which lent rancour to their ideological division after the Boer War In turn acrimony and denunciation only served to bind together all the more intimately in an argumentative spiral of revolving discourses two men who were often proximate but who actually met only in cartoons and satirical gossip *Chicorel Index to Poetry in Anthologies and Collections in Print, 1975-1979* Marietta Chicorel, 1979

Victorian Poetry and the Culture of Evaluation Clara Dawson, 2020 Demonstrates how periodicals newspapers and annuals influenced Victorian poetry and offers fresh interpretations of central Victorian poets including Tennyson Barrett Browning Browning Arnold Landon and Clough *Outlines of English and American Literature; An Introduction to the Chief Writers of England and America, to the Books They Wrote, and to the Times in Which They Lived* William J. Long, 2025-08-19 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *The Bookman*, 1913

The Critic, 1883

A Short History of English Literature Harry Blamires, 2013-02-28 First published in 2012 This work of introduction is designed to escort the reader through some six centuries of English literature It begins in the fourteenth century at the point at which the language written in our country is recognizably our own and ends in the 1950s It is a compact survey summing up the substance and quality of the individual achievements that make up our literature The aim is to leave the reader informed about each writer's main output sensitive to the special character of his gifts and aware of his place in the story of our literature as a whole

Lines and Lyrics Matt BaileyShea, 2021-01-01 An introduction to poetry geared toward the study of song Fusing an approach that engages both lyrics and musical content of English language songs in a wide swath of genres Lines and Lyrics gives readers the tools and concepts to help them better interpret songs in an accessible and enjoyable format Victoria Malawey author of *A Blaze of Light In Every Word Analyzing the Popular Singing Voice* I can think of no other book that juxtaposes art song and pop song so effectively in a way that doesn't privilege one over the other This is a real achievement and a must have for anyone who loves words and songs Stephen Rodgers University of Oregon Bruce Springsteen Benjamin Britten Kendrick Lamar Sylvia Plath Outkast and Anne Sexton collide in this inventive study of poetry and song Drawing on literary poetry rock rap musical theater and art songs from the Elizabethan period to the present Matt BaileyShea reveals how every issue in poetry has an important corresponding status in song but one that is always

transformed Beginning with a discussion of essential features such as diction meter and rhyme the book progresses into the realms of lineation syntax form and address and culminates in an analysis of two complete songs Throughout BaileyShea places classical composers and poets in conversations with contemporary songwriters and musicians T S Eliot and Johnny Cash Aaron Copland and Pink Floyd so that readers can make close connections across time genres and fields but also recognize inherent differences To aid the reader the author has created a Spotify playlist of all the music discussed in this book and provides time cues throughout enabling readers to listen to the music as they read

The Publishers' Trade List Annual ,1878 **The Oxford Handbook of Victorian Poetry** Matthew Bevis,2013-10 The Oxford Handbook of Victorian Poetry offers an authoritative collection of original essays and is an essential resource for those interested in Victorian poetry and poetics *The Victorian Novel and the Problems of Marine Language* Matthew P. M. Kerr,2022 This book shows how prose writers in the Victorian period grappled with the sea as a setting a shaper of plot and character as a structuring motif and as a source of metaphor
