Around The Day In Eighty Worlds:

Around the Day in Eighty Worlds Julio Cortázar,1990 *Around the Day in Eighty Worlds* Martin

Savransky,2021-04-19 In *Around the Day in Eighty Worlds* Martin Savransky calls for a radical politics of the pluriverse amid the ongoing devastation of the present Responding to an epoch marked by the history of colonialism and ecological devastation Savransky draws on the pragmatic pluralism of William James to develop what Savransky calls a pluralistic realism an understanding of the world as simultaneously one and many ongoing and unfinished underway and yet to be made Savransky explores the radical multifariousness of reality by weaving key aspects of James s thought together with divergent worlds and stories of Magellan s circumnavigation sorcery in Mozambique God s felt presence among a group of evangelicals in California visible spirits in Zambia and ghosts in the wake of the 2011 tsunami in Japan Throughout he experiments with these storied worlds to dramatize new ways of approaching the politics of radical difference and the possibility of transforming reality By exploring and constructing relations between James s pluralism and the ontological turn in anthropology Savransky offers a new conceptualization of the pluriverse that fosters modes of thinking and living otherwise

research students and practitioners that demonstrate contemporary modes of criticality and reflection on specific interior environments in ways that expand upon that which is ordinary of the everyday common banal or taken for granted **Latin American Literature in Transition 1930-1980: Volume 4** Amanda Holmes, Par Kumaraswami, 2022-12-08 Latin American Literature in Transition 1930 1980 explores the literary landscape of the mid twentieth century and the texts that were produced during that period It takes four core areas of thematic and conceptual focus solidarity aesthetics and innovation war revolution and dictatorship metropolis and ruins and employs them to explore the complexity heterogeneity and hybridity of form genre subject matter and discipline that characterised literature from the period In doing so it uncovers the points of transition connection contradiction and tension that shaped the work of many canonical and non canonical authors It illuminates the conversations between genres literary movements disciplines and modes of representation that underpin writing form this period Lastly by focusing on canon and beyond the volume visibilizes the aesthetics poetics politics and social projects of writing incorporating established writers but also writers whose work is yet to be examined in all its complexity *The Routledge Handbook of Social Studies of Outer Space* Juan Francisco Salazar, Alice Gorman, 2023-07-10 The Routledge Handbook of Social Studies of Outer Space offers state of the art overview of contemporary social and cultural research on outer space International in scope the thirty eight contributions by over fifty leading researchers and artists across a variety of disciplines and fields of knowledge present a range of debates and pose key questions about the crafting of futures in relation to outer space The Handbook is a call to attend more carefully to engagements with outer space empirically affectively and theoretically while characterizing current research practices and outlining future research agendas This recalibration opens profound questions of intersectional politics race equity and environmental justice around the contested topics of space exploration and life off Earth Among the many themes included in the volume are the various infrastructures networks and systems that enable and sustain space exploration space heritage the ethics of outer space social and environmental justice fundamental debates about life in outer space as it pertains to both astrobiology and SETI the study of scientific communities the human body and consciousness Indigenous astronomical systems of Knowledge contemporary space art and ongoing critical interventions to overcome the legacies of colonialism and dismantle hegemonic narratives of outer space On Theory-Fiction and Other Genres Simon O'Sullivan, 2024-11-27 This book looks at three different kinds of writing practice theory fiction autofiction autotheory and art writing that are increasingly prevalent as genres or hybrid genres in the arts and critical humanities The chapters in the book operate as a critical survey of these new forms of writing many examples are listed whilst at the same time they each work towards some provisional definitions Some key precursors to these new genres are also identified The book explores what these new kinds of writing do What is particular to them or what do they add to those already existing styles and genres and especially the academic essay and article Key here is that each form of writing works in a performative manner or as a device that enables a shift in perspective

A case is made for their urgency in relation to contemporary issues and concerns and for their importance in terms of being both from and for more marginalised communities The book concludes with a discussion of machine writing and especially our collaboration with artificial intelligence language models Political Breakout: Situation, Need, Action Tony Fry, 2025-04-08 The book is totally preoccupied with thinking beyond existing political thought and institutions It recognizes that irrespective of who or where we are and no matter if we know it or not we now all live in the end times Most explicitly this moment is expressed by evolutionary biology making clear that planetary life is at the start of the sixth extinction event a situation indivisible from climate change impacts The already unstable geopolitical state of the world and its dangers will amplify the coming eco environmental conditions resulting in population displacement resource stress critical conditions of food security and conflict Globally across all political ideologies existing institutional politics demonstrate an incapability of responding to these situations There is an evident temporal disjuncture between how extant politics is positioned in time and the moment of an ever accelerating end times Effectively political institutions their theory and practice are out of step with terminal speeding defuturing events As the book makes clear this situation needs to be fully recognised At the same time there are visions and political positions presenting themselves as directing what will come after the end times Viewing these positions indicates that the future will be plural and contested In one direction technology and corporations will become even more powerful as a critique of the literature on accelerationism shows But at the other extreme a huge swathe of displaced humanity is almost certain to be abandoned In the face of these prospects new political thinking and practices are essential But this will not come from the existing political paradigm Such change needs a new political imagination Responding to this need is a primary focus of the book To do this the influence of Spinoza on political imagination provides a key point of engagement and departure **Conversations with Durito** Marcos (subcomandante.), 2005 In 1994 from the Lacandon jungle Zapatista Subcomandante Marcos replied to a ten year old girl in Mexico City who had sent him a drawing In his response Marcos conjured up a first fable introducing the beetle and knight errant Don Durito de la Lacandon The ensuing output of Durito related communiques and tales comprise a broad discourse of the Zapatistas struggle revealing their organizational history their critique of traditional politics and the reasons for their opposition to neoliberalism These elements have helped make the Zapatistas an exemplary reference in the international movement against capitalist globalization *Conversations with Durito* includes all the Durito stories issued to date translated annotated and contextualized by the Accion Zapatista Editorial Collective and illustrated by simpatico artists Poetic humorous and imaginative these fables provide an excellent introduction to the politics of globalization from the radical perspective of indigenous struggle Publisher's website
