Ars Erotica:

Ars Erotica Richard Shusterman, 2021-03-25 The term ars erotica refers to the styles and techniques of lovemaking with the honorific title of art But in what sense are these practices artistic and how do they contribute to the aesthetics and ethics of self cultivation in the art of living In this book Richard Shusterman offers a critical comparative analysis of the erotic theories proposed by the most influential premodern cultural traditions that shaped our contemporary world Beginning with ancient Greece whose god of desiring love gave eroticism its name Shusterman examines the Judaeo Christian biblical tradition and the classical erotic theories of Chinese Indian Islamic and Japanese cultures before concluding with medieval and Renaissance Europe His exploration of their errors and insights shows how we could improve the quality of life and love today By using the engine of eros to cultivate qualities of sensitivity grace skill and self mastery we can reimagine a richer more positive vision of sex education

Ars Erotica Edward Lucie-Smith, 1997 The social course of sexuality is revealed in the erotic poetry and prose of writers from ancient times through the present including John Donne Pablo Neruda the Marquis de Sade e e cummings and many anonymous writers

Ars Erotica Edward Lucie-Smith, 2004 Ars Erotica looks at the way in which perceptions of the erotic and its expressions have changed at turning points in Western history how the interplay of repression and permissiveness has affected art and literature The social course of sexuality is revealed in the erotic poetry and prose of writers from ancient times through the present including John Donne Pablo Neruda the Marquis de Sade e e cummings and many anonymous writers Arousing art of all periods and mediums images illustrating the Kama Sutra and Japanese scrolls the engravings of Marcantonio Raimondi the paintings of Watteau and Manet Edward Munch s Puberty the photography of Arthur Tress and the work of Aubrey Beardsley David Hockney Andres Serrano and many others illustrates the theme of each chapter Contemporaneous social and critical reactions to this art and literature are discussed and debates are presented on the timeless issue of pornography

Misers, Shrews, and Polygamists Keith McMahon, 1995 Having multiple wives was one of the mainstays of male privilege during the Ming and Qing dynasties of late imperial China Based on a comprehensive reading of eighteenth century Chinese novels and a theoretical approach grounded in poststructuralist psychoanalytic and feminist criticism *Misers Shrews and Polygamists* examines how such privilege functions in these novels and provides the first full account of literary representations of sexuality and gender in pre modern China In many examples of rare erotic fiction and in other works as well known as *Dream of the Red Chamber* Keith McMahon identifies a sexual economy defined by the figures of the miser and the shrew caricatures of the retentive self containing man and the overflowing male enervating woman Among these and other characters the author explores the issues surrounding the practice of polygamy the logic of its overvaluation of masculinity and the nature of sexuality generally in Chinese society How does the man with many wives manage and justify his sexual authority Why and how might he escape or limit this presumed authority sometimes to the

point of portraying himself as abject before the shrewish woman How do women accommodate or coddle the man or else oppose undermine or remold him And in what sense does the man place himself lower than the spiritually and morally superior woman The most extensive English language study of Chinese literature from the eighteenth century this examination of polygamy will interest not only students of Chinese history culture and literature but also all those concerned with histories of gender and sexuality

Aesthetic Sexuality Romana Byrne, 2013-11-28 To understand why the concept of aesthetic sexuality is important we must consider the influence of the first volume of Foucault's seminal *The History of Sexuality* Arguing against Foucault's assertions that only scientia sexualis has operated in modern Western culture while ars erotica belongs to Eastern and ancient societies Byrne suggests that modern Western culture has indeed witnessed a form of ars erotica encompassed in what she calls aesthetic sexuality To argue for the existence of aesthetic sexuality Byrne examines mainly works of literature to show how within these texts sexual practice and pleasure are constructed as having aesthetic value a quality that marks these experiences as forms of art In aesthetic sexuality value and meaning are located within sexual practice and pleasure rather than in their underlying cause sexuality's raison d'être is tied to its aesthetic value at surface level rather than beneath it Aesthetic sexuality Byrne shows is a product of choice a deliberate strategy of self creation as well as a mode of social communication

Sex Robots Ruiping Fan, Mark J. Cherry, 2021-11-03 This book provides cross cultural ethical exploration of sex robots and their social impact What are the implications of sex robots and related technological innovations for society and culture How should we evaluate the significance of sexual relations with robots that look like women men or children Critics argue that sex robots present a clear risk to real persons and a social degradation that will increase sexual violence objectify women encourage pedophilia reinforce negative body images increase forms of sexual dysfunction and pass on sexually transmitted disease Proponents judge robotic sexual companionship as just another step in the exploration of human desire They see sex robots and similar technology such as virtual reality pornography as providing autonomy affirming companionship for the lonely and a relatively harmless outlet for sexual fantasies that avoids the use of human prostitutes and thus reduces sexual victimization Some appreciate sex robots as a social evil others as a positive good and still others as a harmless pastime How we come to terms with such conceptual and moral concerns will have significant implications for society and the future of human relations This book is of great interest to researchers in bioethics human sexual behavior AI ethics and philosophy of sex

The Roots of Power Maxine Sheets-Johnstone, 1994 Sheets-Johnstone critically examines the work of contemporary theorists including Judith Butler Michel Foucault Jacques Lacan Jean Paul Sartre and Jacques Derrida in an effort to recover the lived body and its impact on gendered existence and power relations Deeply critical of feminist writers who minimize biological experience she argues

that theorists must thoroughly consider the evolutionary body in order to understand its cultural reworkings Choice review

Foucault and the Kamasutra Sanjay K. Gautam, 2016-06-22 The Kamasutra is best known in the West for its scandalous celebration of unbridled sensuality Yet there is much much more to it embedded in the text is a vision of the city founded on art and aesthetic pleasure In Foucault and the Kamasutra Sanjay K Gautam lays out the nature and origin of this iconic Indian text and engages in the first serious reading of its relationship with Foucault Gautam shows how closely intertwined the history of erotics in Indian culture is with the history of theater aesthetics grounded in the discourse of love and Foucault provides the framework for opening up an intellectual horizon of Indian thought To do this Gautam looks to the history of three inglorious characters in classical India the courtesan and her two closest male companions her patron the dandy consort and her teacher and advisor the dandy guru Foucault's distinction between erotic arts and the science of sexuality drives Gautam's exploration of the courtesan as a symbol of both sexual erotic and aesthetic pleasure In the end by entwining together Foucault's works on the history of sexuality in the West and the classical Indian texts on eros Gautam transforms our understanding of both even as he opens up new ways of investigating erotics aesthetics gender relations and subjectivity

Sexuality and Eroticism in a Post-pandemic World, 2023-09-20 The cultural change denominated as the new normal goes far beyond the adaptation to habits like physical distancing limited person to person contact teleworking and self isolation established with the COVID 19 pandemic A series of significant transformations in human behavior spreads today in societies all around the world physical intimacy decreases while virtual reality expands and alterity declines while artificial intelligence emerges leading to structural reconfigurations of sex relationships gender awareness and subjectivity Sexuality and Eroticism in a Post pandemic World explores this new cultural atmosphere through twelve interdisciplinary essays questioning global governmentality and challenging the biopolitics of the new normal the administration of self control societies so politically correct that repressed desire for otherness only finds a simulation of its satisfaction with the forced abnormality outrageousness and violence of mainstream porn going from ars erotica to alternative pornography from online dating to gender fluidity from LGBTQI activism to sex life cultivation and more

Ming Erotic Novellas Richard G Wang, 2011-03-13 Richard Wang's Ming Erotic Novellas is path breaking in its attention to a virtually ignored body of literature that certainly influenced the writing of the Jin Ping Mei the Sanyan vernacular stories and most likely Li Yu's fiction Compared to other titles in the field this is the first scholarly monograph in any language to contextualize the erotic novellas of late imperial China Moreover existing studies in this area have tended to concentrate on a limited number of works of Chinese erotic fiction or have only brushed up against these works tangentially during more general discussion of Ming and Qing literature Ming Erotic Novellas adopts a provocative approach to fiction moving beyond the traditional textual analyses of gender politics and the qing cult and examining these erotic novellas as a new genre within the contexts of print culture readership consumption patterns as well as religious dimensions Ming Erotic Novellas focuses on a group of mid to

late Ming literary wenyan novellas which are all stories of erotic romance These novellas include a profusion of poems mixed with prose narratives that are characterized by simple literary Chinese with a tendency toward the vernacular Their plots are complex with some running 20 000 characters or more allowing for nuanced character development rich dialogue and psychological description Circulated widely during the Ming the novellas had a significant impact on later erotic and scholarbeauty caizi jiaren novels This particular group of novellas was of great importance in the development of Chinese fiction functioning as a transitional link between the classical tale to the vernacular novel By approaching these works through the lens of a cultural study Wang is able to explore the social functions of the novellas as well as their significance in the development of Chinese fiction in the Ming cultural context Advanced Spiritual Intimacy Stuart Sovatsky,2014-05-14 A practical guide for both individuals and couples to transform sexual energy into spiritual and erotic fulfillment Explains how to awaken advanced stages of sexual development for spiritual intimacy and deep erotic satisfaction Includes illustrated instructions for exercises and techniques based on yoga kundalini breathing practices mantra chanting and chakra meditation Explores how this practice can deepen a life partnership enhance creativity heal emotional scars and awaken new understandings of gender Sexual development does not end in adolescence There are advanced stages of glandular emotional and erotic development based in the lifelong puberty of the spine Known in India as kundalini awakening these stages form the energetic basis of all yoga forms and deeper erotic aspirations They present an opportunity for couples and individuals to explore the consciousness expanding abilities of sexual energy as both spirituality and sexuality transform into what Michel Foucault called ars erotica far beyond the Freudian scientia sexualis sexuality of the Western world Offering a guide to the advanced stages of human sexuality and a passionately infused tantric yoga practice Stuart Sovatsky explains how to awaken the complete spinal puberty resulting in spiritual intimacy and orgasmic pineal maturity that far surpasses the gratifications of modern sexuality With illustrated instructions he reveals flow yoga asanas mantras and devotional breathing practices for solo kundalini yoga as well as couples yoga practices and chakra meditations to awaken the heart and the divinely eroticized mind He shares inspiring stories from those on this path about ever deepening life partnerships enriched family life enhanced personal creativity profound new understandings of conception masculinity femininity and gender itself as well as healing emotional scars of romantic breakups and sexual abuse Sovatsky shows that by transcending conventional Western sexuality and returning to the ars erotica beliefs of ancient India we can harness the divine energy glimpsed for only an instant by most people at the heart of all erotic yearning **Cartographies of Desire** Gregory M. Pflugfelder,2007-03-19 A remarkable and sorely needed synthesis of the best of traditional historiographical documentation and critically astute analysis and contextualization Cartographies complements and frankly exceeds any of the English language monographs on similar topics that precede it and it represents significant contributions to several fields outside of East Asian history including literature gender studies lesbian and gay studies and cultural studies Earl Jackson Jr author of Strategies of

Deviance Studies in Gay male Representation and Fantastic Living The Speculative Autobiographies of Samuel R Delany

The Opposite of Desire Tonya Krouse, 2009-01-01 The Opposite of Desire examines explicit representations of sex and sexuality in modernist novels and it asserts that those scenes provide a lens through which one can explore modernist aesthetic interests as well as the centrality of issues surrounding sex sexuality and gender in the modernist period With the aid of Michel Foucault's theories about sexual discourses Tonya Krouse shows how the modernists represent the idea of pleasure in their novels

Exploring Sexuality and Spirituality, 2020-10-20 The wide spectrum of links and interrelations found amongst the diversity of human sexual expressions and spiritual practices around the world constitutes one of the most fruitful grounds of scholarly research today Exploring Sexuality and Spirituality introduces an emerging academic field of studies focused on the multiplicity of problematizations intersecting spirituality and sexuality from eroticism and ecstasy embodiments to inner spiritual cultivation intimate relationships sex education and gender empowerment This collection of essays addresses subjects such as prehistoric art Queer Theology BDSM Tantra the Song of Songs la petite mort asceticism feminist performative protests and sexually charged landscapes among others Through varied methodologies and state of the art interdisciplinary approaches this volume becomes highly useful for readers engaged in the integration of scholarly and practical knowledge

Gender and Self in Islam Etin Anwar, 2006-09-27 Using philosophical analysis this book explores the construction of gender in Muslim societies and its implication to the constitution of the self The root of the existing discourse of the hierarchical principle is examined as is the extent to which the process of human reproduction especially the role of women in conception contributes to an anti egalitarian theory of gender The author analyzes the theological cultural and political apparatus of the masculine conception of femininity and seeks to unfold the process of the alienation of the self from a woman's sense of individuality agency and autonomy Incorporating traditional Islamic sources Western feminist texts and Christian texts Gender and Self in Islam seeks to restructure the contradictory claims of gender hierarchy and egalitarianism and elaborate an alternative set of interpretations that is friendly and inclusive of women

Thinking Sex with the Early Moderns Valerie Traub, 2016 What do we know about early modern sex and how do we know it How when and why does sex become history In Thinking Sex with the Early Moderns Valerie Traub addresses these questions and in doing so reorients the ways in which historians and literary critics feminists and queer theorists approach sexuality and its history Her answers offer interdisciplinary strategies for confronting the difficulties of making sexual knowledge Based on the premise that producing sexual knowledge is difficult because sex itself is often inscrutable Thinking Sex with the Early Moderns leverages the notions of opacity and impasse to explore barriers to knowledge about sex in the past Traub argues that the obstacles in making sexual history can illuminate the difficulty of knowing sexuality She also argues that these impediments themselves can be adopted as a guiding principle of historiography sex may be good to think with not because it permits us access but because it doesn't

The Price of Sex

Belinda Brooks-Gordon, 2013-06-17 As a society we are buying more sex than ever before Adult sex shops now take their place amongst retailers in the high street and lap dancing clubs compete for an increased share of the leisure economy hotel chains offer sexually explicit films as part of their standard service the party selling of adult toys to women in their homes has become a mainstream activity and at the traditional end of the sexual service economy prostitution has experienced new growth Along with this has come new legal measures and attempts to regulate the sexual leisure economy and far more comprehensive plans than ever before to regulate prostitution in particular in the form of the new Sex Offences Act This book seeks to address the range of issues and contemporary debates on the sex industry including the demand by customers who buy sex the policing of women who work in the street sex industry and the violence that pervades prostitution It shows how these issues have been addressed in policy terms the problems that have emerged in this and how a social policy might be formulated to minimize harm and enhance public understanding Overall the book aims to provide a critical perspective on prostitution policies and the legal chaos and complexities that surround this
