media The broad scope of the volume is perhaps best reflected in a comprehensive discussion of communication technologies ranging from conventional spoken and written formats such as company brochures political speeches and TV shows to emerging ones like customer chat forums political blogs and text messaging Due to the books wide scope its interdisciplinary approach and its clear structure we are sure that whether you work in communication and media studies linguistics political science sociology or marketing you will find this handbook an invaluable guide offering state of the art literature reviews and exciting new research in your field and adjacent areas Museums and the Public Sphere Jennifer Barrett,2011-06-24
