Contemporary British Art Grant Pooke, 2012-11-12 The last few decades have been among the most dynamic within recent British cultural history Artists across all genres and media have developed and re fashioned their practice against a radically changing social and cultural landscape both national and global This book takes a fresh look at some of the themes ideas and directions which have informed British art since the later 1980s through to the first decade of the new millennium In addition to discussing some iconic images and examples it also looks more broadly at the contexts in which a new post conceptual generation of artists those typically born since the late 1950s and 1960s have approached and developed aspects of their professional practice Contemporary British Art is an ideal introduction to the field To guide the reader the book is organised around genres or related practices painting sculpture and installation and film video and performance The first chapter explores aspects of the contemporary art market and some of the contexts within which art is made supported and exhibited The chapters that discuss various genres of art practice also mention books that may be useful to support further reading Extensively illustrated with a wide range of work both known and less well known from artists such as Chris Ofili Rachel Whiteread Damien Hirst Banksy Anthony Gormley Jack Vettriano Sam Taylor Wood Steve McQueen and Tracey Emin and many more

The Idea of Waste John Scanlan,2025-03-15 A compelling rumination on detritus as an essential meaningful yet often problematic facet of human existence This book starts with the premise that waste is inevitable in human society and ends with a meditation on its inevitability The Idea of Waste explores how we have grappled with both the material reality and the specter of this shapeshifting phenomenon throughout history utilizing it dreaming of overcoming it yet never escaping it John Scanlan explores what waste is and why it seems to be intrinsic to human life at every turn in every age and epoch Finally he demonstrates how waste never disappears but rather only proliferates anew Scanlan s compelling narrative shows waste to be both an enduring material consequence of human activity and an idea or state of being

Art and Celebrity John A. Walker,2003 A lively and accessible study of what happens when the serious world of art collides with celebrity

□□□□ John Albert Walker,2005

Considering Animals Dr Carol Freeman,Dr Elizabeth Leane,Ms Yvette Watt,2013-07-28 Considering Animals draws on the expertise of scholars trained in the biological sciences humanities and social sciences to investigate the complex and contradictory relationships humans have with nonhuman animals Taking their cue from the specific animal moments that punctuate these interactions the essays engage with contemporary issues and debates central to human animal studies the representation of animals the practical and ethical issues inseparable from human interactions with other species and perhaps most challengingly the compelling evidence that animals are themselves considering beings Case studies focus on issues such as animal emotion and human sentimentality the representation of animals in contemporary art and in recent films such as March of the Penguins Happy Feet and Grizzly Man animals experiences in catastrophic events such as Hurricane Katrina and the SARS outbreak and the danger of overvaluing the role humans play in the earth s ecosystems From Marc Bekoff s moving preface through to the last essay Considering Animals foregrounds the frequent sometimes uncanny exchanges with other species that disturb our self contained existences and bring into focus our troubled relationships with them Written in an accessible and jargon free style this collection demonstrates that in the face of species extinction and environmental destruction the roles and fates of animals are too important to be left to any one academic discipline

Artrage! Elizabeth Fullerton,2021-10-14 The Young British Artists YBAs stormed on to the contemporary art scene in 1988 with their attention grabbing ironic art exploding art world conventions with brazen disdain Dismissed as trivial gimmickry and praised for its witty energy their art made a mark both on the art scene and on public consciousness that continues to reverberate today Artrage tells the raucous story of the YBAs chronicling the groups rise to prominence from the landmark show Freeze curated by Damien Hirst through their 1990s heyday and the notorious Sensation exhibition to the Momart fire of 2004 that seemed to symbolize the groups fading from centre stage The book ends with an update on the artists careers and fortunes Drawing on interviews with all the key BritArt players and extensive archival research Elizabeth Fullerton examines the individual characters their relationships to one

another crucial events and seminal artworks considering too the political economic and artistic context of those years
Plentiful quotations bring out the distinctive personalities and provide fresh insights into the people and the period Among
the artists discussed are Damien Hirst Rachel Whiteread Tracey Emin Jake and Dinos Chapman Sarah Lucas and Gary Hume
