Iconoclasm in Aesthetics Michael Kelly,2003-09-04 Contemporary theorizing about art is dominated by a clash between two approaches philosophers have characteristically taken the view that art is a vehicle of some universal meaning or truth while art historians and others working in the humanities emphasize the concrete nature and historical particularity of the work of art Is art capable of sustaining these two approaches Or as Kelly argues is art rather determined by its historical particularity If so then if philosophers continue to pursue mainly the universality of art they inadvertently end up exhibiting a disinterest and distrust in art Kelly calls such disinterest and distrust iconoclasm and in this book he discusses four philosophers Heidegger Adorno Derrida and Danto who are ultimately iconoclasts despite their deep philosophical engagement with the arts He concludes by suggesting ways in which iconoclasm in aesthetics can be avoided in the future

Proust And Signs Gilles Deleuze, 2014-09-26 In a remarkable instance of literary and philosophical interpretation the incomparable Gilles Deleuze reads Marcel Proust's work as a narrative of an apprenticeship more precisely the apprenticeship of a man of letters Considering the search to be one directed by an experience of signs in which the protagonist learns to interpret and decode the kinds and types of symbols that surround him Deleuze conducts us on a corollary search one that leads to a new understanding of the signs that constitute *A la recherche du temps perdu* In Richard Howard's graceful translation augmented with an essay that Deleuze added to a later French edition *Proust and Signs* is the complete English version of this work Admired as an imaginative and innovative study of Proust and as one of Deleuze's more accessible works *Proust and Signs* stands as the writer's most sustained attempt to understand and explain the work of art
