

AN ARK FOR THE POOR

L'Arche communities welcome all persons, no matter what their weaknesses or handicaps. In this book, L'Arche's founder, Jean Vanier, tells the story of the community's first thirty years: its foundations and growth, its joys and sorrows. Rather than list dates and places, Vanier chronicles the transformation that occurs when the poorest and weakest among us find a haven of love and safety to carry them through the storms of life: an ark for the poor.

Jean Vanier was born in Canada in 1928. From the first L'Arche community that he founded in France in 1964, L'Arche communities have spread throughout the world. They offer handicapped people and those who share their lives a place where they can grow and belong. Jean Vanier is known world-wide as a speaker, preacher and author of several books.

The L'Arche Collection is designed to help readers integrate L'Arche's spirituality into their everyday lives and to acquaint the whole church with the experience of L'Arche communities.

Ark For The Poor The Story Of Larche:

An Ark for the Poor Jean Vanier, 2012 L Arche communities welcome all persons no matter what their weaknesses or handicaps In this book L Arche s founder Jean Vanie tells the story of the community s first thirty years its foundations and growth its joys and sorrows Rather than list dates and places Vanier chronicles the transformation that occurs when the poorest and weakest among us find a haven of love and safety to carry them through the storms of life an ark for the poor

The Betrayal of Witness Stanley Hauerwas, Hans S. Reinders, 2024-04-16 The downfall of Jean Vanier due to the history of sexual abuse that came to light in 2020 has shocked everyone familiar with his life and work as the founder and leader of L Arche The authors in this book raise significant questions regarding his influential legacy and its relevance for theology and disability and for L Arche in particular Without any attempt to whitewash or downplay the seriousness of his transgressions the question cannot be avoided to sort out the good and the bad in Vanier It requires soul searching on the part of his theological heirs and those who have been influenced by him Finally his work with and influence upon L Arche raises the question of sustainability and how its communities might or might not be shaped by his tarnished legacy *My Home in L'Arche* Geoff Rigby, Stephen Rigby, David Treanor, 2014-12-01 Fifty years ago L Arche was born in a small French town called Trosly when Jean Vanier invited two men with intellectual disabilities living in a Mental Institution to come and live with him One hundred and forty three L Arche Communities now exist in over forty countries Sharing stories has become an essential feature of life within L Arche Communities and forms the basis for developing lasting mutual relationships not only between core members assistants and other members of a Community home but also within the broader L Arche Community Within our L Arche Communities in Australia we have developed a Remembering Celebrating and Dreaming process that encourages core members and companions from within the Community to spend time together getting to know each other dreaming about plans for the future and celebrating lives together Often a core member may not have been afforded an opportunity to share some aspects of their lives or to talk about issues that worry them or what they would like to do to make their lives comfortable Spending time listening and sharing stories helps to facilitate this process and provides an opportunity to share some of these memories and dreams with the broader Community families and friends One of the key parts of the L Arche Mission is to make known the gifts of people with intellectual disabilities and all too often we find that it is not only with those directly involved with core members that these gifts become apparent and have a profound influence but with all who come in contact with them Most of the time the stories that arise from these relationships are not shared outside the L Arche Communities The importance of sharing stories emanates from our history Universally as L Arche welcomed more people into Community we discovered that there was little or no attention paid to the lives and events of core members Many people had lived significant experiences and they needed these listened to and acknowledged as part of who they are and their personal history The primary objective of this book is to share some of these stories from people with and

without intellectual disabilities who have been involved in some way within L Arche Communities Living together and sharing as a Community as well as being part of the broader L Arche Australia and International Federation Family involves participation in many activities that involve day to day commitments and organisational demands All of these are part of the L Arche Australia story and we have tried to include snippets of information that highlight some of the background of L Arche together with features from day to day Community life and operation of the various Communities We hope you enjoy these stories and gain a little understanding of the heart of L Arche

The Lichen Factor Jim Lotz, 1998 *Untamed Hospitality (The Christian Practice of Everyday Life)* Elizabeth Newman, 2007-04-01 Christian hospitality is more than a well set table pleasant conversation or even inviting people into your home Christian hospitality according to Elizabeth Newman is an extension of how we interact with God It trains us to be capable of welcoming strangers who will challenge us and enhance our lives in unexpected ways readying us to embrace the ultimate stranger God In Untamed Hospitality Newman dispels the modern myths of hospitality as a superficial commodity that can be bought and sold at The Pottery Barn and restores it to its proper place within God s story as displayed most fully in Jesus Christ Worship she says is the believer s participation in divine hospitality a hospitality that cannot be sequestered from our economic political or public lives This in depth study of true hospitality will be of interest to professors students and scholars looking for a fresh take on a timeless subject Sharing Life Whitney-Brown, Carolyn, 2019 What does it take to begin a spiritual community Founders of early L Arche communities tell stories of risk joy pain and growth from life shared with people with intellectual disabilities in France Canada India USA UK Ivory Coast Haiti and Honduras

Making Room

Christine D. Pohl, 1999-08-03 Although hospitality was central to Christian identity and practice in earlier centuries our generation knows little about its life giving character Making Room revisits the Christian foundations of welcoming strangers and explores the necessity difficulty and blessing of hospitality today Combining rich biblical and historical research with extensive exposure to contemporary Christian communities the Catholic Worker L Abri L Arche and others this book shows how understanding the key features of hospitality can better equip us to faithfully carry out the practical call of the gospel

Religion as a Social Determinant of Public Health Ellen L. Idler, 2014 Frequently in partnership but sometimes at odds religious institutions and public health institutions work to improve the well being of their communities There is increasing awareness among public health professionals and the general public that the social conditions of poverty lack of education income inequality poor working conditions and experiences of discrimination play a dominant role in determining health status But this broad view of the social determinants of health has largely ignored the role of religious practices and institutions in shaping the life conditions of billions around the globe In Religion as a Social Determinant of Public Health leading scholars in the social sciences public health and religion address this omission by examining the embodied sacred practices of the world s religions the history of alignment and tension between religious and public health institutions the research on the health impact of religious practice throughout the life course and the role of religious institutions in health and development efforts around the globe In addition the volume explores religion s role in the ongoing epidemics of HIV AIDS and Alzheimer s disease as well as preparations for an influenza pandemic Together these groundbreaking essays help complete the picture of the social determinants of health by including religion which has until now been an invisible determinant

Reconsidering Intellectual Disability Jason Reimer Greig, 2015-08-18 Drawing on the controversial case of Ashley X a girl with severe developmental disabilities who received interventionist medical treatment to limit her growth and keep her body forever small a procedure now known as the Ashley Treatment Reconsidering Intellectual Disability explores important questions at the intersection of disability theory Christian moral theology and bioethics What are the biomedical boundaries of acceptable treatment for those not able to give informed consent Who gets to decide when a patient cannot communicate their desires and needs Should we accept the dominance of a form of medicine that identifies those with intellectual impairments as pathological objects in need of the normalizing bodily manipulations of technological medicine In a critical exploration of contemporary disability theory Jason Reimer Greig contends that L Arche a federation of faith communities made up of people with and without intellectual disabilities provides an alternative response to the predominant bioethical worldview that sees disability as a problem to be solved Reconsidering Intellectual Disability shows how a focus on Christian theological tradition s moral thinking and practice of friendship with God offers a way to free not only people with intellectual disabilities but all people from the objectifying gaze of modern medicine L Arche draws inspiration from Jesus s solidarity with the least of these and a commitment to Christian friendship that sees people with profound cognitive

disabilities not as anomalous objects of pity but as fellow friends of God This vital act of social recognition opens the way to understanding the disabled not as objects to be fixed but as teachers whose lives can transform others and open a new way of being human

Catholic Identity Or Identities? Gerald A. Arbuckle, 2013 How can Catholic leaders effectively train and form members of our institutions in the Gospel values that are the ultimate foundation of Catholic identities Internationally recognized author educator and facilitator Gerald A Arbuckle argues that it is time to acknowledge that the programs and processes used in the past are inadequate to our postmodern age The systems previously used to educate the staffs of our hospitals universities schools and other institutions rarely succeed today Although didactic teaching and discursive learning have their place they cannot be the primary method for forming identities Catholic Identity or Identities will assist a wide range of people bishops theologians pastoral workers institutional leaders and staffs and more in their various ministries Arbuckle draws on several disciplines including Scripture theology and history but in particular cultural anthropology to explain the importance of refounding adult formation for Catholic ministries and the practical ways to achieve it

Unfitting Stories Valerie Raoul, 2007-03-30 *Unfitting Stories* Narrative Approaches to Disease Disability and Trauma illustrates how stories about ill health and suffering have been produced and received from a variety of perspectives Bringing together the work of Canadian researchers health professionals and people with lived experiences of disease disability or trauma it addresses central issues about authority in medical and personal narratives and the value of cross or interdisciplinary research in understanding such experiences The book considers the aesthetic dimensions of health related stories with literary readings that look at how personal accounts of disease disability and trauma are crafted by writers and filmmakers into published works Topics range from psychiatric hospitalization and aestheticizing cancer to father daughter incest in film The collection also deals with the therapeutic or transformative effect of stories with essays about men sport and spinal cord injury narrative teaching at L Arche a faith based network of communities inclusive of people with developmental disabilities and the construction of a schizophrenic identity A final section examines the polemical functions of narrative directing attention to the professional and political contexts within which stories are constructed and exchanged Topics include ableist limits on self narration drug addiction and the disease model and narratives of trauma and Aboriginal post secondary students *Unfitting Stories* is essential reading for researchers using narrative methods or materials for teachers students and professionals working in the field of health services and for concerned consumers of the health care system It deals with practical problems relevant to policy makers as well as theoretical issues of interest to specialists in bioethics gender analysis and narrative theory Read the chapter *Social Trauma and Serial Autobiography Healing and Beyond* by Bina Freiwald on the Concordia University Library Spectrum Research Repository website

The Hermeneutical Spirit Amos Yong, 2017-11-06 In the contemporary biblical studies climate proposals regarding the theological interpretation of Scripture are contested particularly but not only because they privilege encourage and foster

ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood Within this context confessional approaches have been emerging including some from within the nascent pentecostal theological tradition This volume builds on the author s previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred Scripture is post Pentecost meaning after the Day of Pentecost outpouring of the Spirit on all flesh in anticipation of the coming reign of God In that respect such a pentecostal interpretative perspective is not parochially for those within the modern day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of Jesus the messiah and therefore has ecumenical and missional purchase across space and time The Hermeneutical Spirit thus provides close readings of various texts across the scriptural canon as a model for Christian theological interpretation of Scripture suitable for the twenty first century global context *Gospel Virtues* Jonathan R. Wilson,2004-08-16 Virtues are in but the work of Bill Bennett and others says little about specifically Christian virtues Jonathan Wilson now recounts the recent rise of virtue ethics and provides a compelling Christian account and justification of them Wilson engages such key figures as Alasdair MacIntyre and Stanley Hauerwas Focusing especially on the theological virtues of faith hope and love he not only sets forth a closely reasoned intellectual argument but suggests how an embrace of virtue ethics might change the nitty gritty practice of the church s education worship and hospitality Accessible informed and faithful *Gospel Virtues* is important reading for all who care about issues of character and community *A Theological Diagnosis* Matt Edmonds,2011-06-15 Matt Edmonds makes a vital critique of contemporary efforts to remove disability from the world around us Surveying the logic and language of both secular and religious health movements he highlights the misplaced generalisations and dubious values that cumulatively serve to undermine individual inclusion and well being on a day to day basis *Practical Theology* Joanna Z. Ray,2007-06-25 Through societal inequalities and the misuse of power a psychological burden of disablement is imposed upon people of faith with epilepsy this disempowerment is challenged by this work and an attempt has been made to highlight distorted applications of scripture and practice *Saved by Faith and Hospitality* Joshua W. Jipp,2017-08-21 Too few Christians today says Joshua Jipp understand hospitality to strangers and the marginalized as an essential part of the church s identity In this book Jipp argues that God s relationship to his people is fundamentally an act of hospitality to strangers and that divine and human hospitality together are thus at the very heart of Christian faith Jipp first provides a thorough interpretation of the major biblical texts related to the practice of hospitality to strangers considering especially how these texts portray Christ as the divine host who extends God s welcome to all people Jipp then invites readers to consider how God s hospitality sets the pattern for human hospitality offering suggestions on how the practice of welcoming strangers can guide the church in its engagement with current social challenges immigration incarceration racism and more Canadian Books in Print.
