Getting the Message Through the companion volume to Rebecca Robbins Raines Signal Corps traces the evolution of the corps from the appointment of the first signal officer on the eve of the Civil War through its stages of growth and change to its service in Operation DESERT SHIELD DESERT STORM Raines highlights not only the increasingly specialized nature of warfare and the rise of sophisticated communications technology but also such diverse missions as weather reporting and military aviation Information dominance in the form of superior communications is considered to be sine qua non to modern warfare As Raines ably shows the Signal Corps once considered by some Army officers to be of little or no military value and the communications it provides have become integral to all aspects of military operations on modern digitized battlefields The volume is an invaluable reference source for anyone interested in the institutional history of the branch

Committee,2012-07-13 The Committees on Arms Export Controls CAEC believe that the Government should apply
significantly more cautious judgements on the export of arms to authoritarian regimes which might be used for internal
repression The Committees have scrutinised in unprecedented detail the Government s latest 2010 Annual Report on
Strategic Export Controls HC 1402 session 2011 12 ISBN 9780102973662 the Government s quarterly information on
individual export licence approvals and refusals and the Government s policies and performance on arms export controls and
on arms control generally The Committees conclude that the Government s review of its policies and practices on arms
exports following the Arab Spring should not have been carried out merely as an internal review and should instead have
been the subject of public consultation in accordance with the Government s stated policy of transparency on arms exports
And whilst the Government s introduction of a new licence suspension mechanism is welcome this is not sufficient to ensure
that arms exported are not used for internal repression overseas because in many cases the arms will have left the UK before
suspension occurs The Government should extend its arms export policy review from countries in the Middle East and North
Africa to authoritarian regimes and countries of human rights concern worldwide Annex 7 of the report gives selected arms
export licence approvals by the Government to countries of human rights concern and the report also contains details of the
extant UK Government approved arms export licences to Argentina Bahrain Egypt Libya Saudi Arabia Syria Tunisia and
