

Armenian Art

Pasquale De Marco

Armenian Art:

Studies in Armenian Art Nira Stone, 2019-07-29 Nira Stone 1938-2013 was a scholar of Armenian and Byzantine Art. Her broad and close acquaintance with the field of Armenian art history covered many fields of Armenian artistic creativity. Nira Stone made notable contributions to the study of Armenian manuscript painting, mosaics, and other forms of artistic expression. Of particular interests are her researches on this art in its historical and religious contexts, such as the study of apocryphal elements in Armenian Gospel iconography, the place of the mosaics of Jerusalem in the context of mosaics in Byzantine Palestine, and of the interplay between religious movements such as hesychasm and Armenian manuscript painting.

Armenian Gospel Iconography Thomas F. Mathews, Avedis Krikor Sanjian, 1991. This is the first monographic study of the Glajor Gospel, a 14th-century illuminated Armenian manuscript. In addition to critical studies of the iconography of the illuminations, the authors provide the history of the manuscript and the political and cultural setting in which it was produced, and the history of the monastery and school of Glajor.

The Art of Armenia Christina Maranci, 2018. The Art of Armenia offers a sweeping survey of the arts of Armenia from antiquity to the eighteenth century C.E., addressing a range of media, including architecture, sculpture, works in metal, wood, and ivory, manuscript illumination, and ceramic arts.

Armenia Helen C. Evans, Constance Alchermes, Ina Baghdiantz McCabe, Anna Ballian, Sheila R. Canby, Kathrin Colburn, Yolande Crowe, Michael Daniel Findikyan, Rachel Goshgarian, Grigor Grigoryan, Zsuzsanna Gulácsi, Asoghik Karapetian, Anna Leyloyan-Yekmalyan, Christina Maranci, Sylvie L. Merian, Erin Piñon, Earnestine M. Qiu, Ioanna Rapti, Joanna Rydzkowska-Kozak, Suzan Yalman, 2018-09-22. At the foot of Mount Ararat, on the crossroads of the eastern and western worlds, medieval Armenians dominated international trading routes that reached from Europe to China and India to Russia. As the first people to convert officially to Christianity, they commissioned and produced some of the most extraordinary religious objects of the Middle Ages. These objects, from sumptuous illuminated manuscripts to handsome carvings, liturgical furnishings, gilded reliquaries, exquisite textiles, and printed books, show the strong persistence of their own cultural identity as well as the multicultural influences of Armenia's interactions with Romans, Byzantines, Persians, Muslims, Mongols, Ottomans, and Europeans. This unprecedented volume, written by a team of international scholars and members of the Armenian religious community, contextualizes and celebrates the compelling works of art that define Armenian medieval culture. It features breathtaking photographs of archaeological sites and stunning churches and monasteries that help fill out this unique history. With groundbreaking essays and exquisite illustrations, Armenia illuminates the singular achievements of a great medieval civilization.

An Armenian Artist in Ottoman Egypt Majdī Jirjis, 2008. Yuhanna al Armani has long been known by historians of Coptic art as an eighteenth-century Armenian icon painter who lived and worked in Ottoman Cairo. Here, for the first time, is an account of his life that looks beyond his artistic production to place him firmly in the social, political, and economic milieu in which he moved and the confluence of interests

that allowed him to flourish as a painter Who was Yuhanna al Armani What was his network of relationships How does this shed light on the contacts between Cairo s Coptic and Armenian communities in the eighteenth century Why was there so much demand for his work at that particular time And how did a member of Cairo s then relatively modest Armenian community reach such heights of artistic and creative endeavor Drawing on eighteenth century deeds relating to al Armani and other members of his social network recorded in the registers of the Ottoman courts Magdi Guirguis offers a fascinating glimpse into the ways of life of urban dwellers in eighteenth century Cairo at a time when a civilian elite had reached a high level of prominence and wealth Illustrated with 28 full color reproductions of al Armani s icons *An Armenian Artist in Ottoman Egypt* is a rich and compelling window on Cairene social history that will interest students and scholars of art history Coptic studies or Ottoman history

Art and Religion in Medieval Armenia Helen C. Evans, Benjamin Anderson, Sebouh David Aslanian, Peter Balakian, Antony Eastmond, Lynn A. Jones, Thomas F. Mathews, Erin Piñon, Earnestine M. Qiu, Kristina L. Richardson, 2022-01-10 This latest volume in The Metropolitan Museum of Art symposia series reprises The Met s blockbuster exhibition *Armenia 2018 19* the first major exhibition on the art of this highly influential culture at the crossroads of the eastern and western worlds Building on the pioneering work of those who first established Armenian studies in America these essays by a new generation of scholars address Armenia s roles in facilitating exchange with the Mongol Ottoman and Persian empires to the East and with Byzantium and European Crusader states to the West Contributors explore the effects of this tension in the history of Armenian art and how those histories persist into the present as Armenia continues to grapple with the legacy of genocide and counters new threats to its sovereignty integrity and culture

Medieval Armenian Art and Architecture John Gordon Davies, 1991 Davies study of medieval Armenian architecture focuses on one of Armenia s most outstanding medieval monuments the Church of the Holy Cross at Aght amar The church built a thousand years ago has survived intact and provides a valuable glimpse of the art of the 10th century kingdom of Vaspurakin The sculptural and mural programmes are discussed in detail as are the influences on the artwork and the subsequent history of the church up to the present day

The Art of Armenia Christina Maranci, 2018-09-14 The Art of Armenia B offers a sweeping survey of the arts of Armenia from antiquity to the eighteenth century C E addressing a range of media including architecture sculpture works in metal wood and ivory manuscript illumination and ceramic arts

Art of the Armenians Vrej Nersessian, 2004 On the far edge of the Christian world often isolated or overwhelmed by Muslim cultures the Armenians have produced a distinctive artistic tradition unlike any other The collection in this book opens with objects from the great medieval periods in Greater Armenia and the Kingdom of Cilicia and later centuries are represented by paintings and books The artists including Ghazar Arak el of Gegham Yovanes Gharietsi Markos The Illuminator and Nagash Hovnat nan demonstrate to us how they were able to enrich their works by taking the best elements of Persian Turkish Greek and Western European art and absorb and fuse them into a particular Armenian art
