expanding across the Atlantic Reading texts such as the South English Legendary The Life of St Etheldrede the Golden Legend and poems about Saints Wenefrid and Ursula Sanok focuses especially on the significance of their varied and often experimental forms She shows how Middle English Lives of native saints revealed through their literary forms modes of affinity and difference that in turn reflected a diversity in the extent and structure of medieval communities Taking up key questions about jurisdiction temporality and embodiment New Legends of England presents some of the ways in which the Lives of England's saints theorized community and explored its constitutive paradox the irresolvable tension between singular and collective forms of identity English (2022-23 TGT/PGT/LT
