## Arno Schmidt:

**Arno Schmidt: A Critical Study of his Prose** M. R. Minden, 2012-01-26 This book originally published in 1982 was the first monograph in English to offer a critical study of an important twentieth century German novelist Arno Schmidt Schmidt who died in 1979 was a controversial figure on the German literary scene His early work which began appearing immediately after the Second World War attracted attention by virtue of its stylistic eccentricity and aggressive stand against all forms of organized authority As an experimenter with language much influenced by Joyce and Freud Schmidt aroused large scale public interest with the publication of a gigantic prose work *Zettel s Traum* in 1970 He developed a cult following which survived his death This book will be of value to anyone with an interest in Schmidt and the broader development of post war German literature in general

**Arno Schmidt** M. a. Orthofer, 2014-11-08 Arno Schmidt 1914 1979 was one of the most remarkable writers of the twentieth century Despite much of his work being available in English his centenary passed nearly unremarked in the United States and England to the disappointment of those who frequent the mythical Literary Saloon In his honor and memory the evening of 18 January Schmidt s birthday was devoted to conversation introducing the author and his work a fictional centennial colloquy entirely in the spirit of the great man himself Biography an account of his translations and his famous Radio Dialogs his early fiction and then the towering *Zettel s Traum* Bottom s Dream and his great final works as well as his legacy everything is covered in these pages Arno Schmidt a centennial colloquy is the perfect introduction to this giant of German letters and his amazing work

**The Collected Stories of Arno Schmidt** Arno Schmidt, 1996 The works of a German experimental writer In *Caliban upon Setebos* he writes GETT IM GETT IM Wedges of shrieking and Sic Kirby sic nda nda nda h pto h pto h pto my synthetic soles sounded like castanets GOspodin pomilui They definitely wouldn t take wergild If only I didn t have to clamp my left arm like this HAZZA VITE VITE

*Libuše Moníková in Memoriam*, 2016-08-09 The novelist and essayist Libuše Moníková 1945 1998 made a unique contribution to German Czech and world literature writing in German from a distinctly Czech perspective in a manner which can best be described as encyclopaedic and highly intertextual Positively received abroad particularly in Germany and the US her works remained until recently relatively unknown in the land of her birth This volume whose appearance marks what would have been the sixtieth anniversary of her birth is the first in depth study of the work of this truly European writer It contains specially commissioned articles by Czech German US and British scholars as well as an appreciation by her friend and fellow writer F

C Delius an English translation of one of her last interviews and the first comprehensive bibliography The essays range from close readings of a single text in particular the satirical picaresque novel *Die Fassade* and the posthumously published *Der Taumel* to surveys of themes techniques or motifs within her uvre for example nation exile history and myth and studies of Mon kov s intertextual references particularly to film and the work of Arno Schmidt The contributions emphasise the comic the personal and the ambiguity in her works as well as the sheer breadth of Mon kov s interests and sources **Irish Company** Friedhelm Rathjen, 2021-01-27 22 essays and notes on Joyce Beckett cycling walking Wicklow Connemara Molly Bloom horses cattle trivia totality translation migration ashplants annotations long ways short cuts connections distractions

**Denkbilder--** Hermann Rasche, Christiane Schönfeld, 2004 **Arno Schmidt's Zettel's Traum: An Analysis (Studies in German Literature, Linguistics, and Culture)** Volker Max Langbehn, 2003 Arno Schmidt 1914 1979 is considered one of the most daring and influential writers of postwar Germany the Germanist Jeremy Adler has called him a giant of postwar German literature Schmidt was awarded the Fontane Prize in 1964 and the Goethe Prize in 1973 and his early fiction has been translated into English to high critical acclaim but he is not a well known figure in the English speaking world where his complex work remains at the margins of critical inquiry Volker Langbehn s book introduces Schmidt to the English speaking audience with primary emphasis on his most famous novel *Zettel s Traum* One reviewer called the book an elephantine monster because of its unconventional size folio format length 1334 pages and over 10 million characters and unique presentation of text in the form of notes typewritten pages parallel columns and collages The novel narrates the life of the main characters Daniel Pagenstecher Paul Jacobi and his wife Wilma and their teenage daughter Franziska In discussing the life and works of Edgar Allan Poe the four engage in the problems connected with a translation of Poe Langbehn s study investigates how literary language can mediate or account for the world of experiences and for concepts Schmidt s use of unconventional presentation formats challenges us to analyze how we think about reading and writing literary texts Instead of viewing such texts as a representation of reality Schmidt s novel destabilizes this unquestioned mode of representation posing a radical challenge to what contemporary literary criticism defines as literature No comprehensive study of *Zettel s Traum* exists in English Volker Langbehn is assistant professor of German at San Francisco State University *The Facts on File Companion to the World Novel* Michael Sollars, Arbolina Llamas Jennings, 2008 **The Mind-body Problem in German Literature 1770-1830** Catherine J. Minter, 2002 With reference to the treatment of mind body problems in the novels and non fictional writings of Johann Karl Wezel Karl Philipp Moritz and Jean Paul this impressive study follows the development of and demonstrates the continuity in the history of ideas in Germany between the Late Enlightenment and Romanticism **Re-thinking Europe** Nele Bemong, Mirjam Truwant, Pieter Vermeulen, 2008 *Re Thinking Europe* sets out to investigate the place of the idea of Europe in literature and comparative literary studies The essays in this collection turn to the past in which Europe became synonymous with a tradition of peace and tolerance beyond national borders and enter into

a critical dialogue with the present in which Europe has increasingly become associated with a history of oppression and violence The different essays together demonstrate how the idea of Europe cannot be thought apart from the tension between the regional and the global between nationalism and pluralism and can therefore be re thought as an opportunity for an identity beyond national or ethnic borders Engaging contemporary discourses on hybrid postcolonial and transnational identity this volume shows how literature can function as both a vital tool to forge new identities and a power subversive of such attempts at identity formation Like Europe it is always marked by the tension between integration and resistance The book will be of interest to students and scholars of modern literature comparative literature and European studies as well as people concerned with cultural memory and the relation between literature and cultural identity **Arno Schmidt** John O'Brien, F.P. Living in a Hippie Community in the Australian rainforest I in January 1992 started to write about my visions and spiritual experiences I described ten places in our heads as homes of the human spirit There are many publicly known people who are involved in the move of the Earth to a higher dimension in 2013 More than 200 000 people live on Earth and at the same time on a parallel world which is a home for immortal people The evangelist John spoke with a Cross of Light I believe that a new Cross of Light will appear on Earth soon In July 1979 I met the devil and his wife on the inner German border I name some people who have been the devil of previous Earth like planets in older universes Alex Collier wrote in '95 that since my 40th birthday on 3.23.1994 vibrations leave all black holes of our local universe changing its nature lifting all planets into higher dimensions I believe these frequencies come from the Immortals living on Earth now including me
