Around Cresson And The Alleghenies:

Around Cresson and the Alleghenies Anne Frances Pulling, Sr., Sr Anne Frances Pulling, 1997-03-01 The Allegheny Mountains constantly challenged early settlers to use their creativity and skills to conquer what seemed an almost insurmountable barrier The founding fathers recognized potential in the area both as a resort and as a thriving town that would attract industry Through hard work and innovation an all rail route over the mountains was established linking the area with important industrial and trade centers Many people came to Cresson to enjoy the health and recreational benefits of its natural springs and the area's pike afforded the first stage link between Philadelphia and Pittsburgh When the Pennsylvania Railroad established headquarters here with a roundhouse machine shops and branch lines the area entered an era of industrial prosperity In this remarkable volume over 200 rare images are combined with informative and insightful text Early views of the famous Horseshoe Curve the Gallitzin Tunnels and the Mountain House are delightfully intertwined with photographs of homes workplaces churches and the people who made the area prosper and grow Readers visit Loretto a town founded by a Prince Priest Demetrius A Gallitzin Apostle of the Alleghenies and they are transported to Portage and Lilly areas of woodlands that gave rise to numerous sawmills

In the Heart of the Alleghenies Mrs. Schuyler Van Rensselaer, 1885 **Along the Allegheny River** Charles E. Williams, 2006 The Allegheny River of western Pennsylvania and New York rises in Potter County Pennsylvania and flows 320 miles to its confluence with the Monongahela River in Pittsburgh The Allegheny's southern watershed district begins in East Brady Pennsylvania and ends in Pittsburgh and it includes the historic Redbank Creek Mahoning Creek Crooked Creek and Kiskiminetas River valleys Along the Allegheny River The Southern Watershed features over 200 vintage postcards of the landscapes people industries and events that shaped the history of the southern Allegheny River Valley and of the nation These absorbing images chronicle over 200 years of history from the frontier wars of the 18th century to the rise and growth of the Industrial Revolution in the late 19th and early 20th centuries

Babylon by the Sea Anne Frances Pulling, 2004 Babylon by the Sea focuses on a seaside community that once rich in salt marshes attracted many of the area's first settlers Originally called Sumpawam it was purchased from Native Americans in 1670 The township was formed from South Huntington and named Babylon in 1802 by Mrs Conklin a staunch advocate of the Bible Babylon includes the villages of Lindenhurst and Amityville and the hamlets of North and West Babylon Copaque Deer Park Farmingdale and Wyandanch This vibrant community evolved from a humble beginning of farming fishing and whaling into an attractive resort community The area was unknown until the nearby barrier beach Fire Island gained prominence as a summer resort The South Shore line of the Long Island Railroad gave the seaside locality impetus when the train reached Babylon in 1867 Hotels and boardinghouses sprang up around town and beside the sea Among the pleasure seekers were many wealthy New Yorkers who came in quest of the invigorating air and relaxation outside the city The trip from New York took just over an hour a trolley would meet the visitors and transport them to the

Great South Bay For many years the South Shore Railroad was the only electrified train and Babylon became the point of convergence for travelers bent on speed The village also witnessed the birth of radio and wireless communication when Marconi contacted ships at sea from Babylon *Northern Cambria* Anne Frances Pulling,2000 Northern Cambria is not only the upper region of Cambria County it is also the new name of two century old villages Barnesboro and Spangler that have merged to become a millennium entity Located high in the Allegheny Mountains of western Pennsylvania the region was once covered by virgin forests In time the dense acreage led to the development of numerous sawmills from which logs were floated all the way downriver to what was then the lumbering capital of the world Williamsport Miles of scenic farmland were cleared and cultivated Then in the mid 1800s rich coal veins were found beneath the Cambrian hills As word of this discovery spread mines opened throughout the region Within a short time immigrants from far and near streamed into the region to work in the mines Soon rail lines were constructed to serve the coal fields High school graduates became miners and dubbed the mines Dust College Coal had become king **Altoona** Anne Frances Pulling,2001 Altoona is a city built by the Pennsylvania Railroad Cities usually grow to maturity and then sprout suburbs With Altoona it was the opposite The suburban towns are older than the city and form a larger community In 1849 Altoona was farmland a little hamlet in the mountains of central Pennsylvania The site was chosen by the railroad for locomotive repair shops Situated at the eastern base of the Allegheny Mountains Altoona was destined to become the largest railroad yard in the world The complex occupied 217 acres and included two huge roundhouses Centered around the railroad the city and its population grew In this historic city were various shops that provided employment to early settlers and the old furnaces of the ironmasters Also here were the Logan House hotel where a meeting of governors saved the Union and Cricket Field where great athletes from across the country competed Over the years Altoona has been visited by not only presidents and statesmen but also celebrities of stage and opera It is home to the world famous Horseshoe Curve and to Lakemont Park which has the world s oldest roller coaster *Andrew Carnegie* David Nasaw,2007-10-30 A New York Times bestseller Beautifully crafted and fun to read Louis Galambos The Wall Street Journal Nasaw s research is extraordinary San Francisco Chronicle Make no mistake David Nasaw has produced the most thorough accurate and authoritative biography of Carnegie to date Salon com The definitive account of the life of Andrew Carnegie Celebrated historian David Nasaw whom The New York Times Book Review has called a meticulous researcher and a cool analyst brings new life to the story of one of America s most famous and successful businessmen and philanthropists in what will prove to be the biography of the season Born of modest origins in Scotland in 1835 Andrew Carnegie is best known as the founder of Carnegie Steel His rags to riches story has never been told as dramatically and vividly as in Nasaw s new biography Carnegie the son of an impoverished linen weaver moved to Pittsburgh at the age of thirteen The embodiment of the American dream he pulled himself up from bobbin boy in a cotton factory to become the richest man in the world He spent the rest of his life giving away the fortune he had accumulated and

crusading for international peace For all that he accomplished and came to represent to the American public a wildly successful businessman and capitalist a self educated writer peace activist philanthropist man of letters lover of culture and unabashed enthusiast for American democracy and capitalism Carnegie has remained to this day an enigma Nasaw explains how Carnegie made his early fortune and what prompted him to give it all away how he was drawn into the campaign first against American involvement in the Spanish American War and then for international peace and how he used his friendships with presidents and prime ministers to try to pull the world back from the brink of disaster With a trove of new material unpublished chapters of Carnegie s Autobiography personal letters between Carnegie and his future wife Louise and other family members his prenuptial agreement diaries of family and close friends his applications for citizenship his extensive correspondence with Henry Clay Frick and dozens of private letters to and from presidents Grant Cleveland McKinley Roosevelt and British prime ministers Gladstone and Balfour as well as friends Herbert Spencer Matthew Arnold and Mark Twain Nasaw brilliantly plumbs the core of this fascinating and complex man deftly placing his life in cultural and political context as only a master storyteller can Appalachian Ways Jill Durrance, William Shamblin, 1976
