

A photograph of a desert landscape. A long, straight asphalt road with double yellow lines stretches from the bottom center towards the horizon. The road is flanked by sandy dunes and sparse, low-lying desert vegetation. The sky is a clear, pale blue. Overlaid on the upper half of the image is a dark red rectangular box containing white text.

Metaphysics and the Future of Theology William J.

Meyer, 2010-01-01 William J Meyer engages in critical and illuminating conversation with major figures in contemporary philosophy and theology in order to explain why theology has been marginalized in modern culture and why modernity has had such difficulty integrating religion and public life Wrestling with notable philosophers like MacIntyre and Stout and theologians such as Gustafson Hauerwas Porter Milbank and Reinhold Niebuhr Meyer argues that theology must embrace modernity's formal commitments to public and democratic discourse while simultaneously challenging its substantive postmetaphysical outlook Drawing on the philosophical perspectives of Whitehead and Hartshorne and the theologies of Ogden and Gamwell he concludes that a process metaphysical theology offers the most promising path for theology to regain a vital public voice in the world of the twenty first century

The Homilies On John St. Augustine of Hippo, St Augustine

was an indefatigable preacher He considered regular preaching an indispensable part of the duty of a bishop To his homilies we owe most of his exegetical labors The homilies were delivered extempore taken down by scribes and slightly revised by Augustin They retain their colloquial form devotional tone frequent repetitions and want of literary finish He would rather be deficient in rhetoric than not be understood by the people He was cheered by the eager attention and acclamations of his hearers but never fully satisfied with his performance My preaching he says almost always displeases me I eagerly long for something better of which I often have an inward enjoyment in my thoughts before I can put them into audible words Then when I find that my power of expression is not equal to my inner apprehension I am grieved at the inability of my tongue to answer to my heart De Catech Rudibus ch II 3 in this Series Vol III 284 His chief merit as an interpreter is his profound theological insight which makes his exegetical works permanently useful This volume contains The Homilies or Tractates on

the GOSPEL OF JOHN In Joannis Evangelium Tractatus CXXIV Augustin delivered them to his flock at Hippo about A D 416 or later
