*Arrowhead Home of the Chiefs* Michael McKenzie, 1997-07-01 Arrowhead Home of the Chiefs is a monument to imaginative and aesthetic sports arena architecture still after 25 seasons While other arenas of its era are being replaced Arrowhead continues to draw compliments as the best there is for football Relive 25 years of Kansas City Chiefs football history in Arrowhead Home of the Chiefs the official history of the Kansas City Chiefs and Arrowhead Stadium **The Eighth Wonder of the World** Robert C. Trumbour, Kenneth Womack, 2018-11-01 2017 Seymour Medal from the Society for American Baseball Research 2016 Pete Delohery Award for Best Sports Book from Shelf Unbound When it opened in 1965 the Houston Astrodome nicknamed the Eighth Wonder of the World captured the attention of an entire nation bringing pride to the city and enhancing its reputation nationwide It was a Texas sized vision of the future an unthinkable feat of engineering with premium luxury suites theater style seating and the first animated scoreboard Yet there were memorable problems such as outfielders inability to see fly balls and failed attempts to grow natural grass which ultimately led to the development of AstroTurf The Astrodome nonetheless changed the way people viewed sports putting casual fans at the forefront of a user experience approach that soon became the standard in all American sports The Eighth Wonder of the World tears back the facade and details the Astrodome s role in transforming Houston as a city while also chronicling the building s storied fifty years in existence and the ongoing debate about its preservation *Hearings* United States. Congress. Senate. Committee on Commerce, 1972 **Lamar Hunt** Michael MacCambridge, 2012-10-02 I can t separate what part of pro football is business and what part is personal with me he said I just know that it is very important that I succeed He had loved games as a young boy had played them as a young man and now as a naive but determined 27 year old in the summer of 1959 Lamar Hunt announced that he was going to launch a new football league What he couldn t possibly have known on that day was that the forces of the entrenched National Football League would soon be arrayed against him The league would place its own team in his hometown of Dallas in direct competition with his team and would attempt to undermine the new league trying on repeated occasions before that first season to prevent the new American Football League from ever starting And what the NFL couldn t have known but would soon find out was that Hunt the mild mannered bespectacled son of legendary oilman H L Hunt had an indomitable will and patience beyond his years Resolute and innovative he successfully launched the AFL and seven years later helped broker a merger deal which created the need for a championship game between the two leagues Then he came up with the name of the game the Super Bowl Never before and not since has anyone with so many resources spent so much time watching participating in and being captivated by the absorbing ritual of sports and the suspended state of play His accomplishments would put him in the company of the other giants of American sports Charles C Cash and Carry Pyle Abe Saperstein George Halas Branch Rickey Red Auerbach Pete Rozelle Each was present at a revolution But Hunt significantly was present at a number of revolutions And he was the

catalyst for each one Before his death in 2006 Hunt revolutionized three different sports pro football tennis and soccer winding up in the Hall of Fame of each Written by award winning author Michael MacCambridge Lamar Hunt A Life In Sports is the definitive and official biography of one of the 20th century s most important and beloved sporting figures the soft spoken strong willed man whose audacious challenge to the NFL transformed the landscape of American sports but only served as an opening act to his epic sporting journey Drawing on 50 years of Hunt s personal papers and more than 200 interviews author Michael MacCambridge provides an intimate original portrait of the man forever captivated by these serious pursuits we call games

**The New Cathedrals** Robert C. Trumpbour,2006-12-15 Stadium construction has altered the physical landscape of many major metropolitan areas throughout North America and has had a profound psychological and economic impact on these urban centers The ways athletic facilities have been constructed from the ritual centered beginnings of stadium construction in ancient Greece to the large scale construction of professional sports facilities in present day global centers reveal a culture s values and priorities and how it defines its recreational needs Drawing on thorough and wide ranging research Robert C Trumpbour examines the political institutions commercial entities civic leadership and media organizations that influenced stadium construction The author analyzes three significant recent historical periods the Progressive Era when modern fireproof stadiums were first built the late 1960s and early 1970s when multipurpose stadiums were built in downtown areas to promote urban redevelopment and the late 1990s when retro ballparks were designed to accommodate commercial and entertainment space Charting this evolution Trumpbour convincingly argues that there has been a dramatic shift in the role of the media with media access emerging as a vital element in setting the ground rules for the debate on stadium construction Written in lucid jargon free prose this book combines a detailed history of stadium construction with an analysis of current stadium issues

*Pro Football's Most Passionate Fans* Harvey "Mr. Steeler" Aronson,2012-06-08 Professional football is the most popular sport in the United States today With so many famous players from the past and present some of whom achieved notoriety because of a persona they created there are fans who have also made a name for themselves by either their work and loyalty for their team or by creating an alter ego with respect to how they cheer or support their team Some have incredibly wild and outrageous outfits On game days some of these diehard fans take longer to get themselves ready for games than the players they cheer for The face paint the outrageous outfits the chants and cheers and the attention to detail are what make these fans unique During football season these diehard fans can be seen each weekend as they showcase themselves in support of their team in front of hundreds of thousands of viewers worldwide In 1998 Visa sponsored a national contest to find the wildest most loyal and most intriguing fans for each team in the league The award was entitled The Visa Hall of Fans Award as fans were chosen from each team based on their submitted essays and photos Contestants had to explain why they should represent their respective team in the Pro Football Hall of Fame in Canton Ohio At the time a special wing in the Hall was created to honor

these diehard fans Visa awarded plaques to the winners originally at the Hall and later in front of the hometown fans at each team's stadium The Hall of Fame displayed the plaques for a year until the new class of fans was selected and their plaques were displayed At that point the prior year's winners had their names placed on a permanent wall plaque in the Hall of Fans wing of the Pro Football Hall of Fame
