Louis XIV's Architect Richard Ballard,2023-12-30
A must read for those seeking to understand the intersection of politics and art in a pivotal moment of European history This is a study of royal absolutism in a most extreme form in modern European history and of the nature of Louis XIV s concept of personal glory and of the embodiment of France as a new superpower It is a study of political ideas expressed in architecture to establish Versailles as the centre of French world power and royal prestige It is also a personal story full of social cultural and economic history of the period as seen in the life and work of Louis Le Vau from a humble

family of craftsmen who was a self taught architect in the early history of the profession skilled in technical craft skills and even grand design He was a major contributor to the architectural glories of Paris including the Louvre Vincennes Versailles and the College of the Four Nations And all achieved despite interference from the great magnates of the age like Mazarin and Colbert and constant mind changing by the King who wanted every feature in the buildings to reflect his concept of personal royal prestige Le Vau was Louis XIV s First Architect from 1654 until his death and disgrace in 1670 The social cultural economic and political backdrop is striking with court intrigue scandal corruption luxury indulgence and the rise of a rich bourgeoisie but the main thrust of the story concerns Louis XIV and the royal personal ambition and the work of a stone cutter s son who became the Sun King s instrument The study is good on the more technical features of architectural history reminiscent of Pevsner s marvellous Buildings of England series

Proceedings of the 7th International Conference on Architecture, Materials and Construction Paulo Mendonça,Nuno Dinis Cortiços,2022-02-01 This book gathers the proceedings of the 7th International Conference on Architecture Materials and Construction ICAMC held in Lisbon Portugal on October 27 29 2021 ICAMC serves as an international forum for the presentation of the latest technological advances and research results in the fields of architecture and urban planning civil and structural engineering and materials manufacturing and processing As such it explores highly diverse topics including innovative construction technologies computer and digital manufacturing and materials polymers composites etc traditional materials glass wood steel concrete stone brick etc and its harmonic combination which can be achieved by evaluating their structural and non structural properties the key concepts of efficiency and sustainability related to the architectural design and engineering of new buildings analysis rehabilitation and restoration of buildings The contributions which were selected by means of a rigorous international peer review process highlight numerous exciting ideas that will spur novel research directions and foster multidisciplinary collaborations

The Road from Eden John Barber,2008

The Spiritual Rococo GauvinAlexander Bailey,2017-07-05 A groundbreaking approach to Rococo religious d r and spirituality in Europe and South America The Spiritual Rococo addresses three basic conundrums that impede our understanding of eighteenth century aesthetics and culture Why did the Rococo ostensibly the least spiritual style in the pre Modern canon transform into one of the world s most important modes for adorning sacred spaces And why is Rococo still treated as a decadent nemesis of the Enlightenment when the two had fundamental characteristics in common This book seeks to answer these questions by treating Rococo as a global phenomenon for the first time and by exploring its moral and spiritual dimensions through the lens of populist French religious literature of the day a body of work the author

calls the Spiritual Rococo and which has never been applied directly to the arts The book traces Rococo s development from France through Central Europe Portugal Brazil and South America by following a chain of interlocking case studies whether artistic literary or ideological and it also considers the parallel diffusion of the literature of the Spiritual Rococo in these same regions placing particular emphasis on unpublished primary sources such as inventories One of the ultimate goals of this study is to move beyond the cliché of Rococo s frivolity and acknowledge its essential modernity Thoroughly interdisciplinary The Spiritual Rococo not only integrates different art historical fields in novel ways but also interacts with church and social history literary and post colonial studies and anthropology opening up new horizons in these fields

Princelie Majestie Andrea Thomas, 2005-08-10 The lifestyle of a Renaissance prince and his court was a work of art in itself a dazzling spectacle which propagated the power dignity and fame of the monarch The domestic routine of the royal household with its palatial surroundings restless itinerary and occasional public pageants provided the framework for cultural activity in its widest possible sense Fine art architecture scholarship literature music and piety jostled for attention alongside hunting feasting jousting politics diplomacy and war Emerging defiantly from a long and turbulent minority the adult James V managed to create for Scotland an exuberant and cosmopolitan court which imitated in miniature those of France England and the Netherlands and which carried important political messages His ambitious programme of royal patronage combined humanist scholarship neo classical and imperial imagery the cult of chivalry and medieval traditions in a blend which sought to galvanise Scottish national identity and enhance the status of the House of Stewart For many years the reputation of James V has been overshadowed by the tragic glamour of his father James IV killed at Flodden and his daughter Mary Queen of Scots *Princelie Majestie* reveals that he was an energetic and innovative patron who in a brief fourteen years created a court culture of remarkable quality and diversity *Princelie Majestie* was originally published by Tuckwell Press

A Critic Writes Reyner Banham, 1999-03-24 Rayner Banham s interests ranged from architecture and the culture of pop art to urban and industrial design This selection of essays includes discussions of Italian Futurism Adolf Loos Paul Scheerbart and the Bauhaus as well as the contemporary architecture of Gehry Stirling and Foster *Graduate Studies*, 1994
