Modern Occult Rhetoric Joshua Gunn, 2011-01-28 A broadly interdisciplinary study of the pervasive secrecy in America cultural political and religious discourse The occult has traditionally been understood as the study of secrets of the practice of mysticism or magic This book broadens our understanding of the occult by treating it as a rhetorical phenomenon tied to language and symbols and more central to American culture than is commonly assumed Joshua Gunn approaches the occult as an idiom examining the ways in which acts of textual criticism and interpretation are occultic in nature as evident in practices as diverse as academic scholarship Freemasonry and television production Gunn probes for instance the ways in which jargon employed by various social and professional groups creates barriers and fosters secrecy From the theory wars of cultural studies to the Satanic Panic that swept the national mass media in the late 1980s and early 1990s Gunn shows how the paradox of a hidden buried or secret meaning that cannot be expressed in language appears time and time again in Western culture These recurrent patterns Gunn argues arise from a generalized popular anxiety about language and its limitations Ultimately Modern Occult Rhetoric demonstrates the indissoluble relationship between language secrecy and publicity and the centrality of suspicion in our daily lives *The Secret Doctrine: Occultism* Helena Petrovna Blavatsky, 1897

The Art and Practice of Caballa Magic Ophiel, 2004-07-01 No longer an unintelligible mystery Caballa magic is explained in this lively practical guide to occult magic in accessible language with clear instructions for practical productive work using the symbols of the Tree of Life daily Original **The Publishers' Trade List Annual**, 1986 **Esotericism and Narrative: The Occult Fiction of Charles Williams** Aren Roukema, 2018-05-29 Esotericism and Narrative The Occult Fiction of Charles Williams situates the life and fiction of the Inkling Charles Williams in the network of modern occultism with special focus on his initiatory experiences in A E Waite's Fellowship of the Rosy Cross Aren Roukema evaluates fictional

projections of magic kabbalah alchemy and ritual experience in Williams's seven novels of supernatural fantasy. From this specific analysis he develops more broadly applicable approaches to the serious expression of religious experience in fiction. Roukema shows that esoteric knowledge has frequently been blurred into fiction because of its inherent narrativity and adaptability, particularly by authors already attracted to the syncretism, multivalence, and lived fantasy of the modern occult experience.

The Facts on Astrology John Ankerberg, John Weldon, 2011-05-03. What the Bible, science, common sense tell us about astrology. Astrology's influence is felt throughout government, industry, the sciences, education, the church, the home. What exactly is astrology? Do the heavens really influence life on earth? What are the dangers of astrology? How much does astrology actually influence Washington? What does the Bible have to say about astrology? This book thoroughly examines the claims of astrology, assesses its occult aspects, emphasizes the personal consequences of its use.

The National Union Catalog, 1968-1972, 1973 **The Occult Sciences in Atlantis** Lewis Spence, 1976-12. The author ransacked every possible source of productive evidence on the subject for more than a generation; at least occult society as a whole has awaited an authoritative work on the subject of the arcane science known as Atlantis.
