Introducing Radical Orthodoxy James K. A. Smith, 2004-12-01 Although God is making a comeback in our society popular culture still takes its orders from the Enlightenment a movement that denied faith a prominent role in society Today many are questioning this elevation of reason over faith How should Christians respond to a secular world that continues to push faith to the margins While there is still no consensus concerning what a postmodern society should look like James K A Smith suggests that the answer is a reaffirmation of the belief that Jesus is Lord over all Smith traces the trends and directions of Radical Orthodoxy proposing that it can provide an old but new theology for a new generation of Christians This book will challenge and encourage pastors and thoughtful laypeople interested in learning more about currents in contemporary theology

ThirdWay, 1999-03 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture **Secularism and the Pursuit of Transcendence, Volume II** Stanley E. Porter, Wendy J. Porter, 2025-02-19 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina

Gschwandtner but also by a wide range of others who address the question from divergent vantage points. The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent's pursuit of us. *ThirdWay*, 2000-01. Monthly current affairs magazine from a Christian perspective with a focus on politics, society, economics, and culture.

Creativity and Captivity Uday Balasundaram, 2021-12-02. Ultimately, what really does it mean to be creative? How can we see ourselves as participating in the creativity of God for mission? All people are creative. Sadly, however, for many, creativity is stifled and remains stunted due to several reasons: social, economic, political, cultural, and even spiritual. This study explores how ICMs (indigenous cosmopolitan musicians) negotiate their creativity amid the liminal spaces they occupy as they share in the creativity of God for mission through their music. But what exactly does it mean to share in the creativity of God for mission? Contrary to popular notion, ICMs' evidence that creativity is not merely innovation; it is not a psychological metric for measuring human potential; it is certainly not the icing on the cake reserved for a few so-called creatives or artists. Rather, theological creativity is participation in the creatio Dei; it is theologically prior to mission. As a missiological framework, creatio Dei is understood here in terms of creative being, creative construction, design, and creative performance. Hopefully, this book can help clarify and expand our understanding of what it means to be truly creative and thereby, with the help of the Creator, put into practice principles of theological creativity as we share in the creativity of God in the world with others.
