Doors Close Doors Open Widows Grieving And Growing:

Doors Close, Doors Open Morton A. Lieberman, 1996 Doors Close Doors Open is based on Morton Lieberman's interviews with seven hundred widows and widowers over the course of seven years. In this book he shares the wisdom he has gained retelling women's stories about the pain and anger and challenges they face in the first few months of being widowed. But most important, Lieberman has made discoveries that expose many of the pernicious myths about widows and discloses the surprising sources of help for women and the fact that there is light at the end of the tunnel. The vast majority of women after a painful time found themselves flourishing, living different but satisfying lives and changing and growing in ways they never could have dreamed of. This is a book that offers comfort and consolation by understanding so much of what so many women go through and by revealing the truth about widows that women of all ages have the ability to respond to tragedy to deal effectively with challenges and to realize new ways to live and be well. Facilitating Posttraumatic Growth Lawrence G. Calhoun, Richard G. Tedeschi, 1999-07 In this book Calhoun and Tedeschi construct the first systematic framework for clinical efforts to enhance the processes they sum up as posttraumatic growth. Posttraumatic growth is the phenomenon of positive change through struggle with even the most horrible sets of circumstances. People who experience it tend to describe three general types of change: realistically stronger feelings of vulnerability that are nonetheless accompanied by stronger feelings of personal resilience; closer and deeper relationships with others; and a stronger sense of spirituality. Posttraumatic growth has only recently become an important focus of interest for researchers and practitioners. Drawing on a burgeoning professional literature as well as on their own extensive clinical experience, the authors present strategies for helping clients effect all three types of positive change. Strategies that have been tested in a variety of groups facing a variety of crises and traumas. Their concise yet comprehensive practical guide will be welcomed by all those who counsel persons grappling with the worst life has to offer.

The Handbook of Death and Dying takes stock of the vast literature in the field of thanatology, arranging and synthesizing what has been an unwieldy body of knowledge into a concise yet comprehensive reference work. This two-volume handbook will provide direction and momentum to the study of death-related behavior for many years to come.

Staying Alive: A Love Story Laura B. Hayden, 2011-06-20. *Staying Alive: A Love Story* is a story of hope and renewal that centers on a woman's search for meaning after the untimely death of her 49-year-old husband. Coupled with other experiences of loss in her life, she is determined to, with her children, persevere. Like Annie Dillard, Hayden draws on the rhythms and rituals of the natural world to explore her Brooklyn roots and New England adulthood. Wild creatures and domesticated critters, seashores and hillsides proffer comfort and understanding as she comes to realize that no more than a hairline and no less than an eternity separate her from the man she loved. Even with the wear and tear, her faith endures; it rarely diminishes. Her purpose to usher her two grieving children through a difficult adolescence to a well-adjusted adulthood resonates through her own struggles. With the precise objectivity reminiscent of Joan Didion's *The Year of Magical Thinking* and Joyce Carol Oates' *A Widow's Story*, Hayden recounts the day her husband died and the rituals and obsessions of the bereaved. Forced to look at death straight in the eye, the author stares back wide-eyed without blinking through her tears. Hayden also manages to be seriously droll in an Anne Lamott way. Never is her humor more honed than in the portrayal of her deceased spouse whose devotion, antics, and wisdom remain ever present to those who are staying alive without him. His death becomes not only the family's heartbreak but the loss of a well-executed life for all who knew him or will get to know him through these essays. Whether Laura Hayden's writing deals with herself, her children, or her cadre of loved ones, it is clear that she, her daughter, and her son emerge from their tragic loss as survivors, not victims. Of Larry's death, an outcome of which he would be very pleased, in a culture of intentionally exposed and celebrated self-victimization, the story of this family may be considered a quiet triumph.
