Doris Salcedo - Neither Doris Salcedo, 2004 **Empathic Vision** Jill Bennett, 2005 This book analyzes contemporary visual art produced in the context of conflict and trauma from a range of countries including Colombia Northern Ireland South Africa and Australia It focuses on what makes visual language unique arguing that the affective quality of art contributes to a new understanding of the experience of trauma and loss By extending the concept of empathy it also demonstrates how we might through art make connections with people in different parts of the world whose experiences differ from our own The book makes a distinct contribution to trauma studies which has tended to concentrate on literary forms of expression It also offers a sophisticated theoretical analysis of the operations of art drawing on philosophers such as Gilles Deleuze but setting this within a postcolonial framework Empathic Vision will appeal to anyone interested in the role of culture in post September 11 global politics **Doris Salcedo** Doris Salcedo, David Moos, Charles Merewether, The Edwin
