

AN ANNOTATED GUIDE TO THE WORKS OF DOROTHY L. SAYERS. By Robert B. Harmon and Margaret A. Burger. New York: Garland Publishing Company, 1977. Pp. 286. \$26.00.

Reviewed by Sister Mary Brian Durkin, Rosary College

The reputation and popularity of Dorothy L. Sayers have grown remarkably in the past years. Today interest centers not only on her detective fiction for which, of course, she is best known, but also on her other accomplishments, for she was a scholar of medieval literature, a minor poet, a translator, Christian theologian, playwright, and an indefatigable lecturer on a wide range of subjects. To attempt to compile a bibliography of her published works and critical evaluations of these was a formidable task but it has been superbly accomplished by Robert B. Harmon of San Jose State University and Ms. Margaret Burger, research bibliographer. This is the first book-length Sayers Bibliography and the only significant study of this type to appear since Professor James Sandoe's "Contribution Toward a Bibliography of Dorothy L. Sayers," in the *Bulletin of Bibliography*, 1944.

The bibliographical material is divided into ten sections, designated by letters of the alphabet to facilitate cross-referencing: A, the novels; B, short stories; C, essays; D, dramatic works; E, poetry; F translations; G, miscellaneous works; H, criticisms of her works; I, articles, reviews, dissertations, and interpretations; J, sources, including bibliographies, biographies, and book review indices; K, adaptations of her novels, short stories, dramas, and tribulations for radio, television, film, and recordings. Each division is carefully sub-divided, and cross-references made. A glance at the table of contents, for instance, shows that section C, listing over a hundred essays, lectures, and addresses by Miss Sayers, has five sub-divisions: individual essays, book-length essays, introductory essays in various volumes, collections of essays, and essays appearing in anthologies or periodicals. The annotations indicate the occasion and the date of the address or publication, subsequent publications, and a concise comment on the topic discussed. The annotation for the essay, "The Beatrician Vision in Dante and Other Poets," exemplifies the careful cross-referencing notable throughout the bibliography:

- C5. "The Beatrician Vision in Dante and Other Poets"
First delivered as a lecture (G3). The nature and meaning of The Beatrician vision in poetry are emphasized within a theological context. This essay can be found in: *Nottingham Medieval Studies* (C 138), and *The Poetry of Search* . . . (C 104).

The bibliographical section covers about 225 pages. In order to place the works of Miss Sayers in historical perspective, a chronological list of her writings and addresses follows, beginning with her
