Grimes,2016-04-29 In his quest to compile an anthology of the best pieces by vihuela composers David Grimes encountered the rich complexity of the music of Luys Milan He also noticed many discrepancies in fingering and in the notes themselves in various existing transcribed editions Following a period of exhaustive research the author prepared this authoritative guitar edition of the fifty fantasias in Milan s seminal 1536 book El Maestro The resulting edition provides a more accurate sense of the virtuosity of this music These extraordinary pieces are presented here in standard notation only with extensive historical and performance notes Of this collection the author writes It is my sincere hope that this new edition will help bring this glorious repertoire to the attention of more of today s many outstanding performers and that Milan s fantasias will more often take their deserved place on recital programs alongside the masterworks of John Dowland and Francesco da Milano
