

THE DOUBLE BOND

PRIMO LEVI

A Biography

A black and white portrait of Primo Levi, an elderly man with a beard and glasses, wearing a suit and tie. He is holding a cigarette in his right hand, which is raised towards his face. The lighting is dramatic, with strong highlights and deep shadows.

CAROLE ANGIER

Double Bond Primo Levi A Biography

Adam Brown

Double Bond Primo Levi A Biography:

The Double Bond Carole Angier, 2002 This is a biography of Primo Levi the noted Italian philosopher writer and scientist The book examines the man within his life in Turin before during and after World War II and the particular place of the Jew in Italy It looks at Primo Levi as a European as well as a notable survivor of Auschwitz and at the influence he had on people all over the world

Approaches to Teaching the Works of Primo Levi Nicholas Patruno, Roberta Ricci, 2014-11-01 Primo Levi Holocaust survivor and renowned memoirist is one of the most widely read writers of post World War II Italy His works are characterized by the lean dispassionate eloquence with which he approaches his experience of incarceration in Auschwitz His memoirs as well as his poetry and fiction and his many interviews are often taught in several fields including Jewish studies and Holocaust studies comparative literature and Italian language and literature and can enrich the study of history psychology and philosophy The first part of this volume provides instructors with an overview of the available editions anthologies and translations of Levi's work and identifies other useful classroom aids such as films music and online resources In the second part contributors describe different approaches to teaching Levi's work Some in presenting *Survival in Auschwitz* *The Reawakening* and *The Drowned and the Saved* look at the place of style in Holocaust testimony and the reliability of memory in autobiography Others focus on questions of translation complicated by the untranslatable in the language and experiences of the concentration camps or on how Levi incorporates his background as a chemist into his writing most clearly in *The Periodic Table*

Primo Levi and Humanism after Auschwitz J. Druker, 2009-06-08 This innovative study reassesses Primo Levi's Holocaust memoirs in light of the posthumanist theories of Adorno Levinas Lyotard and Foucault and finds causal links between certain Enlightenment ideas and the Nazi genocide

Biographies and Autobiographies in Modern Italy: a Festschrift for John Woodhouse Martin McLaughlin, 2017-12-02 Critical interest in biography and autobiography has never been higher However while life writing flourishes in the UK in Italy it is a less prominent genre The twelve essays collected here are written against this backdrop and address issues in biographical and autobiographical writing in Italy from the later nineteenth century to the present with a particular emphasis on the interplay between individual lives and life writing and the wider social and political history of Italy The majority of essays focus on well known writers D Annunzio Svevo Bontempelli Montale Levi Calvino Eco and Fallaci and their varying anxieties about autobiographical writing in their work This picture is rounded out by a series of studies of similar themes in lesser known figures the critic Enrico Nencioni the Welsh Italian painter Llewellyn Lloyd and Italian writers and journalists covering the Spanish Civil War The contributors all specialists in their fields are Antonella Braidà Charles Burdett Jane Everson John Gatt Rutter Robert Gordon Gwyn Griffith Peter Hainsworth Martin McLaughlin Gianni Oliva Giuliana Pieri and Jon Usher The volume is dedicated to John Woodhouse on his seventieth birthday and concludes with a bibliography of his writings

Witnessing the Witness of War Crimes, Mass Murder, and Genocide Manuela Consonni, Philip Galland Nord, 2023-07-24

Rethinking the concepts of witnessing and witness is highly relevant to the study of war crimes mass murder and genocide Through multiple readings the volume shows the meanings and functions of witnessing in a political and historical context marked by the emergence of multiculturalism The ultimate goal is the exploration of divergent and intersectional positions of the witness and witnessing as both concrete and hermeneutical categories As a result the mechanisms of social political and psychological oppression murder and genocide will become tangible and understandable with greater precision and finesse

Judging 'Privileged' Jews Adam Brown,2015-05 The Nazis persecution of the Jews during the Holocaust included the creation of prisoner hierarchies that forced victims to cooperate with their persecutors Many in the camps and ghettos came to hold so called privileged positions and their behavior has often been judged as self serving and harmful to fellow inmates Such controversial figures constitute an intrinsically important frequently misunderstood and often taboo aspect of the Holocaust Drawing on Primo Levi s concept of the grey zone this study analyzes the passing of moral judgment on privileged Jews as represented by writers such as Raul Hilberg and in films including Claude Lanzmann s Shoah and Steven Spielberg s Schindler s List Negotiating the problems and potentialities of representing the unrepresentable this book engages with issues that are fundamental to present day attempts to understand the Holocaust and deeply relevant to reflections on human nature

On Consolation Michael Ignatieff,2025-04-29 Elegant humane and intensely rewarding Kwame Anthony Appiah author of The Lies That Bind At once illuminating moving and consoling Stephen Greenblatt author of The Swerve From the internationally renowned historian of ideas and Booker Prize finalist Michael Ignatieff a timely and profound meditation on where to find solace in the face of tragedy and crisis When someone we love dies when we suffer loss or defeat when catastrophe strikes war famine pandemic we go in search of consolation Once the province of priests and philosophers the language of consolation has largely vanished from our modern vocabulary and the places where it was offered houses of religion are often empty Rejecting the solace of ancient religious texts humanity since the sixteenth century has increasingly placed its faith in science ideology and the therapeutic How do we console each other and ourselves in an age of unbelief In a series of lapidary meditations on writers artists musicians and their works from the books of Job and Psalms to Albert Camus Anna Akhmatova Elisabeth Kubler Ross and Primo Levi esteemed writer and historian Michael Ignatieff shows how men and women in extremity have looked to each other across time to recover hope and resilience Recreating the moments when great figures found the courage to confront their fate and the determination to continue unafraid On Consolation brings those stories into the present movingly contending that we can revive these traditions of consolation to meet the anguish and uncertainties of our precarious twenty first century

Encyclopedia of the World Novel, 1900 to the Present Michael David Sollars,Arbolina Llamas Jennings,2015-04-22 Praise for the print edition a useful and engaging reference to the vast world of the novel in world literature

The Holocaust David M. Crowe,2021-12-30 Now in its second edition this book takes a fresh probing look at one of the greatest human tragedies in modern history Beginning with a detailed overview of the history

of the Jews and their two millennia old struggle with the anti Judaic and anti Semitic prejudice and discrimination that set the stage for the Holocaust David M Crowe discusses the evolution of Nazi racial policies beginning with the development of Adolf Hitler s anti Semitic ideas their importance to the Nazi movement in the 1920s and 1930s and their expanding role in the evolution of German policies leading to the Final Solution in 1941 the mass murder of Jews throughout Nazi occupied Europe The German program involved the creation of death camps like Auschwitz and Treblinka and mass murder sites throughout Eastern Europe and the Soviet Union While the Jews were the principal victims other groups who were deemed racial or biological threats to Hitler s goal of creating an Aryan pure Europe were also targeted including the Roma and the handicapped This book discusses Nazi policies in each country in German occupied Europe as well as the role of Europe s neutrals in the larger German scheme of things It also takes an in depth look at liberation Displaced Persons the founding of Israel and efforts throughout the western world to bring Nazi war criminals and their collaborators to justice This second edition includes a new chapter on the importance of memory and the Holocaust the evolution of interpretative Holocaust scholarship and media recent controversies about national responsibility and the work of Holocaust museums archives and libraries in Israel Germany Poland and the United States to promote Holocaust education and memory It concludes with the rise of Neo Nazism white nationalism and other movements in Germany and the United States and their relationship to questions about Holocaust memory and its lessons Comprehensive and offering a detailed historical perspective this is the perfect resource for those looking to gain a deep understanding of this tragedy

From Paradise to Paradigm Willemien Otten,2004-11-01 This book presents a study of twelfth century humanism seen as an all embracing discourse in which the human and the divine interact on equal terms The book focuses on a number of twelfth century intellectuals especially Thierry of Chartres Peter Abelard William of Conches Bernard Silvestris and Alan of Lille Defining characteristic of their texts is the fact that God nature and humanity enter into a dialogue of sorts involving many disparate subjects and aiming to bring out the archetypal relatedness of all kinds of knowledge with respect to human nature As the authors studied here engage the divine and the universe in a joint conversation the book ultimately concentrates on trying both to understand its appeal and to explain its subsequent demise

2002 Susan Sarah Cohen,2011-11-30 This work includes international secondary literature on anti Semitism published throughout the world from the earliest times to the present It lists books dissertations and articles from periodicals and collections from a diverse range of disciplines Written accounts are included among the recorded titles as are manifestations of anti Semitism in the visual arts e g painting caricatures or film action taken against Jews and Judaism by discriminating judiciaries pogroms massacres and the systematic extermination during the Nazi period The bibliography also covers works dealing with philo Semitism or Jewish reactions to anti Semitism and Jewish self hate An informative abstract in English is provided for each entry and Hebrew titles are provided with English translations

Poetry as Testimony Antony Rowland,2014-03-26 This book analyzes Holocaust poetry war poetry working

class poetry and 9 11 poetry as forms of testimony Rowland argues that testamentary poetry requires a different approach to traditional ways of dealing with poems due to the pressure of the metatext the original traumatic events the poems demands for the hyper attentiveness of the reader and a paradox of identification that often draws the reader towards identifying with the poet s experience but then reminds them of its sublimity He engages with the work of a diverse range of twentieth century authors and across the literature of several countries even uncovering new archival material The study ends with an analysis of the poetry of 9 11 engaging with the idea that it typifies a new era of testimony where global secondary witnesses react to a proliferation of media images This book ranges across the literature of several countries cultures and historical events in order to stress the large variety of contexts in which poetry has functioned productively as a form of testimony and to note the importance of the availability of translations to the formation of literary canons **The Rise of the Memoir**

Alex Zwerdling,2017 The Rise of the Memoir traces the growth and extraordinarily wide appeal of the memoir Its territory is private rather than public life shame guilt and embarrassment not the achievements celebrated in the public record What accounts for the sharp need writers like Rousseau Woolf Orwell Nabokov Primo Levi and Maxine Hong Kingston felt to write and to publish such works when they might more easily have chosen to remain silent Alex Zwerdling explores why each of these writers felt compelled to write them as that story can be reconstructed from personal materials available in archival collections what internal conflicts they encountered while trying and how each of them resisted the private and public pressures to stop themselves rather than pursuing this confessional route against their own doubts without a reasonable expectation that such works would be welcome in print and eventually find an empathetic audience Reconstructing this process in which a dubious project eventually becomes a compelling product a memoir that will last illuminates both what was at stake and why this serially invented open form has reshaped the expectations of readers who welcomed a vital alternative to the official story Gray Zones

Jonathan Petropoulos,John Roth,2006-10-01 Few essays about the Holocaust are better known or more important than Primo Levi s reflections on what he called the gray zone a reality in which moral ambiguity and compromise were pronounced In this volume accomplished Holocaust scholars among them Raul Hilberg Gerhard L Weinberg Christopher Browning Peter Hayes and Lynn Rapaport explore the terrain that Levi identified Together they bring a necessary interdisciplinary focus to bear on timely and often controversial topics in cutting edge Holocaust studies that range from historical analysis to popular culture While each essay utilizes a particular methodology and argues for its own thesis the volume as a whole advances the claim that the more we learn about the Holocaust the more complex that event turns out to be Only if ambiguities and compromises in the Holocaust and its aftermath are identified explored and at times allowed to remain lest resolution deceive us will our awareness of the Holocaust and its implications be as full as possible *All Is Vanity* David Faris,2011-07-28 Bentley Jones is the gifted managing editor of the University Press in Los Angeles When he is found murdered Lazlo Boyd the Campus Police Chief is ordered by the University President to quickly

solve the crime Lazlo and his two lieutenants Javier Lopez and Julia Kim are soon faced with many suspects for Bentley had made many enemies among those University professors whose books he had edited Lazlo uses all of the resources of the University's many departments to pursue the investigation Soon however he uncovers a plot so vast that it threatens the very existence of the University Press But he must move quickly before the plot can be executed A supplementary readers guide includes explanations and references supporting the actual facts and research on which the novel is based *Fire in the Ashes* David Patterson, John K. Roth, 2012-03-15 Sixty years after it ended the Holocaust continues to leave survivors and their descendants as well as historians philosophers and theologians pondering the enormity of that event This book explores how inquiry about the Holocaust challenges understanding especially its religious and ethical dimensions Debates about God's relationship to evil are ancient but the Holocaust complicated them in ways never before imagined Its massive destruction left Jews and Christians searching among the ashes to determine what if anything could repair the damage done to tradition and to theology Since the end of the Holocaust Jews and Christians have increasingly sought to know how or even whether theological analysis and reflection can aid in comprehending its aftermath Specifically Jews and Christians individually and collectively find themselves more and more in the position of needing either to rethink theodicy typically understood as the vindication of divine justice in the face of evil or to abolish the concept altogether Writing in a format that creates the feel of dialogue the contributors to *Fire in the Ashes* confront these and other difficult questions about God and evil after the Holocaust This book created out of shared concerns and a desire to investigate differences and disagreements between religious traditions and philosophical perspectives represents an effort to advance meaningful conversation between Jews and Christians and to encourage others to participate in similar inter and intrafaith inquiries The contributors to *Fire in the Ashes* are members of the Pastora Goldner Holocaust Symposium Led since its founding in 1996 by Leonard Grob and Henry F Knight the symposium's Holocaust and genocide scholars a group that is interfaith international interdisciplinary and intergenerational meet biennially in Oxfordshire England **Sources of Holocaust Insight** John K. Roth, 2020-01-29 *Sources of Holocaust Insight* maps the odyssey of an American Christian philosopher who has studied written and taught about the Holocaust for more than fifty years What findings result from John Roth's journey what moods pervade it How have events and experiences scholars and students texts and testimonies especially the questions they raise affected Roth's Holocaust studies and guided his efforts to heed the biblical proverb Whatever else you get get insight More sources than Roth can acknowledge have informed his encounters with the Holocaust But particular persons among them Elie Wiesel Raul Hilberg Primo Levi and Albert Camus loom especially large Revisiting Roth's sources of Holocaust insight this book does so not only to pay tribute to them but also to show how the ethical philosophical and religious reverberations of the Holocaust confer and encourage responsibility for human well being in the twenty first century Seeing differently seeing better sound learning and teaching about the Holocaust aim for what may be the most important Holocaust insight of all Take nothing

good for granted **Encyclopedia of Italian Literary Studies** Gaetana Marrone, Paolo Puppa, 2006-12-26 The Encyclopedia of Italian Literary Studies is a two volume reference book containing some 600 entries on all aspects of Italian literary culture It includes analytical essays on authors and works from the most important figures of Italian literature to little known authors and works that are influential to the field The Encyclopedia is distinguished by substantial articles on critics themes genres schools historical surveys and other topics related to the overall subject of Italian literary studies The Encyclopedia also includes writers and subjects of contemporary interest such as those relating to journalism film media children s literature food and vernacular literatures Entries consist of an essay on the topic and a bibliographic portion listing works for further reading and in the case of entries on individuals a brief biographical paragraph and list of works by the person It will be useful to people without specialized knowledge of Italian literature as well as to scholars **What Really Matters** Arthur Kleinman, 2007 Through arresting narratives we meet a woman aiding refugees in sub Saharan Africa facing the chaos of a meaningless society and a doctor trying to stay alive during Mao s cultural revolution individuals challenged by their societies and caught up in existential moral experiences that define what it means to be human **Encyclopedia of the Literature of Empire** Mary Ellen Snodgrass, 2010 Examines the world s greatest literature about empires and imperialism including more than 200 entries on writers classic works themes and concepts
