Women and Men in the Fourth Gospel Margaret Beirne, 2004-12-10 The fourth gospel presents the reader with an early Christian text in which women and men are treated as a discipleship of equals as this term is broadly understood in the work of Elisabeth Schussler Fiorenza but qualified with respect to her discussion of the meaning of equality when applied to gender Specifically the gospel contains six examples of gender pairs of characters a widely accepted Lukan feature The members of each pair are portrayed in a parallel or contrasting faith encounter with the Johannine Jesus which is of substantial theological importance to the gospel's stated purpose John 20:31 The six pairs are the mother of Jesus 2:1-11 and the royal official 4:46-54 Nicodemus 3:1-12 and the Samaritan woman 4:4-42 the man born blind 9:1-41 and Martha 11:1-54 Mary of Bethany and Judas 12:1-8 the mother of Jesus and the beloved disciple 19:25-27 Mary Magdalene 20:11-18 and Thomas 20:24-29

The Cambridge Companion to the Gospels Stephen C. Barton, 2006-02-07 The four gospels are a central part of the Christian canon of scripture In the faith of Christians this canon constitutes a life-giving witness to who God is and what it means to be truly human This volume treats the gospels not just as historical sources but also as crucial testimony to the life of God made known in Jesus Christ This approach helps to overcome the sometimes damaging split between critical gospel study and questions of theology ethics and the life of faith The essays are by acknowledged experts in a range of theological disciplines The first section considers what are appropriate ways of reading the gospels given the kinds of texts they are The second central section covers the contents of the gospels The third section looks at the impact of the gospels in church and society across history and up to the present day

Hastings, Alistair Mason, Hugh S. Pyper, 2000-12-21 Embracing the viewpoints of Catholic Protestant or Orthodox thinkers of conservatives liberals radicals and agnostics Christianity today is anything but monolithic or univocal In The Oxford Companion to Christian Thought general editor Adrian Hastings has tried to capture a sense of the great diversity of opinion that swirls about under the heading of Christian thought Indeed the 260 contributors who hail from twenty countries represent as wide a range of perspectives as possible Here is a comprehensive and authoritative though not dogmatic overview of the full spectrum of Christian thinking Within its 600 alphabetically arranged entries readers will find lengthy survey articles on the history of Christian thought on national and regional traditions and on various denominations from Anglican to Unitarian There is ample coverage of Eastern thought as well examining the Christian tradition in China Japan India and Africa The contributors examine major theological topics such as resurrection the Eucharist and grace as well as controversial issues such as homosexuality and abortion In addition short entries illuminate symbols such as water and wine and there are many profiles of leading theologians of non Christians who have deeply influenced Christian thinking including Aristotle and Plato and of literary figures such as Dante Milton and Tolstoy Most articles end with a list of suggested readings and the book features a large number of cross references The Oxford Companion to Christian Thought is an indispensable guide to one of the central strands of Western culture An essential volume for all Christians it is a thoughtful gift for the holidays

A Theology of Luke and Acts Darrell L. Bock, 2015-04-28 This groundbreaking work by Darrell Bock thoroughly

explores the theology of Luke's gospel and the book of Acts. In his writing, Luke records the story of God working through Jesus to usher in a new era of promise and Spirit enablement so that the people of God can be God's people even in the midst of a hostile world. It is a message the church still needs today. Bock both covers major Lukan themes and sets forth the distinctive contribution of Luke-Acts to the New Testament and the canon of Scripture, providing readers with an in-depth and holistic grasp of Lukan theology in the larger context of the Bible. I. Howard Marshall: A remarkable achievement that should become the first port of call for students in this central area of New Testament Theology. Craig S. Keener: Bock's excellent exploration of Luke's theological approach and themes meets an important need in Lukan theology.

Resurrection People David R. Catchpole, 2002. By uncovering the process that gave rise to the famous Gospel stories, David Catchpole opens a door into each writer's distinctive world of conviction, faith, struggle, and controversy. Catchpole shows that the characters of the resurrection narratives—Jesus himself, the women, and men, the ecclesiastical heavyweights, and the nobodies of Christian history—embody issues which affect the resurrection people of any time, including our own. David Catchpole is Professor and Scholar in Residence, New Testament at Sarum College, Salisbury, England. He is the author of *The Quest for Q*.

Nordic Interpretations of the New Testament Louise Heklgård Bylund, René Falkenberg, Marianne Bjelland Kartzow, Kasper Bro Larsen, 2020-09-07. This volume brings together contributions from the ongoing conversation among New Testament scholars from the Nordic Countries, namely Denmark, Iceland, Finland, Norway, and Sweden. The aim is to challenge the New Testament texts and their interpretations, but also to be challenged by these texts and interpretation, i.e. how to read, interpret, and contextualize the impact of these texts and how to conceptualize the power and authority attributed to them. As neighbours in peripheral Europe, partly sharing language and history, scholars of this region also aim to participate in the broader international discourse. The fact that their common academic language is English begs the question whether many of the current essays could have been written in different settings, since they do not explicitly reflect on contextual issues. Or is this the case? What characterizes that part of the world: are social democracies with relatively high standards of living, a strong Protestant past, but an increasing multicultural population, public welfare systems, and gender equality? Public universities still have money and can prioritize mobility and internationalisation accordingly, although few people live in the Nordic countries; relatively many biblical scholars have roots there.
