compositions especially as it was revealed to critics when MacDowell performed his own works Lastly the book offers explanations for why MacDowell immersed himself in European culture for decades and then at a crucial juncture in his career embraced diverse American heritages and worked toward a conception of a pluralistic music that was American in a creative sense The book's content and methodology would appeal most directly to specialists within the broad fields of musicology and music theory particularly within American art music and its composers nineteenth century music program music reception history and piano literature John Field and the Nocturne Allan J.
