## **Doublespace Poems 19711989:**

**Doublespace** Hank Lazer,1992 Poetry DOUBLESPEACE is a noble attempt to bridge the chasm between Language poetry and the traditional anecdotal and meditative poetry of the free form mode Free form poetry communicates in disciplined conversational speech one of its important principles Language poetry defies this principle and goes about its work in lines that on their surface are a total mystery to the reader of free form Lazer stands between the two antagonists like a Hercules carrying both on his shoulders adjacent to one another seeking through contact with both the possibility of creating a language that both may be able to draw upon each for its own purpose Or is he trying to say that each has its place in the armory of the modern each with its own means of communication the free form through linear writing and Language poetry through effects of language used consciously in opposition to the conventional There is no question that each mode has its work to do free form to keep the surface of life familiar yet resonant and Language poetry to uncover through indirection via rejection of the familiar surface to win a whole perspective on life and its surface which then will cause new thinking and doing close to contemporary fragmented and outworn culture Hank Lazer has taken upon himself in DOUBLESPEACE to bring the division boldly into the open with the two modes printed side by side under one cover If we are able to continue to debate the issue this then that Lazer has done is what is needed It comes at a moment of historic change in the culture and social arrangements throughout the world David Ignatow

**Poems That Look Just Like Poems** Hank Lazer,2019-04-11 A startlingly direct clear look at daily experience including the graceful changes of direction in consciousness At once a spiritual journal and a pared down writing that arises in part from years of Zen meditation Lazer's book continues an American tradition of spiritual accounting the sacred the holy and the mysterious emerging from daily experience These poems have an inviting simplicity to them They are poems that reward re-reading Hank Lazer is the author of thirty books of poetry most recently *Slowly Becoming Awake* N32 and three volumes of essays His poems have been translated into French Chinese Italian and Spanish

**Poems Hidden in Plain View** Hank Lazer,2016-04-19 La s r nit La paix La tranquillit Le souci du mouvement qui porte toute chose quelle qu'elle soit Voil ce que nous dit Lazer Voil ce que nous dit le prophète La s r nit la paix la tranquillit et le souci du mouvement qui porte toute chose quelle qu'elle soit La s r nit la paix la tranquillit et le souci du mouvement qui nous porte et porte toute chose c'est cela la poésie

**Opposing Poetries: Readings** Hank Lazer,1996 Explains to structural engineers some of the basic equations for analyzing and designing buildings that were devised at the end of the 19th century but were so unmanageably complex to solve that they were displaced by approximation techniques until the recent advent of electronic computer Heyman engineering U of Cambridge warns that some of the equations turn out not to fit reality as close as future occupants of buildings might prefer and explains how to use them and in what context Annotation copyrighted by Book News Inc Portland OR

**Another South** Bill Lavender,2003 Gathers the best work of flourishing but often neglected avant garde southern poets Another South is an anthology of poetry

from contemporary southern writers who are working in forms that are radical innovative and visionary Highly experimental and challenging in nature the poetry in this volume with its syntactical disjunctions formal revolutions and typographic playfulness represents the direction of a new breed of southern writing that is at once universal in its appeal and regional in its flavor Focusing on poets currently residing in the South the anthology includes both emerging and established voices in the national and international literary world From the invocations of Andy Young's Vodou Headwashing Ceremony to the blues informed poems of Lorenzo Thomas and Honor e Jeffers from the different voicings of John Lowther and Kalamu ya Salaam to the visual multi genre art of Jake Berry David Thomas Roberts and Bob Grumman the poetry in *Another South* is rich in variety and enthusiastic in its explorations of new ways to embody place and time These writers have made the South lush with a poetic avant garde all its own not only redefining southern identity and voice but also offering new models of what is possible universally through the medium of poetry Hank Lazer's introductory essay about Kudzu textuality contextualizes the work by these contemporary innovators Like the uncontrollable runaway vine that entwines the southern landscape their poems are hyperfertile stretching their roots and shoots relentlessly at once destructive and regenerative In making a radical departure from nostalgic southern literary voices these poems of polyvocal abundance are closer in spirit to speaking in tongues or apocalyptic southern folk art primitive astonishing and mystic

Reading the Difficulties Thomas Fink, Judith Halden-Sullivan, 2014-02-28 Definitions of what constitutes innovative poetry are innumerable and are offered from every quarter Some critics and poets argue that innovative poetry concerns free association John Ashbery others that experimental poetry is a re staging of language Bruce Andrews or a syntactic and cognitive break with the past Ron Silliman and Lyn Hejinian The tenets of new poetry abound But what of the new reading that such poetry demands The essays in *Reading the Difficulties* offer case studies in and strategies for reading innovative poetry They allow readers to interact with verse that deliberately removes many of the comfortable cues to comprehension poetry that is frequently non narrative non representational and indeterminate in subject theme or message Book jacket
