Doubters Companion:

The Doubter's Companion John Ralston Saul, 2012-11-06 A long and distinguished tradition of writers have used the form of a satirical dictionary to undermine the received ideas of their day Voltaire wrote a sharply humorous Philosophical Dictionary while Samuel Johnson's dictionary of the English language was derisive and opinionated These early dictionaries and encyclopedias were really weapons in a struggle for the soul of civilization between forces of humanistic enlightenment and the forces of orthodoxy and dogmatism Their authors attacked and exposed the half truths of their day by showing that it was possible to think differently about the social and political arrangements that everyone took for granted But as John Ralston Saul argues in this decidedly unorthodox book modern dictionaries have once again been captured by the forces of orthodoxy albeit this time a rationalist orthodoxy Our language has become as predictable fragmented and rhetorical as it was in the 18th century divided as it is by special interest groups into dialects of expertise that are hermetically sealed off and inaccessible to citizens In *The Doubter's Companion* a marvelous subversive contribution to the great 18th century tradition of the humanist dictionary Saul skewers and discredits the accepted content of common terms like Advertising Academics and Air Conditioning defined as an efficient means for spreading disease in enclosed public spaces Cannibal Conservative and Croissant Dandruff Death and Dictionary opinions presented as truth in alphabetical order and several hundred others including Biography a respectable form of pornography Museum safe storage for stolen objects and Manners people are always splendid when they're dead There is much in this volume that will stimulate offend provoke perplex and entertain But Saul deploys these tactics of guerilla lexicography to advance the more serious purpose of reclaiming public language from the stultifying dialects of modern expertise

Retribution Lawrence Clarke, 2011-07-27 Love is never easy especially as a closeted lesbian with a successful career Its even more difficult when you are a closeted lesbian with a penchant for murder Detective Sergeant Kira Lang meets Molly Treacher at a high end lesbian club in downtown Cleveland and the two women fall hard for each other It seems like a match made in heaven until Kira is called to investigate a murder with possible personal connections The victim was a father and husband witnesses say he physically abused his wife and child during dinner so Kira can't feel too bad for what's become of the guy With the appearance of the FBI however her little restaurant

murder turns into something much bigger Worse it may involve the newfound love of Kiras life Agent Barry Truscott plants the seeds of doubt but Kiras intellect waters the plant to full growth Is it possible Could Molly be a serial killer hell bent on getting revenge on her long dead abusive father Kira has her doubts but Truscott has been on Mollys trail for a long time his extensive knowledge of Mollys life and crimes may sway Kiras opinions Even so if Molly is only murdering men who deserve it does Kira want justice served Or will her love for Molly put an end to Truscotts suspicions for good *Fluidity - the way to true DemoKratia* David Campbell,2017-01-29 If we are to save the planet if we are to save democracy we must create a new way That new way is Fluidity Put universal income with a new currency and a monetary flow siphon and you have a stable base to build anew In two parts and 300 pages David J Campbell tells us why our economic and social systems are flawed and how to fix them This is not a flippant we should do this or we could implement that but rather a simple but profound change that harmonises the revolutions that are already radically changing our lives Embracing technological change and innovation from AI to cryptocurrencies Fluidity says a lack of work is a good thing More leisure makes us happier healthier smarter and thus more inventive We do not need our leaders to make these changes but rather we can create a new socioeconomic system in parallel with the old It will make you question your beliefs It will inspire you It will give you answers Fluidity is the future Reflections on War, Diplomacy, Human Rights and Liberalism Adam Hughes Henry,2020-12-01 For most people the idea that extremist ideologies glorify themselves through warfare and commit crimes against humanity and genocide is the natural extension of their moral and philosophical failings As this volume outlines liberal democracies such as Australia and others also glorify in war and they may also at various times engage in support or turn a blind eye to crimes against humanity or genocide However liberal democracies such as Australia the US and the UK among others routinely present themselves as arbiters of liberal values defenders of human rights and guardians of virtue This book explores the obvious contradiction between the ideals of liberalism and how liberal democracies ignore and at times even justify their failure to uphold the principles they espouse B.H. Roberts, Moral Geography, and the Making of a Modern Racist Clyde R.
