## **Dougs Dilemma:**

**The Great Galactic Reset** Quick Savant,2024-12-23 The Great Galactic Reset is a fast paced action packed and surprisingly philosophical romp through the cosmos where a grumpy space trucker his sarcastic AI and an ancient alien race with a terrifying agenda collide in the most absurd of ways Meet Doug Trucker McAllister your typical spacefaring blue collar guy He s got a spaceship a questionable taste in coffee and a sense of humor that s as dry as the space dust he s constantly hauling His days consist of hauling everything from suspicious crates to unpronounceable intergalactic cargo all while trying to avoid any situation that might resemble saving the galaxy Unfortunately for Doug that s exactly what he ends up doing when he stumbles upon a mysterious cryptic crate and suddenly finds himself in the middle of a galactic showdown with an ancient alien race known as The Architects The Architects it turns out have a serious bone to pick with humanity and they re hell bent on resetting the species to something less problematic It s up to Doug who s really only interested in getting paid to stop the reset and keep humanity s mess making potential alive Along for the ride is Freddie Doug s AI companion who loves to channel Kurt Vonnegut Jr s soul and his dry wit and sharp satirical tone Think of Freddie as the perfect blend of snarky commentary existential dread and excellent advice just without the mildly pungent body odor With humor that walks the fine line between absurd and profound The Great Galactic Reset is the kind of story that makes you laugh think and wonder just how far a guy with zero interest in saving the universe will go when he s got an AI constantly reminding him that he has to It s an adventure that pokes fun at humanity s flaws explores cosmic futility and still manages to leave you rooting for the underdog Warning This book may cause unexpected existential musings dry laughter and a desire to never ever haul illegal space bananas

**Derelictus** Quick Savant,2024-12-21 Derelictus Doug Trucker McAllister just wanted to haul space grain pay off his debts and maybe enjoy a semi decent burger occasionally But when the disgruntled space trucker stumbles across a derelict alien ship his life takes a hard left into the absurd Inside he discovers a bizarre ancient DNA archive that doesn t just store genetic material but rewrites reality itself

What starts with a desperate bid to strike it rich turns Doug into an unwitting test subject. He's soon mutating into forms he can't control: a six-eyed philosopher raccoon, a Broadway singing brain, and even a cactus with existential dread. And while Doug battles the constant threat of genetic chaos, his ship's AI Freddie offers the right mix of snarky humor and razor-sharp advice to keep him grounded or at least entertained. As Doug dives deeper into the alien ship's mysteries, he learns that DNA was the last creation of an ancient godlike species capable of bending space-time and biology. Their power tore their civilization apart, leaving only echoes and chaos in their wake. Now Doug faces an impossible choice: embrace the DNA and become the next architect of reality, or destroy it and save himself from eternity as the universe's most unpredictable science experiment. With echoes of *The Martian*'s gritty humor and *Slaughterhouse Five*'s dark absurdity, there is a wildly entertaining blend of slapstick chaos, razor-sharp wit, and cosmic stakes. Doug's journey through transformation, loss, and identity is as laugh-out-loud funny as it is profoundly human. Strap in for a sci-fi romp that's equal parts absurd and awe-inspiring, where the stakes are as high as the humor, and the answers to life's biggest questions might just be found in the DNA of a six-eyed raccoon.
