Bowling Alone: Revised and Updated Robert D. Putnam, 2001-08-01 Once we bowled in leagues usually after work but no longer This seemingly small phenomenon symbolizes a significant social change that Robert Putnam has identified in this brilliant volume *Bowling Alone* which *The Economist* hailed as a prodigious achievement Drawing on vast new data that

reveal Americans changing behavior Putnam shows how we have become increasingly disconnected from one another and how social structures whether they be PTA church or political parties have disintegrated Until the publication of this groundbreaking work no one had so deftly diagnosed the harm that these broken bonds have wreaked on our physical and civic health nor had anyone exalted their fundamental power in creating a society that is happy healthy and safe Like defining works from the past such as *The Lonely Crowd* and *The Affluent Society* and like the works of C Wright Mills and Betty Friedan Putnam's *Bowling Alone* has identified a central crisis at the heart of our society and suggests what we can do

Bowling Alone Robert D. Putnam, 2000 Packed with provocative information about the social and political habits of twentieth century Americans *The Conduct of a Married Life: Laid Down in a Series of Letters ... to a Young Lady ... Lately Married* John Hill, 1754 *Passion, Betrayal, and Revolution in Colonial Saigon* Hue-Tam Ho Tai, 2010-05-14 This is the incredible story of Bao Luong Vietnam's first female political prisoner In 1927 when she was just 18 Bao Luong left her village home to join Ho Chi Minh's Revolutionary Youth League and fight both for national independence and for women's equality A year later she became embroiled in the Barbier Street murder a crime in which unruly passion was mixed with revolutionary ardor Weaving together Bao Luong's own memoir with excerpts from newspaper articles family gossip and official documents this book by Bao Luong's niece takes us from rural life in the Mekong Delta to the bustle of colonial Saigon It provides a rare snapshot of Vietnam in the first decades of the twentieth century and a compelling account of one woman's struggle to make a place for herself in a world fraught with intense political intrigue **The Deportment of a Married Life: Laid Down in a Series of Letters, Written by the Honorable E----- S----- [i.e. Eugenia Stanhope], a Few Years Since, to a Young Lady, Her Relation, Then Lately Married** E----- S----- (Honorable.), 1790 *Among Women* Nancy Sorkin Rabinowitz, Lisa Auanger, 2009-06-03 Women's and men's worlds were largely separate in ancient Mediterranean societies and in consequence many women's deepest personal relationships were with other women Yet relatively little scholarly or popular attention has focused on women's relationships in antiquity in contrast to recent interest in the relationships between men in ancient Greece and Rome The essays in this book seek to close this gap by exploring a wide variety of textual and archaeological evidence for women's homosocial and homoerotic relationships from prehistoric Greece to fifth century CE Egypt Drawing on developments in feminist theory gay and lesbian studies and queer theory as well as traditional textual and art historical methods the contributors to this volume examine representations of women's lives with other women their friendships and sexual subjectivity They present new interpretations of the evidence offered by the literary works of Sappho Ovid and Lucian Bronze Age frescoes and Greek vase painting funerary reliefs and other artistic representations and Egyptian legal documents *Way Down in the Hole* Angela J. Hattery, Earl Smith, 2022-10-14 Based on ethnographic observations and interviews with prisoners correctional officers and civilian staff conducted in solitary confinement units *Way Down in the Hole* explores the myriad ways in which daily intimate interactions between those locked

up twenty four hours a day and the correctional officers charged with their care custody and control produce and reproduce hegemonic racial ideologies Smith and Hattery explore the outcome of building prisons in rural economically depressed communities staffing them with white people who live in and around these communities filling them with Black and brown bodies from urban areas and then designing the structure of solitary confinement units such that the most private intimate daily bodily functions take place in very public ways Under these conditions it shouldn't be surprising but is rarely considered that such daily interactions produce and reproduce white racial resentment among many correctional officers and fuel the racialized tensions that prisoners often describe as the worst forms of dehumanization Way Down in the Hole concludes with recommendations for reducing the use of solitary confinement reforming its use in a limited context and most importantly creating an environment in which prisoners and staff co exist in ways that recognize their individual humanity and reduce rather than reproduce racial antagonisms and racial resentment Way Down the Hole Video 1 <https://youtu.be/UuAB63fhge0> Way Down the Hole Video 2 <https://youtu.be/TwEuw1cTrcQ> Way Down the Hole Video 3 https://youtu.be/bOcBv_UnHIs Way Down the Hole Video 4 https://youtu.be/cx_l1S8D77c Jane Austen among Women Deborah Kaplan, 2019-12-01 Originally published in 1992 In an age when genteel women wrote little more than personal letters how did Jane Austen manage to become a novelist Was she an isolated genius who rose to fame through sheer talent Did she draw strength from the support of her family or from women writers who went before her In Jane Austen among Women Deborah Kaplan argues that these explanations are either misleading or insufficient Austen Kaplan contends participated actively in a women's culture that promoted female authority and achievement a culture that not only helped her become a novelist but also influenced her fiction Women in the Old Testament Irene Nowell, 2017-06-15 The women in the Old Testament too long invisible have rich stories that are vital to the on going revelation of God's relationship with a covenant people Women in the Old Testament introduces readers to some biblical women Here readers meet mothers and wives queens and slaves prophets and warriors powerful women and victims women whose stories offer us courage and insight In Women in the Old Testament Sister Irene explores not only the lives of such well known women as Sarah Deborah Ruth Eve and Naomi but also those of lesser known women such as Michal Tamar and Jezebel Each of these women has unique characteristics each of their stories is food for our imaginations In addition Sister Nowell looks at those Bible stories that tell us what it means to be a woman created in the image of God and that portray God in the image of a woman Biblical stories help us imagine the relationship of God with human beings and they give us words to describe our own relationship with God This introduction to the lives of biblical women encourages readers in adult study groups and those who are interested in the many women in the Old Testament to search for more accounts of biblical women and also to find the narrative of faith reflected in the stories of their own lives Sister Irene begins each chapter with suggestions for readings and includes biblical excerpts Chapters are Women of Israel's Beginnings Sarah and Hagar More Women of Israel's Beginnings Rebekah Leah and Rachel The Maids

Rugged individualism is great for legendary heroes but does it really shape a society that can endure for the long term A massive social transformation is underway driven by technology it requires and is pushing us toward a cooperative culture Our American competitive individualistic culture is outmoded and increasingly ineffective This book presents a new model of cooperation for building a cooperative American and worldwide society True cooperation is a stranger in America The author an expert on medical sociology has conducted research on social stress and cooperative solutions only to find that we call many things cooperation which are not This includes mutual aid in pursuit of shared individual goals democratic decision making equal sharing and compromising True cooperation is a cultural pattern used to organize cooperative social systems Participants are group centered and work to achieve group goals True cooperation produces rapidly adapting information processing social systems that benefit all of the participants These cooperative organizations and societies become our primary and very effective adaptive tools for survival This book shows what true cooperation is and how to do it while also showing how competition and individualism prevent us from truly cooperating and creating a cooperative American and worldwide society This book fills a huge gap in our literature on and understanding of cooperation As such it is of great value
