Down To Marrowbone:

Merman K.Z. Snow,2013-07-17 Mongrel Trilogy Book Two When vampire Clancy Marrowbone returns to Purin province after nearly two years he intends only to visit with his dear friend Fanule Perfidor and find out how his former lover the mortal Simon Bencross is faring But two developments change Marrowbone s itinerary the appearance of a drastically altered man from his past and the reawakening of his passion for Simon Both of these unexpected reunions become increasingly complicated The connection between Simon s new creation a bathysphere like submersible and a clandestine underwater research project results in Marrowbone and Bencross becoming hunted men But sometimes it takes danger to make a star crossed affair seem worth saving **Under Grandad's Cap** Patrick Behan,2017-07-13 Autobiographies are

usually the preserve of celebrities or politicians those who were born great achieved greatness or had greatness thrust upon them Patrick Behan falls into none of the above categories In the 87 years he spent on this planet he lived an ordinary life seldom straying from his native Dublin He was not a witness to momentous events he simply got on with his life and raised his family as best he could A popular fallacy is that an ordinary life is by extension uninteresting In this random sequence of tales and reminiscences we are led through a life full of fascinating memories combined with recollections of a local history that is fast fading from human memory Whether it is driving the turf by horse and cart into Dublin city centre or watching film star Tom Mix ride a white horse up James Street in full cowboy regalia the reader is treated to a slice of Dublin life as seen from the point of view of one of its ordinary citizens **Quests** David M. Mongrel Trilogy K.Z. Snow,2016-04-29 One day a shadow is cast on the Mechanical Circus a rollicking seaside carnival where imagination meets machinery when a tall cloaked figure approaches the stand of Will Marchman a young patent medicine salesman Thus begins the adventures of Will Fanule Perfidor commonly known as the Dog King vampire Clancy Marrowbone and Clancy s former lover the mortal Simon Bencross *Slang and Its Analogues Past and Present: Ice to Hyps* John Stephen Farmer,1896 *Storm Data* United States. Environmental Data Service,2002 *Pushers Out* André Lyder,2005 For two decades Dublin working class communities in the face of official neglect fought to overcome an epidemic of heroin abuse that engulfed them Led variously by the Concerned Parents Against Drugs CPAD and the Coalition of Communities Against Drugs COCAD organisations the campaign captured headlines as a result of the policy of directly

confronting drug pushers At the same time pressure was continually applied to the government and statutory agencies for concerted action to address the drug crisis While successful in mobilising communities and impacting on the heroin problem the campaign was marked by continuous conflict with the authorities and dogged by criticisms of vigilantism and of being a front for the Irish Republican Army IRA Pushers Out which fully addresses these charges is a detailed account of the development of the heroin problem in Dublin and the response of the affected communities It is the engrossing story of the anti drugs movement as seen through the eyes of one of its most prominent campaigners The well written memoir provides for the first time the inside story of a campaign described as undoubtedly one of the most significant social movements to emerge from Dublin s working class communities *History of Davidson County, Tennessee* W.
