Michael R. Fein

Down The Asphalt Path:

Down the Asphalt Path Clay McShane, 1994 McShane begins with mid nineteenth century municipal bans on horseless carriages a response to public fears of accidents and pollution After cities redesigned roads to encourage new forms of transport especially trolley cars light carriages and bicycles the bans disappeared in the 1890s With the advent of the automobile metropolitan elites quickly and permanently established cars as status symbols Down the Asphalt Path also explains the escapist appeal of the motor car to many Americans constrained by traditional social values **Hell on Wheels** David Blanke, 2007 A fascinating look at the rise and growing popularity of the automobile during the first half of twentieth century America which brought with it a dark undercurrent On the one hand Americans embraced the newfound sense of freedom and mobility embodied by the automobile on the other they grew increasingly anxious about and fearful of the enormous threat that cars and car accidents posed to public safety **A Fierce Discontent** Michael McGerr, 2010-05-11 The Progressive Era a few brief decades around the turn of the last century still burns in American memory for its outsized personalities Theodore Roosevelt whose energy glinted through his pince nez Carry Nation who smashed saloons with her axe and helped stop an entire nation from drinking women suffragists who marched in the streets until they finally achieved the vote Andrew Carnegie and the super rich who spent unheard of sums of money and became the wealthiest class of Americans since the Revolution Yet the full story of those decades is far more than the sum of its characters In Michael McGerr's **A Fierce Discontent** America's great political upheaval is brilliantly explored as the root cause of our modern political malaise The Progressive Era witnessed the nation's most convulsive upheaval a time of radicalism far beyond the Revolution or anything since In response to the birth of modern America with its first large scale businesses newly dominant cities and an explosion of wealth one small group of middle class Americans seized control of the nation and attempted to remake society from bottom to top Everything was open to question family life sex roles race relations morals leisure pursuits and politics For a time it seemed as if the middle class utopians would cause a revolution They accomplished an astonishing range of triumphs From the 1890s to the 1910s as American soldiers fought a war to make the world safe for democracy reformers managed to outlaw alcohol close down vice districts win the right to vote for women launch the income tax take over the railroads and raise feverish hopes of making new men and women for a new century Yet the progressive movement collapsed even more spectacularly as the war came to an end amid race riots strikes high inflation and a frenzied Red scare It is an astonishing and moving story McGerr argues convincingly that the expectations raised by the progressives utopian hopes have nagged at us ever since Our current less than epic politics must inevitably disappoint a nation that once thought in epic terms The New Deal World War II the Cold War the Great Society and now the war on terrorism have each entailed ambitious plans for America and each has had dramatic impacts on policy and society But the failure of the progressive movement set boundaries around the aspirations of all of these efforts None of them was as ambitious as openly determined

to transform people and create utopia as the progressive movement We have been forced to think modestly ever since that age of bold reform For all of us right center and left the age of fierce discontent is long over **The River of History** Peter Farrugia,2005 The articles in this collection are dedicated to the proposition that human beings make history not just in the sense of being agents of change in the here and now but in the sense that we interpret appropriate and make use of the past for our own purposes in the future Covering topics that range from teaching history to the concept of property rights and the discipline of history in the television age these essays will radically alter the notion of how we make history It will show that we are never fully able to bend history to our will and that as we attempt to do so we are often shocked at the turns it takes despite our best efforts to shape it for future generations **Down** Mark Adam Kaplan,2014-03-14 15 year old Leon Mendoza has enough to worry about trying to stay in the eighth grade and out of lock up With a depressed mother a father in jail and his homies worried that he ll turn snitch Leon s only chance is to keep it together at school and hope for a break from the judge When he steps in to keep a younger kid from being bullied at school he sets off a series of events that threatens to tear his chances of survival to pieces Can a proactive P O a part time job and the love of a decent girl be enough to turn Leon s luck and keep him out of lock up *Carian Trail: A Guide to Walking Routes in SW Turkey* Altay Ozcan,Dean Livesley,Yunus Özdemir ,2013-06-01 Climb through pine scented forests to discover ancient ruins and swim in turquoise waters from secluded coves All this and more awaits the intrepid hiker in search of new adventure 800 km of ancient roads shepherd paths and forest trails all con nected to form Turkey s longest walking path 220 signposts point the way and over 33000 waymarks stop you from getting lost www.cariantrail.com [The Mechanical Horse](#) Margaret Guroff,2018-01-04 In this lively cultural history Margaret Guroff reveals how the bicycle has transformed American society from making us mobile to empowering people in all avenues of life Book jacket [The Street Is Ours](#) Shawn William Miller,2018-08-02 A compelling history of the impact of automobiles on the streets of Rio de Janeiro **Hiking Slovenia's Juliana Trail** Rudolf Abraham,2023-07-24 A guidebook to hiking Slovenia s Juliana Trail a circular route through the Triglav National Park Covering 330km 206 miles this trek in the Julian Alps takes around 3 weeks to walk and is suitable for beginner and experienced hikers alike The route is described clockwise from Kranjska Gora in 20 stages each between 8 and 22km 4 14 miles in length The route is split into a 270km 168 mile circular route around Triglav and a 60km 37 mile extension to the Brda wine region Several side trips are also described to places of local interest 1 50 000 maps included for each stage GPX files available to download Refreshment transport and accommodation information given for each trek stage Advice on planning and preparation Highlights include Lake Bled Soca Valley and Tolmin Gorges *Inventing Autopia* Jeremiah B.C. Car Country Christopher W. Wells, 2013-05-15 For most people in the United States going almost anywhere begins with reaching for the car keys This is true Christopher Wells argues because the United States is Car Country a nation dominated by landscapes that are difficult inconvenient and often unsafe to navigate by those who are not sitting behind the wheel of a car The prevalence of car dependent landscapes seems perfectly natural to us today but it is in fact a relatively new historical development In Car Country Wells rejects the idea that the nation's automotive status quo can be explained as a simple byproduct of an ardent love affair with the automobile Instead he takes readers on a tour of the evolving American landscape charting the ways that transportation policies and land use practices have combined to reshape nearly every element of the built environment around the easy movement of automobiles Wells untangles the complicated relationships between automobiles and the environment allowing readers to see the everyday world in a completely new way The result is a history that is essential for understanding American transportation and land use issues today Watch the book trailer <http://www.youtube.com/watch?v=48LTKOxxrXQ> **Alpe-Adria Trail** Rudolf Abraham, 2016-06-29 This is the first English language guide to the epic new 750 km hiking route through the mountains of Austria Slovenia and Italy from the foot of the Grossglockner at 3 798m the highest peak in Austria and the Eastern Alps to Muggia near Trieste on the Adriatic coast Detailed maps and route descriptions for all 43 stages of the route are included with a clear breakdown of time distance and ascent for each stage Published in a small handy sized format which is easy to pack and carry it is written by an expert who has authored over half a dozen hiking guides and who specialises in Eastern and Central Europe He has been a regular visitor to the borderlands of Slovenia Austria and Italy for over 15 years as well as living for two years in neighbouring Croatia The Alpe Adria route is well marked relatively easy to walk and is suitable for hikers of all abilities as well as families a point which is emphasised in the guide The route takes in spectacular unspoilt mountain scenery alpine lakes rolling coastal hills beautiful villages and several national parks and nature reserves An introduction covering the history wildlife flora and geography of

the area is included along with accommodation details for each stage and information on local public transport culture food and language

Paving the Way Michael R. Fein, 2008 Tells the surprising story of how road construction helped to pave the way to the modern American state Shows how the growing transportation needs of a steadily industrializing population changed political order from local to state and ultimately to federal governance

Remains of Life Wu He, 2017-04-11 On October 27 1930 during a sports meet at Musha Elementary School on an aboriginal reservation in the mountains of Taiwan a bloody uprising occurred unlike anything Japan had experienced in its colonial history Before noon the Atayal tribe had slain one hundred and thirty four Japanese in a headhunting ritual The Japanese responded with a militia of three thousand heavy artillery airplanes and internationally banned poisonous gas bringing the tribe to the brink of genocide Nearly seventy years later Chen Guocheng a writer known as Wu He or Dancing Crane investigated the Musha Incident to search for any survivors and their descendants *Remains of Life* a milestone of Chinese experimental literature is a fictionalized account of the writer's experiences among the people who live their lives in the aftermath of this history Written in a stream of consciousness style it contains no paragraph breaks and only a handful of sentences Shifting among observations about the people the author meets philosophical musings and fantastical leaps of imagination *Remains of Life* is a powerful literary reckoning with one of the darkest chapters in Taiwan's colonial history

Downtown Robert M. Fogelson, 2001-01-01 Annotation *Downtown* is the first history of what was once viewed as the heart of the American city Urban historian Robert Fogelson gives a riveting account of how downtown and the way Americans thought about it changed between 1880 and 1950 Recreating battles over subways and skyscrapers the introduction of elevated highways and parking bans and other controversies this book provides a new and often startling perspective on downtown's rise and fall

Down The Asphalt Path: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Down The Asphalt Path : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
